25 Per Cent Reduction in State Income Tax Reported Last Night

Streaks of silver lining in the usual dark cloud of state income taxes are the 25 per cent reduction and the higher personal exemptions.

HELPED HER IN EVERY WAY

So Writes Mrs. Trembley of Sharon Vt., Concerning Lydia E. Pinkham's Vegetable Compound

Sharon, Vermont.—"I was weak and run-down, had a tired feeling and bearing-down pains. I saw an advertisement in the newspaper about Lydia E. Pinkham's Vegetable Compound and began taking it. It has stopped these bearing-down pains and other bad feelings, and has helped me in every way. I have no more faith in the Vegetable Compound than I keep it on hand all of the time and recommend it whenever I have the opportunity."—Mrs. LEWIS TREMBLEY, Sharon, Vermont.

Glad to Help Others
"I had pains in my back and sides for many months and my work would have to be left undone at those times. My sister told me what good Lydia E. Pinkham's Vegetable Compound was doing to her, so I tried it, and from the third bottle I was well and everything I thought I looked better. I am glad to help others regain their health and you may use my testimonial."
MAE L. HARTMAN, 1824 Greene Ave., Brooklyn, N. Y. You must believe that a medicine that has helped other women will help you.

From WGY at Schenectady, First Assistant Director James T. Somers, of the State Income Tax Bureau, talked; District Director William M. Mahan spoke through the microphone and District Director Henry Selphelmer used the microphone to explain the details. These three powerful stations are picked up on crystal and tube sets in practically the entire state, so the income tax bureau established a precedent in radio history by diffusing a wave of information to every border of the state.

These officials accented the real thought behind the new 25 per cent maintenance as the direction to taxpayers to personally make this cut in their tax payment. They referred to thousands of returns coming in since the passage of this measure with full tax payments, and could not, without the point of view of those persons who prefer to wait a few months until their returns are reached in audit for those rebates rather than go ahead and make the subtraction an actual saving when filing the return.

They explained that where returns were put in with the full payment, it is impossible to locate these originals in the bureau because they are among many returns. It is impossible to locate these originals, they stated, for taxpayers are not asked for a refund in any case; thus, a refund is all made when the returns are reached in audit without any action on the part of the taxpayers. No refunds are being made at this time, nor can they be undertaken until the expected one million returns are ready for review.

Further, where checks have been sent in for the full payment, taxpayers are asked not to make payments on them but rather let them go through their banks and await the refunds to be made by the bureau.

BATH ROTARY CLUB MEETING

Rev. Lewis E. Ward, New Pastor of St. Thomas', Gave Fine Talk

BATH, Mar. 15.—The weekly meeting of the Bath Rotary Club was held at noon yesterday at the Travelers' Inn. The meeting was characterized by its excellent attendance, but three members of the club being absent. The club was fortunate in having among its guests the Rev. Lewis E. Ward, the new pastor of St. Thomas Episcopal Church. Mr. Ward embraced the invitation of President Campbell to address the club and talked both interestingly and inspiringly on "The Cardinals of Rotary—Friendship and Fellowship."

Mr. Ward dwelt upon the advantages of the weekly convocation of the men of any community, who brought together socially become better mutually aware of their worth, developing a marked degree of fellowship and friendship which redounds to the upbuilding and development of any community, spiritually, physically and from point of ability for world-wide undertakings. He punctuated his address with an entertaining line of facetious anecdotes. Mr. Ward's remarks were received with acclaim on the part of the Rotarians. Mr. Ward was introduced by J. H. Moore, who spoke in his usual happy vein.

Coach Cramer kept up the police by adopting last week, and called fouls for bodily contact, number personal being declared. Six were called on the second year men and 15 on the fourth. The Sophs could only make four out of 18 shots which cost them the game.

Niewerth started for the Sophs with nine of their 16. Hallahan also played a good game, finishing up five points. Gray and Barker were towers of strength for the Sophs, each getting 10 points. Barker got two pretty long shots. The second game will be played this evening. If the Seniors win, they get the cup, if the Sophs win, the deciding game will probably be played next Friday.

The Academy went down to a slugging defeat at the hands of the Painted Post High school at the Elmira Army last night, 15-7. DELANEY WINS BRIDGEPORT IDOL PUTS PAUL BERENBACH AWAY IN THE FOURTH ROUND

NEW YORK, Mar. 15.—Jack Delaney, fast and hard hitting Bridgeport, Conn., middleweight, today occupied the pedestal of pugilistic prominence from which he toppled New York's latest ring idol, Paul Berenbach, last night at Madison Square Garden. Outclassing his rival in every round, Delaney knocked out Berenbach in the fourth round of a spectacular bout that drew a capacity crowd of more than 14,000 the wildest demonstration in the history of the sport has witnessed this season. Delaney's victory abruptly checked the knockout streak of Berenbach, who had flattened 23 consecutive opponents.

Berenbach's defeat was strikingly reminiscent of the variety that has been realized on his part. This time, however, "Farelyzing Paul" was himself "paralyzed."

Delaney's blow, a smashing right to the jaw that sent him down for the count of four, came in the third round and did much to have paralyzing effect. Berenbach, who had been leading the round and gamely withstood additional punishment until the end of the fourth, but he never rallied after that punch. The situation was similar to that for successive counts eight in the fourth round, after which the referee stopped the fight. Berenbach, leaning helpless against the ropes, obviously unable to go on.

Jim Jeffries had no great experience before reaching the top. But before and afterward Jeffries took more than his share of punishment. He was a fort to be blasted out of the ground, as hard to hurt as a buffalo.

Berenbach has picked up a new game quickly. Twenty-two consecutive knockouts left that part of the story more eloquently than any trainer's blarney could. But Berenbach began as a wrestler, where shooting a punch or blocking correctly is hardly yet an instinctive art.

The main idea in learning a game young is to acquire form and instinct, for when it comes no longer necessary to think how a thing is done.

A competitor in any game is supposed to think, but not about the mechanical way of hitting or swinging.

"AL" RITCHIE IS RELEASED

Case Thrown Out of Court and Mrs. Kinney is Held for Perjury

"Al" Ritchie, of Elmira, formerly of Corning, who has been on trial in Federal court in Buffalo on charge of a violation of the Mann-Whitney slave act, following affidavits made by Mrs. Mary Kinney, secured his freedom yesterday when Judge A. H. Hazel threw the case out of court. Mrs. Kinney, the accuser, was ordered held in custody charged with perjury. The case was thrown out of court because of contradictory statements made by the witness. In an affidavit made to Commissioner McDowell by Mrs. Kinney, Ritchie was accused of taking her from Hornell to Scranton, Pa., for immoral purposes. She testified to court that the statements were untrue and that they had been made by her while under the influence of narcotics and liquor. On being recalled to the witness stand Friday Mrs. Kinney testified that she was "dead drunk" on the trip to Scranton and that her mind was hazy at all times. Her only recollection of the trip, she said, was when her mind cleared for a moment while she believed that she was passing through Niagara. She did not recall seeing Ritchie in the car. The Kinney woman repudiated every important fact in the case against Ritchie until Judge Hazel realizing that the trial was useless, ordered it thrown out of court.

SINCLAIR

--Pure Gasoline and Oil

Buying gasoline at random — where you happen to be—is a poor policy. A lot of gasoline is a mixture of gasoline, kerosene, and what is called "casing-head" gasoline—that is an extremely volatile liquid that is made from compression of the natural gas escaping from the wells.

The use of this mixture in your car will cause the engine to knock and sputter. Unsatisfactory performance is bound to result while the consumption of both motor oil and gasoline will increase, your motor will gather carbon, and the cost of repairs will increase.

Sinclair gasoline and motor oil are always pure and uniform. Each will always give complete satisfaction.

Sumner when arraigned this morning in City Court was represented by Attorney Thomas F. Rogers and pleaded not guilty. A jury trial was demanded which was scheduled for Thursday morning and bail was fixed at \$1,000. The following jury was drawn for the case: Bert Hathaway, East Putney street, Chester McQuade, East Second street, H. C. Chamberlain, William street, Thomas McBurnett of Bridge street, E. B. Hendrick, Gorton street, Menzo Hoiler, East Putney street, Fred Fitch of Bridge street, Andrew Hall of Steuben street, H. R. Stever, of Decatur street, H. E. Painter of Woodview avenue, T. E. were taken to the Bath-jail this afternoon. Mrs. Lulu Holiday, who lives at 71 East Market Street and who was arrested last Wednesday was arraigned this morning on a charge of abduction. She pleaded not guilty and waived examination being held to await the action of the grand jury. Under the statutes Judge Wheeler was unable to fix the bail and she was taken to Bath jail this afternoon. Mrs. Holiday was arrested following affidavits made by two young Corning girls both under 18 years of age who stated that they had been harbored by the defendant for immoral purposes. District Attorney Cheney who is assisting the police department in this wholesale clean-up appeared in court this morning to prosecute the cases. According to Mr. Cheney and Police Chief Hamner this is the beginning of a general moral clean-up in the city. The District Attorney said this morning that he was going to see the matter through to the end.

PAINTED POST FANS PLEASED

Are Jubilant Over Victory of High School Quintet, County Champions

PAINTED POST, Mar. 15.—The whole town is wild over Painted Post's victory last night. Excited fans are everywhere congratulating the team, the coach and everybody in general. It is the first championship which the Post can claim and it certainly is appreciated. Last night when the team arrived from Elmira, a delegation of the fans was there to meet them. Fire crackers were shot off, the Baptist Church bell was tolled, a cheering squad was organized, in fact everything was done to finish off the evening. The Post has at last obtained their objective. They have won a county championship, and it is hoped that Painted Post is at last off to a successful career and to many other championships in the county league and perhaps in the state league.
