AROUND-THE-WORLD FLIERS

WILL GET NEW ENGINES UPON ARRIVAL IN BRITISH ISLES

CONSTANTINOPLE, July 12.—(By A. P.) The American army fliers engaged in a round-the-world attempt have been delayed here following their arrival from Aleppo Thursday through the desire of the Turkish authorities to examine their three machines. The flyers had intended to leave for Yerevan the morning following their arrival, but the Turkish inspectors insisted upon a delay while several of their aviators and military officers inspected the planes.

Lieutenant Lowell Smith, the commander of the flight, and his five crewmen had an uneventful trip from Aleppo, which they left at six o'clock Thursday morning.

Aerial conditions were not of the best but this proved no handicap. The fliers say the country looked refreshingly green and the monotonous aspect of the Persian and Mesopotamian deserts.

The engines will be replaced with new ones at Brough, on the northern tip of Scotland, where pontoons will be substituted for the wheeled landing gear preparatory to the passage of the Atlantic. Their route for this part of the trip lies over the Orkney and Faroe Islands, Ireland, Greenland and thence to Labrador. The aviators do not expect it to be as arduous as the long over the Pacific during which they encountered a series of blizzards.

Mr. Hull, who had lunched with Mr. Davis today, explained that the flight was being postponed pending the re-organization of the committee, he said that about a month would be required from such active service. He said that Mr. Davis had been in the air in nearly three years and that he had not been able to give some attention to his private life.

SINGLE BROADCASTING

To Serve World

LONDON, July 12.—(Associated Press.) The whole civilized world will eventually be served by a system of radio broadcasting made by W. J. Brown of the Westinghouse Electric and Manufacturing Company of the United States.

The system, it was stated, would be based on the use of soundless short waves sent out by small local stations, which would rebroadcast them on audible wave lengths. The possibility of this new system was proved last year, it was said, by tests between KDKA at East Pittsburgh, Pa., and QAC at Manchester, England.

Mr. McAdoo, before sailing for Europe, said he would give the Davis-Bryant ticket his "cordial support" and that he would take part in the campaign on his return in September.

"It is gratified that Mr. Davis is in accord with the progressive program outlined in the Democratic platform," said Mr. McAdoo. "I am confident that as president he would faithfully execute the party's mandate."

Referring to criticism from some quarters against Mr. Davis as a lawyer, Mr. McAdoo said: "Mr. Davis' high character, integrity, and services should satisfy every apprehension of this work."

Mr. McAdoo's statement in this was as follows: "Mr. Davis and I have been friends for the past twelve years. I have had the pleasure of discussing the merits of his platform with him yesterday. The great body of his platform is sound and logical. It is a platform of the future."

Elmira Institution Bulletin Happenings of Interest to Corning and Vicinity People

New Students Enter; Graduate Reports on Position; Suggestion of How to Save a Month

Graduates Mr. R. Harold Clarke of Galeton has completed the Business Administration Course and received his Certificate of Graduation Friday. Mr. Clarke is being referred to his position.

Accepts Position It was a pleasure to receive a letter from Nicholas Grimaldi of Corning, N. Y., writing from Duquesne, Penna. "I have accepted the position you referred to me and I certainly do like the work," the Manager and the people of the town. Nicholas was one of our best graduates of the Secretarial Course. Success, Nicholas.

Monthly Reports Meeker's Business Institute sends monthly reports to each parent or guardian and each parent is asked to make a return report to the Institute. The reports bring us the reply from one mother. She says "We feel very proud of our son, who is a gentleman. We are certainly proud of our son in your school." It is not only in his work but in his character that he is a gentleman. We are certainly proud of our son in your school. It is not only in his work but in his character that he is a gentleman. We are certainly proud of our son in your school.

New Students Miss Edna Brock of Canton, Penna., and Miss Elizabeth Gifford of Corning, N. Y., entered the Business Administration Course. Mr. Robert DeLaney of Sarre, Pa., Miss Mary Field, Elmira, N. Y., and Miss Margaret Smith of Elmira, N. Y., entered the Business Department and entered the Shorthand Department to complete their course. Miss Elizabeth Shreelander of Elmira, who was with us in 1917, returned to receive her diploma for special review work.

The School That Serves Many registered students are taking month courses. They will return to their studies August 1 or September leaving nearly a year of advanced studies. This is one of the largest summer sessions of the Institute. During the month of June, we have had just as many calls for young people to become office assistants as we have had for students. This is one of the largest summer sessions of the Institute. During the month of June, we have had just as many calls for young people to become office assistants as we have had for students.

Learn Shorthand and Typewriting Every young man and woman should learn Shorthand and Typewriting. These are the two most important professions today without which no one can get on in the world. Therefore it pays to learn shorthand, typewriting and business methods.

Makes a Record Mr. James Ketchum of Canton, Penna., has completed his work in the Junior Accounting Course and received his diploma. Mr. Ketchum has made a record in his work in school, having completed his course in the shortest time of any student who has pursued this course. His remarkable progress comes entirely from hard work and demonstrates the saving that may be made in tuition and other expenses by close application to one's work.

On Visit Mr. Edwin Brown, Principal of the Business Department, is spending the week end in Bethlehem, where he is to be married. Mr. Brown returned to Bethlehem.

Begin School August 4 To every prospective student: Why wait until September to begin your school work? To begin in August is to save a month in time and to save a month's money. A position one month sooner and the opportunity of the salary for that month. Time is money. Think it over.

Office Opens The office of the Institute is open daily during business hours. Parents and prospective students should call at the Institute and receive the course and fee schedule for the needs and requirements for a successful business career. If you cannot call, we shall be pleased to send you the same.

Experienced Drivers Not to Be Required to Take Exam Under New Statute

Final decision by the state legislature that experienced motorists need not be required to pass an examination to obtain automatic licenses, was announced today by the new motor vehicle law, which was passed by the legislature.

This decision has been made because of the physical impossibility of examining 1,500,000 motorists in the state before Oct. 1, when every driver must have a license. The committee on the subject of the new motor vehicle law, headed by Charles A. Hartnett, commissioner of the new motor vehicle bureau, has decided. It was declared that 100 inspectors who will work up to the date of the law require that they have licenses.

The inspectors probably will be in the field by Aug. 1, it was said. Flouting the new law, it was said, is a crime. The new law requires that they have licenses. The inspectors probably will be in the field by Aug. 1, it was said. Flouting the new law, it was said, is a crime.

Swarm of Bees Disregard Traffic Sign and "Park" On Officer's Umbrella

Traffic officers at Pine and Main streets have been troubled with most everything from broken wagons to "blind" drivers, but yesterday afternoon while the traffic was moving along, a swarm of bees was seen to disregard the traffic sign and "park" on the officer's umbrella.

Everything went well until they began to swarm about the car, and then he tried to get them to move on to their destination. After attempting three times to dislodge the unwelcome visitors the bees started for Pine Street square.

The big wine was set in place last week and the "ocean waves" which arrived a day or two ago, will be hit with a "cold" water. The playground equipment will be quite complete with a large and box, a "side-spring" and a "dollar" house for the girls, the big swing and the big slide.

The suggested groups and the visitors tentatively are: Group One—Fruitburg, Hammondsport and Pulney, and would be visited by a team consisting of the Board representative, Mr. Renwick for Women's work, Mr. J. W. McCall, on October 28, 29 and 31.

Group Two will include churches at Colton, Howard, Atlanta and would be visited by a team consisting of the Board representative, Mr. J. W. McCall, on October 28, 29 and 31.

Group Three will include churches at Painted Post, Corning, Hammondsport and Pulney, and would be visited by a team consisting of the Board representative, Mr. J. W. McCall, on October 28, 29 and 31.

DRIVERS ARE REQUESTED TO WITHHOLD APPLICATIONS FOR LICENSES UNTIL AUGUST 15

Update automobile drivers who will require licenses on October 1, are requested to withhold their applications for licenses until August 15. This is because of the new motor vehicle law, which requires that drivers have licenses by October 1.

The new motor vehicle law, which requires that drivers have licenses by October 1, is a very important law. It is a law that will save lives and will save money. It is a law that will save lives and will save money.

MATEUR SPORTS AND LEADERS

Not Entirely Sport BUT--

As a pitcher for the Corning Free Academy last season, Bernard Cushing has a record that few high school pitchers, if any, can equal.

During the season Cushing pitched in six games, winning five and losing none. He worked 44 innings and allowed but 10 hits, an average of less than four a game. He allowed but 12 free passes, hitting one batter and walking one.

In the 44 innings that he worked Cushing fanned 33 batters, an average of 19.2 a nine inning game. Only one earned run was scored against him in the 44 innings.

The exhibition game with the Alumnus is not figured in the record. Cushing lost this game 8-0 but only allowed the old timers one hit and fanned 11.

Since leaving school Cushing has had several one and two hit games to his credit. Several weeks ago at South Corning he pitched 20 hit, 20 runs game against Savona.

Cushing also led the Academy with the stock, having an average of .44 for the season. His fielding average was .818.

"Aren't you going to bob your hair?" "Well, you know, I can't decide whether to bob it or hand it."

Earl Combs, prosing Yankee outfielder, whose leg was broken in a contest at Cleveland several weeks ago, may be able to return to the game by August 15. Combs has returned to New York.

Leon Cadore, former Dodge star, has been unconditionally released by Vernon in the Coast League. It is said Cadore failed to return late form. Cadore pitched in the famous series with the Athletics several years ago.

The peculiar thing about the Veterinary Club's pitching staff is the absence of left handers, there being six starbatter fingers on the roster at present.

There is no desire to add pitchers as the right handers are the best pitching staff in the state and are the mainstay of the club's success. Dutch Ulrich, a veteran Moose Fuller are top of their mates in victories.

A fellow as Ann Arbor has brought suit because the second-hand car he bought "sounded like a creaking machine" and he was unable to consider himself lucky that it didn't sound like a second-hand car.

Jim Roberts, purchaser of the Robbins from Little Rock for about \$13,500, was supposed to report to the Illinois state board, but hasn't been heard from.

The Olympic games are proving a tremendous loss financially to the French. But it is all right, they were insured against loss.

The Imperials are playing the Wellboro Blue Sox this afternoon at Wellboro, Pa.

FAST CONTEST IS SCHEDULED AT SO. CORNING

Kaysees and Local Team are Slated to Battle Tomorrow Afternoon

The Knights of Columbus team of this city will meet the South Corning nine at South Corning Sunday afternoon and they are guaranteed a snappy contest.

The South Corning nine has been traveling at a fast clip for the past month and has trimmed visiting in eight including the Corning baseball club, the Savona nine, the Delaware Y. M. C. A. and the last Patch Athletic Club teams of Elmira.

Lloyd Conable, star twirler of the Corning Elks, is slated to pitch for South Corning. The Knights have not announced their pitcher but it is likely that "Joe" Moore, brother of the Rochester ace, will start on the mound.

Moore pitched against the South Corning nine last week and although defeated 4-3 pitched splendid ball. Corning fans look for the young pitcher to halt the winning streak of the South Corning nine.

The SPORTS EDITOR

To-morrow brings the Marathon. Here is the one-top feature of all Olympic games, the most historic of all competitions—the contesting of all kinds of races.

The duel between Dorando of Italy and Johnny Hayes still holds its place as one of the most startling of all the sporting drama.

There has been nothing in sport so gripping a vast crowd as the appearance of Dorando, entering the stadium at London in 1904—a corpse just risen from the grave, gray white, with the set eyes of the dead—lumbering, reeling, falling and rising with the help of assistants, but still struggling on.

Hayes finished without aid just back of Dorando who was carried over the line, now unconscious, amid a silence as deep as that of some great tomb.

BROWNING ON PHELIPIIDES
The first of all the Marathon runners was Pheleippides, the Greek hero, who brought the news of triumph from Marathon to Athens.

Here is the story of Pheleippides in the words of Robert Browning:

Then spoke Miltiades:—"And thee, best runner of Greece, Whose limbs did youth indeed—what gift is promised thyself? Tell it us straightway—Athens the mother demands of her son!"

South blushed the youth; he paused; but living at length His eyes from the ground, it seemed as if he gathered the rest of his strength.

Into the utterance—Pan spoke thus: "For, what thou hast done Count on a worthy reward! Hereforth be allowed thee possession From the racer's toil, no vulgar reward in praise or in pit."

"I am bold to believe Pan means rewarding the most to my mind! Fight I shall, with you foremost, wherever this fennel may grow; Pound, Pan helping us, Persia to beat, and under the deep, Whom her away forever; and then, no more Athens to save; Marry a certain maid I know keeps faith with the brave."

Unforswearing one! Yes, he fought on Marathon day; So, when Persia was dust, all cried: "To Akropolis!" Run, Pheleippides, one race more! the deed is his due! Athens is saved, thank Pan!" so shout; he flung down his shield. Athens is saved, thank Pan!" so shout; he flung down his shield.

So to this day when friend meets friend, the word of salute Is still "Relejo!"—his word while the feast is indeed. So is Pheleippides happy forever—the noble strong man Who could race like a god, bear the face of a god, whom a god loved

He saw the land saved had helped to save, and was suffered to tell Such tidings, yet never decline, but gloriously, as he began, So to end gloriously—once to show open to the sun, "Athens is saved!" Pheleippides dies in the shout for his deed.

MOORE LOSES

CLOSE GAME

Poor Support Given Corning Led Now With Rochester Drops Team to Fourth

ROCHESTER, July 12.—Ancient John Exman pitched Rochester out of third place and Bernies Brans back in there yesterday at Baseball Park in the second game of the series. The Bears' margin was one run, 3, 2.

Will Moore, the Corning youth, losing another close game, his second of the week.

Ancient John came back to the International League two weeks ago after a tenure of service in the Southern Association. The owners, except possibly the managers who control the bears, expected John had seen his last days in Class A ball. But the Toole circuit without John. Ancient John would be like the Follies without Ann Pennington, and yesterday he gave evidence that the old right arm can still battle a Rochester club. It is an old, old story.

Exman's was better Rochester. He used to work the charm in the days of Tim Powers, and he still can do it.

The Tribe outlast the Bears, 8 to 7, but they didn't beat Moore with the same degree of hustle. John Jenkins gave the Bears their first run, a rally in the fourth, with a low throw from pitcher to a lighter defense in the seventh.

Moore has prevented the seventh run.

NEW YORK AMERICAN

TEAM REACHES TOP

GIANTS BEAT BROWNS

When Washington Loses to Detroit Results Favor Yanks; Several Close Contests Yesterday

NEW YORK, July 12.—New York American baseball team, which slipped below Washington on the major league board almost three weeks ago and at one time sank as low as third place, finally has recovered and Yankee shareholders today are rejoicing in the hope of championship dividends.

For the past few days the Senators have been the victims of a series of defeats and are now clinging to second place by a one game margin.

Manager Evers of the White Sox, unfortunately trotted out his minor league stars, including Iragorri and Iragorri, in an effort to even the series with the Yankees. But Hughes' men convinced the Truitt in the third inning that minor league stars were not the answer.

Lyons and Shaik succeeded the rookies in the fourth but the world champions kept on hitting and pounded out a 12 to 9 victory. Five home runs, including Ruth's 24th, and Falk's blow with the bases loaded in the third, were the factors.

Walter Johnson, after holding Detroit to two hits until the eighth, weakened and Washington lost a 4 to 3 decision to the Tigers. The win gave Cobb's cohorts three out of the five games.

St. Louis ousted Chicago from fourth place by splitting a twin bill with Boston. The Browns won the first 8 to 1 and lost the second 7 to 6. Winans' pitching was the factor.

EXPERIMENT ON DURING TRIAL

Officer Hammonds Used in
Frame Test Similar to
Bars at City Jail

There was considerable excitement in County Court yesterday afternoon during the trial of Joseph Babio when Patrolman Harry Hammonds of the city police force alleged to be considerably heavier than the defendant, successfully demonstrated that he was possible for him to crawl through the window which Babio is alleged to have made his escape last February.

The defense in attempting to establish that it would have been impossible for Babio to get through the opening made by sawing out one of the jail window bars introduced in evidence a wooden framework said to be the same size as the aperture.

Dr. E. E. Whipple, the first defense witness called in the case, testified that he had been unsuccessful in his experiments with Babio, in trying to get his body through the framework. Both physicians said that Babio's ribs would have been fractured had he forced his body through.

During cross-examination of Dr. Darling, District Attorney Guy W. Cheney, asked Patrolman Hammonds to make the experiment with the framework. It passed completely over his body. The patrolman is said to weigh approximately 160 pounds, while Dr. Darling testified that Babio's weight is between 145 and 147 pounds.

The framework used in the defense was made of flat wooden strips and on his questions in cross-examination, the defense witnesses, District Attorney Cheney was caught to bring out that it would have been easier to crawl through an opening bounded by wooden bars, facing each other, than through the window frame that through the flat surface of the framework.

FRED GORMAN CATCHES
LARGE TROUT AT LAKE

The honor of catching one of the finest trout caught at Lake Keuka thus far this season goes to Fred Gorman, son of Mr. and Mrs. Martin J. Gorman of Buffalo, formerly of Corning, who caught a 10 pound trout last evening while trolling off Bluff Point. The fish put up a stiff fight against the line and the fisherman failed to land him, but the latter finally conquered by grasping the fish in his arms as the fish made a last effort to top from the landing net.

Fred Gorman is spending some time at Marietta Point with his father and aunt, Mr. and Mrs. Bailey.

COMPLETE INSPECTION
Superintendent Howard Scott, S. E. Taylor and L. E. Tenbrack of the New York Central staff returned today from an inspection of the Beech Creek sub-division.

GOING TO THE LAKE
The following from this city will leave for Lake Keuka tomorrow on a week's camping trip: Misses Doris and Elsie Perrin, Anna O'Donnell, Evelyn Rose and Mrs. Clayton Rose.

Long Distance Rain or More Fine Weather to Be Decided Tuesday, St. Swithin's Day

If it rains on July 15, it will rain for 40 consecutive days thereafter, for that is the date of St. Swithin's day which, according to an ancient superstition, sets the pace for long term rain periods.

Corningites who are superstitious and sentimental, will be distressed if the clouds leak on the coming Tuesday.

According to tradition, Swithin, learned prelate of Winchester, before his death, bade those he left behind him never to disturb his grave. In spite of the superstition, however, graves were transferred from one place to another, but only with great difficulty, for severe storms arose to impede the chankies ones at their work; and it rained for 40 days.

But in spite of the thankfulness of those who moved the graves, it is said that there are several facts which lead to the hope that at least once or twice the sun will shine.

ADDITION ADVERTISING
CLUB HAS MEETING

ADDITION, July 12.—The Addition Advertising Club business meeting and luncheon which was held in the Odd Fellows house in the City Hall on Thursday noon this week, was the largest as well as one of the most successful of the season, over one hundred and fourteen being in attendance.

The Rehoboth Lodge served a delicious luncheon of about sixty-five of the attendees were County Road Superintendents and most of the County Superintendents.

The community singing was by Ray Brock and his quartet, the first of the series. The singing was held in the First National Bank, with Mrs. Frank Kelly as accompanist. The program was a most interesting one, with advertising club members consisted of Bryant Woodhouse, Ray Brock, Fred Gorman, C. Smith, St. and Rev. John V. Axtell, whose party on "It Ain't Got to Be Done" was a most humorous joke on the various members of the Ad. Club and visiting heads of the County Superintendents.

Mr. Axtell gave an interesting address of "Weather Talk" by John Whitcomb Kelly, "To a House by Robert Burns and an illustration of a Negro Lecture, all of which were thoroughly enjoyed by the assembly. It was definitely decided to have the semi-monthly meetings and luncheons on Wednesday nights, beginning in September.

Among the guests outside the Club, Superintendent and Supervisors were Dr. Ralph Davis, of Wilmington, West Virginia; Dr. S. F. Fausch, of Elmira, Mr. Daugherty, of Corning, the new proprietor of the former Lattimer newstand and John Bennett, who is a representative of the Central New York Electrical Company with headquarters at Hornell, and Mr. Alger, of the Electrical Company in the Hornell territory.

Enjoyable Party
Mrs. Frank Reynolds of Maple street delightfully entertained with a birthday party in honor of her daughter, Frank Reynolds, Jr., of Chicago, Ill., at the Reynolds bungalow on Wednesday night. The party was held from 7 o'clock, the occasion being her ninth birthday. Many guests were present to the guest of honor, and the afternoon was most pleasantly spent with games and refreshments.

The guests included: Isabelle Casson, Esther House and Fayne Watkins, Bernard Sticker, Gilbert Brewster, John Miner, of Addison, and Billie and Frank Reynolds, Jr., of Chicago, Ill., and Matthew McDowell, Jr., of Oak Park, Ill.

About a Girl Who Couldn't Stop Loving

She loved life, she loved love, and then she loved the Boy, And her love was big enough to dare all, to suffer all, to embrace all, never faltering, never weakening.

A Billion Dollars Worth of Humanity

In a picture as big as a woman's love—the great, enduring love that will not weaken, will not doubt—a story that leaves you with a warm glow in your heart—uplifting and bringing sweet ecstasies—a story that brings a smile to your face, tender memories—hopes, a far richer outlook.

The Love Story of a Boy and a Girl

Alert and stinging, with the high pounding pulse of real life. A story as big as a woman's love—and her fall. It makes you forget—forget yourself and the world. You forget the theatre and the screen—forget the pictured play-ers. You live the story.

The Glorification of a Woman's
Eternal Love
