27 PERSONS HURT; SIGNAL DISREGARDED SAID TO BE CAUSE Injured Given First Aid Treatment at Rochester Station; Were Loaded With Violent Crowd

ROCHESTER, Aug. 30.—Twenty-seven persons were injured, several of them seriously, when the DeWitt No. 19 and the Lake Shore Limited No. 47, crashed near Savannah, outside of Syracuse early today.

According to railroad officials, the DeWitt, bound for Detroit, smashed into the rear car of the Lake Shore train, which was stopped at the station. The impact of the crash caused the DeWitt to slide into the rear of the Lake Shore train, which was stopped at the station. The impact of the crash caused the DeWitt to slide into the rear of the Lake Shore train, which was stopped at the station.

When news of the crash reached Rochester and Syracuse, special trains carrying physicians and nurses were rushed to the scene. The accident was in an isolated spot almost in the center of the Metroland marshes. Railroad officials at first had the number of injured placed at four but this was augmented soon after the arrival of the relief crews. Most of the injured were brought to Rochester and Syracuse hospitals.

REACTION IN  
WEEK'S STOCKS

Trading Restricted in Securities  
Markets by Approaching  
Holiday

NEW YORK, Aug. 29.—Reactionary price movements continued in the securities markets with trading restricted by the approaching holiday. Selling undoubtedly was for both accounts, but there was a difference of opinion among expert observers as to the actual volume of profit-taking sales. Reactionary weakness of a number of specialties undoubtedly was due to bear attacks, based on unfavorable trade and earnings developments.

Trade news was again mixed in character. Optimistic resume of the steel situation by Chairman Gary of the United States Steel Corporation and the weekly trade reviews was counteracted to some extent by the reduction of the quarterly dividend on the common stock of the Youngstown Sheet and Tube Company. Likewise, the establishment of a new high record for the year for steel bar loadings was offset by July earnings reports showing revenue falling about 10 per cent below the same month of 1923, although several roads made encouraging gains in their operating ratios.

Oil shares continued to reflect the unsettled condition of that market. Another increase in production for the week ended August 29 and the publication of the semi-annual report of the Pan-American Petroleum and Transport Company, likewise, had a bearing on the common. Against earlier estimates of 41, the selling of the oil, the Pan-Americans breaking four points since the early trading session.

Chain store issues moved up in response to the local federal reserve report showing a 10 per cent increase in department store sales. Baking issues also developed several points of strength. The price of higher earnings by the large common.

Sharp setbacks occurred on such issues as American Ice, National Lead, Union Trust Car and Colored Fuel.

The feature of the foreign exchange market was the temporary strengthening of a slight premium for the Canadian dollar, which sold above par for the first

Decision Reached to Have Third  
and Fourth Grades in Both  
Grammar Schools

ADDITION, Aug. 29.—The Academic high and grammar schools will open on Tuesday, September 2 at 8 o'clock in the morning.

A large number of both rural and town pupils are expected to register. High school students, who wish to pursue, and also the subjects. The non-resident school children will be required to pay \$10 for grades and \$15 for high school students. This is an increase from \$10 for the grade and \$15 for the high school. The State Educational Department says \$10 toward every high school tuition and the district in which the students reside, the remaining \$15. Each child entering school for the first time must furnish proof of age, either by baptismal or birth certificate. It has been definitely decided to have both a third and fourth grade in both the northside and southside grammar schools. This arrangement comes as a great relief to the parents, who have been making an effort to have some arrangement made for the younger children, who do not have to cross the railroad track, and the dangerous road.

approached. In his report to the  
police he claims that the street car  
motorman, whose name is Stevens,  
did not give any warning signal  
and that he did not see the car  
until too late to stop. The front  
of the automobile was almost com-  
pletely demolished and the motor  
of the street car was broken so  
that it dragged on the pavement.  
The car had to be taken to the car  
shops for repairs and the substitu-  
te car did not arrive here until  
9:20.

—Miss Evelyn Ruth of West  
Putney street left this morning  
for Torro Hill, Pa. Where she will  
attend school this winter.

## COURT ADJUDICATES VAN WIE A BANKRUPT

Following the filing of a peti-  
tion in bankruptcy in Buffalo,  
Dewey VanWie, of Syracuse street  
was adjudicated a bankrupt on  
August 25. His liabilities are listed  
at \$2,611.90 with no assets.  
Mr. VanWie was formerly con-  
nected with his brother, John  
VanWie in conducting a grocery  
at 22 West William street, which  
recently went out of business but  
it is claimed that Dewey VanWie  
withdrew from the business here  
before it was discontinued.

## GASOLINE PRICE IS DROPPED ONE CENT

Gasoline prices in Corning  
have been reduced another cent  
and the new rates are already in  
effect.

The wholesale rate has been  
dropped from 17 to 16 cents per  
gallon. This is reflected in the  
retail price which has been 19 and  
20 cents but is now 18 and 19  
cents, according to the latest bulletin  
from the United States Department of  
Agriculture, Hot Springs, Ark.

## LAWYERS RECEIVED

A large number of copies of  
the fish and game laws for 1924  
were received this morning at the  
City Clerk's Office. These may be  
obtained by applying at the  
Clerk's Office.

## MERCURY WILL RISE TOMORROW

Weather Man Announces the  
Thermometer Will Prob-  
ably Register 90

According to advance reports of  
the weather man the mercury will  
probably soar around 90 degrees  
Sunday afternoon.

The weather today was deli-  
cious. Most people were willing to  
agree, for in spite of the heat  
there was a steady breeze which  
made the sun more bearable, but  
the weather conditions held out no  
such pleasant prospects for tomor-  
row. Scorching sun will force the  
removal of top coats and stiff col-  
lars and it will probably be an  
ideal day for the motor enthusiast  
who attempts to stir up an arti-  
ficial breeze during the day.  
Deficient sunshine, erratic tem-  
peratures, and light and heavy  
rains characterized the weather  
for the week ending July 26, ac-  
cording to the latest bulletin on  
state crop conditions issued by  
the United States Department of  
Agriculture, Hot Springs, Ark.

## JENNINGS IS BEING HELD

Former Corning Man Wanted  
in Connection with  
Car-Check Deal

George Jennings, formerly of  
this city, was arrested in Ontario  
last week and is being held in  
Corning charged with having  
grand larceny. Police Chief Han-  
nover and Hugh and Leonard Spaul-  
ding proprietors of the Sparling  
garage, left this afternoon to  
bring the man back here.

It is claimed that Jennings  
purchased a new car at the local gar-  
age giving a check for \$1,400  
which when presented at the bank  
was returned marked "no funds."  
It is also understood that since  
the purchase of the car that it has  
been badly wrecked in an accident.  
The full details of the alleged  
crime could not be learned this  
afternoon.

## Expert Service That Costs You Nothing--

Good planning and good designing of  
either small or large buildings are so closely  
dependent upon construction that it is im-  
possible to build economically without giv-  
ing attention to architecture.

Style, ornamentation and purely artistic  
qualities may be confidently left to the  
architect. But the ability to give you a  
building that closely follows your desire  
and yet comes within the sum you can put  
into it, may require advice in addition to  
that of the architect.

Where the fireplace should be located, in  
reference to the climate, prevailing winds,  
surroundings, or perhaps to save \$50 in its  
erection cost, is often a problem that is  
somewhat outside the realm of your archi-  
tect.

James W. Shea, vice president, and U.  
Grant Ferenbaugh, secretary, of the Cor-  
ning Building Company, are two REAL  
practical builders.

Mr. Shea has for many, many years di-  
rected the designing and construction of  
every sort of building, from a small bun-  
galow or garage to the modern comfortable  
and completely equipped office building,  
hotel or business block.

It is no exaggeration to add that in all of  
the years Mr. Shea has been engaged in  
building, no design has been prepared by an  
architect which has not been improved by  
his practical suggestions if he has been  
given that opportunity.

Both Mr. Shea and Mr. Ferenbaugh are  
being called into consultation daily upon  
problems of builders. Both are eager to  
assist any builder in any possible manner.

Yet there is no charge for this service.

It is the only highly professional service  
we can think of at the moment

## CORNING MAN IS SECRETARY

### Family Reunions

**Price Family Reunion**

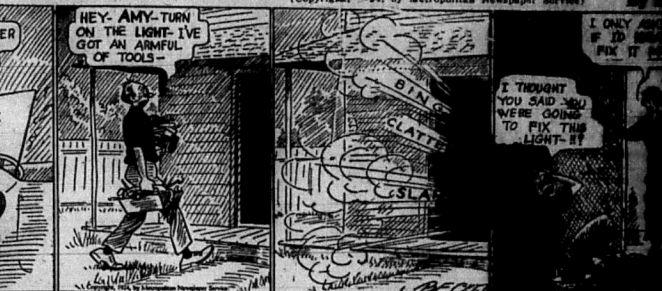

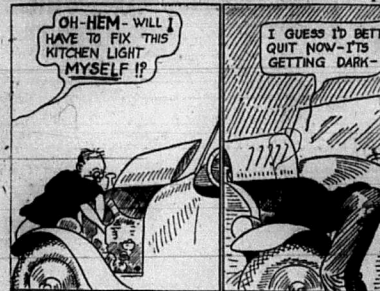

The eighth annual reunion of the family of W. H. Price was held at the home of Mr. and Mrs. A. M. Hiley, near Tyron, on Monday, August 25. Despite the fact that Mr. Price is 84 years old, and a veteran of the Civil War, he is hale and hearty and more active than many who are much younger.

There were present his six daughters, two sons, nine grandchildren and four great-grandchildren. Dinner was served on the lawn to about 45.

A business meeting was held at which the following officers were elected: President, Harold Arnold; Vice President, James Jennings; Secretary and Treasurer, Mrs. Henry Manahan. The next reunion will be held at the home of Mr. and Mrs. Harold Arnold of Naples the last Monday in August, 1925.

Those present were: Mr. and Mrs. W. H. Price, Mr. and Mrs. Henry Seybolt and daughter, Pauline of Dundee; Mr. and Mrs. H. E. Graham, Mr. and Mrs. Maynard Fox and daughter, Winifred, Mr. and Mrs. Harold Arnold and children, Dorleah, William, James and Ralph, Mr. and Mrs. James Jennings and daughter, Helen, Mrs. Henry Manahan, Naples; Mr. and Mrs. Levi Price and daughter, Leona of Burdett; Mr. and Mrs. Howard Russell and son, John of Mecklenburg; Mr. and Mrs. Randall Price of Schoenady; Mr. and Mrs. Richard Lintz and daughter, Ruth, of New York; Mr. and Mrs. E. # Master Improvement in a Matchless Car-

**Conquers Vibration**

The Lanchester Balancer, a British invention that eliminates engine vibration by absorbing it at its source, is the added refinement that gives Willys-Knight a still higher degree of supremacy among motor cars of quality.

Dr. F. W. Lanchester, F. R. S., a British engineer of outstanding genius, developed the invention to perfect one of the most famous foreign cars. In bringing it to America, by special arrangement with the inventor, Willys-Knight cures the inherent vibration that long has been an universal annoyance to car owners.

**There is No Point of Vibration!**

The new Balancer gives the final magic touch to Willys-Knight operation. Drive it all speeds; you never reach the "point of vibration", for there is no such point.

Perfect smoothness—perfect riding ease! And a sleeve-valve engine that improves with use! Willys-Knight advances still another step ahead of its field.

# PROGRAM FOR MONDAY SET

Organization Ready for Big Parade; Record Attendance Expected

All that is lacking to make the Labor Day celebration in Corning which has been arranged by committee of the Central Labor Union, one of the most enjoyable ever planned here, is a little co-operation on the part of the weather. All of the details of the program as published in The Evening Leader have been checked up and will be given as scheduled.

The organized railroad employees have been working in connection with the Central Labor Union to make the affair a success, according to E. W. Bannister, chairman, the railroad men have been unable to secure a band. The committee's greatest difficulty, says E. W. Bannister, "is securing an organized band to lead the railroad division of the parade up to the present time all efforts have been unsuccessful. No one regrets this more than the members of the committee. They realize that there is nothing more inspiring than good bands, and many of them in the Labor Day celebration."

The various organizations that will participate in the parade will meet at their respective lodges about noon on as to be ready for the parade which starts promptly at 1 o'clock. There will be many hands in the line of march, in addition to a musical float furnished by a local orchestra.

The Chamber of Commerce and the city officials are co-operating in the parade and celebration and the fire department and police department will parade. It is expected that there will be several extra officers on the police force for the day to help handle the large crowd expected.

Most of the business places will be closed for the day.

## ALTER FRENCH NAMED HEAD OF SHAFF FAMILY

The stamp window at the Post Office will be open from 9 until 10 o'clock Monday, Labor Day.

There will be no city or rural deliveries during the day.

## PROGRESSIVE SUPPER IS ENJOYED BY CLASS

The Sunshine Class of the Gibson Baptist Church enjoyed a progressive supper Thursday evening. Soup was served at the home of Mrs. Glen Smith at 224 East Market street, the teacher of the class. From there they went to the home of Wilma French, where salad and sandwiches were served; then to the home of Myrtle Goldsmith, where cake and lemonade were served; then to the home of Theresa Koss where the entertainment for the evening was furnished. A delightful time was reported.

Those present were: Misses Myrtle Goldsmith, Thelma Rose, Thelma VanEtten, Wilma French, Julia Scoules, Loraine Steffenhagen, Harriet Hubbard, Lavelia Flener, Bertha Robinson, Mrs. Glen Smith.

## SENOWENS HAVE ROAST AT "BUTTERNUT CAMP"

About 25 members of the Senowen Class of the First Methodist Church motored to "Butternut Camp," on the Cohocton river, this summer home of Mr. and Mrs. William Skarwood of this city, where they enjoyed a corn and wheet roast.

Two large fire places had been built and the roasting of corn, wheeters and marshmallows provided the principal feature of the evening's entertainment. After a hearty supper the guests gathered around the big camp fire and were entertained by G. H. Heffner of Cleveland, O., whose store of jokes stories is almost unlimited. Mr. Heffner is a guest at the home of Mr. and Mrs. Charlie Manning of Columbia street.

Waish, of Curtis.

# PEDDLER OF TEA SOUGHT

Believe Stranger Broke Into Warehouse and Made Good Haul

Rumors of a stranger peddling tea at cut prices in the eastern section of the city yesterday, led to the discovery by the police last night that the Coger, Tucker & Cheney warehouse on Pearl street had been broken into. Later a quantity of merchandise and other equipment was found hidden under the large loading platform of the New York Central railroad located near the store house.

Later yesterday afternoon Detective Broder was informed of the actions of the cut rate tea salesman and immediately started an investigation. Later it was learned from the Central platform and accompanied by Chief Hamner and Officer Hamond Detective Broder went to the place where he found a large case partly filled with tea, an adding machine and some boxes of soap and tools.

The warehouse which was formerly a tobacco shed, was evidently broken into recently, entrance being gained it is believed by either a cellar window or by trying open a back window. The stolen property was taken to police headquarters and the police are now looking for the tea peddler.

Tony Tomasso Gives Bail For Trial; Harriett Brown Jailed 60 Days

The Corning police have started another campaign to clean up the city and for the second time within a week, an arrest was made today on charges of conducting a disorderly house.

Tony Tomasso, of 85 East Market street, was arrested this morning on information secured from Harriett Brown, 22 of Rochester who made an affidavit against the Tomasso place alleging certain immoral conditions existing there.

Tomasso when arraigned pleaded not guilty and the case was adjourned to September 3, the defendant furnishing bail of \$1,000. The Brown girl was charged with being a vagrant to which she pleaded guilty and was sentenced to the Bath jail for 60 days.

According to her affidavit, Harriett Brown stated that she came to Corning on August 28, from Elmira and that she had learned of the Corning place through Charles Patton, of Elmira who had made the arrangements for her to come here.

The local police started a clean-up campaign here last spring to better the moral conditions of the city and several convictions were obtained through their efforts. Today's arrest was the fourth made in the campaign.

# KING ACQUITTED PRATT IS SUED

Attorneys Who Clashed in Barnes Case Figure in Damage Action

Attorney George A. King has started an action seeking \$1,000 damages from Attorney George W. Pratt based upon developments of the trial of the action brought by James O. Sebring against a client, George E. Barnes, in which Mr. Sebring recovered counsel fees.

Upon the coming in of the verdict Attorney Pratt, who represented Barnes, appeared before Judge Brown in County Court and charged Attorney King with misconduct and contempt in the case, according to Attorney King's complaint, alleging that "certain part in the material character not in the evidence were presented to the jury" and asking that Attorney King be punished, for contempt.

After investigation by the court and cited appearance in the contempt charges, Attorney King alleges, the Court on August 27 returned a decision that the charges were groundless and that he was fully acquitted and the proceedings against him terminated. He seeks damages for reputation and for expenses of defense of the charges.

Attorney Pratt stated this afternoon that he had been served in the case but that he had not yet prepared his answer.

# NO RATE CUT IN CORNING

Central Electric Corporation Announces Local Rate Now Lower Than Schedule

Although the Public Service Commission has granted the New York Central Electric Corporation permission to put into effect a lower schedule of rates, Corning is not affected as the rates here are already lower than the new schedule. It was announced this morning by John H. Doherty, local head of the New York Central Corporation that the new schedule was for outlying districts where the old rates were as high as 14 and 16 cents per kilowatt.

According to the announcement from Albany the new rate contains a reduction of 24 cents a kilowatt for the first 15 kilowatts while all beyond this is rated at 11 cents an hour, the original rate. Reductions have been made in the minimum charges of the first three classifications. For heating and cooking the minimum charge is 75 cents a kilowatt hour for the first four kilowatts and 50 cents for all over this; the fixed minimum charge is \$2.25, an increase of \$1.06 a month a meter over the old classification.

The Corning rates are 16 cents for the first 20 kilowatts, eight cents per kilowatt for the next 80 kilowatts and seven cents per kilowatt over 100 kilowatts per month. Above a guaranteed consumption of 1800 kilowatt hours per month the extra consumption is billed at five cents per kilowatt hour.
