**Pay Mr. Harding Honor**  
MARION, Ohio, Sept. 13.—Mr. Florence Harding, widow of President Harding, was signally honored here today when she participated in the regular soldiers doing guard duty at the former president's tomb, stopped sharply in front of her as she stood watching a parade, and saluted.

The soldiers were participating in the parade, seeing Mr. Harding in the crowd, since commanding officers ordered a halt and a salute.

**CARDINAL SETS CORNER STONE**  
Ceremony Tomorrow Marks Erection of Basilica at Shrine of St. Anne

QUEBEC, Que., Sept. 13.—With 20,000 pilgrims from all over the Roman Catholic Church, the corner stone of the new Basilica of the Virgin Mary, at the shrine of St. Anne, will be laid by his Eminence Cardinal Beaudry on September 14. The new structure will be one of the most beautiful church buildings on the continent and will be built from plans drawn by an eminent firm of French architects.

The new Basilica will stand on the site of the great church, destroyed by fire in March 1923. The new structure will be placed on an older building incorporating parts of a chapel erected in 1848.

The chapel was constructed by a number of French soldiers in the midst of this series of pilgrims throughout America, which was destroyed by fire in March 1923. The new structure will be placed on an older building incorporating parts of a chapel erected in 1848.

## REPORT ALL SHOW PERFECT CO-OPERATION

Individual Obligation of American Citizens to Duty Generally Acknowledged

WASHINGTON, Sept. 13.—The response of the nation's civilian population to the defense day appeal to the individual's obligation and responsibility under the new national defense program and the functions in the limited test of the program itself met the highest expectations of the War Department and government of officials generally.

Reports, somewhat preliminary in character, from the nine corps area headquarters, showing that more than 16,000,000 civilians participated in the exercises yesterday, gave the chief result of the test that caused the department to pronounce it "highly satisfactory." Although the reports did not permit an accurate estimate of the total of one-day volunteers who turned out to fill up the ranks of regular army, national guard and organized reserves, the fact that almost all of the military units were filled to approximately war strength indicated that probably two million men enrolled.

The other civilian participation, giving a reported total of 16,747,131, took part in the 6,328 local demonstrations in the form of parades and exercises. The American people, said the report, showed a high degree of interest in the test in their territory, enthusiastically endorsing the national defense program by the public generally.

An expression of their gratification at the loyal co-operation given the War Department by the American public in the defense day test was conveyed to the country in radio addresses last night by Secretary Weeks and General Pershing. For the latter day of his long service in the active list of the army and the civilian participation in the defense day test was conveyed to the country in radio addresses last night by Secretary Weeks and General Pershing.

Probably not less than twenty million persons heard the war secretary's address last night, which briefly with the defense test, introduced General Pershing with the words: "The defense day test was the nation's foremost soldier. The retiring general of the army, plainly looking back on a career of service to his country, extended to me by my countrymen, and for the confidence they have always given me."

General Pershing's farewell to his associates of the army was given over the telephone line-up at night by Secretary Weeks and General Pershing. ## PERSONS SAYS UPON LEAVING ACTIVE DUTY

General of World War Called Forty-Two Years of Army Life at Noon Today

WASHINGTON, Sept. 13.—John J. Pershing ended his forty-two years of active service in the army at noon today with a last signal honor paid him in the issuance of an executive announcement by President Coolidge expressing the nation's indebtedness for the service which was his leadership of the American forces in the World War.

Only in the rare instances in which a retiring officer has reached the highest rank has there been precedent for the honor conferred upon General Pershing in the executive order in which the president today extended to him "the thanks of the nation for his eminent services." The president added that he felt certain that it would be a fitting tribute to the man who had led the nation's army to victory in the World War.

Believe Peanut Has Been  
Conceded in Lad's Lung

PENN YAN, Sept. 12.—

James Williamson, son of Mr. and Mrs. James Williamson, who has been ill for several weeks of a strange malady, coughed up a peanut during a severe fit of coughing last night. It is thought now the boy sucked in the peanut while attending a baseball game on the fair ground and that it lodged on the lung. His temperature would rise at night and be nearly normal during the day. Pus has formed from the irritation, but it is thought as soon as this tumor is controlled the lad will be as well as usual.

mony, the impressive ring  
service being used. The bride's  
attendant was Miss Laura Kinney  
of Hornbush, who wore a gown of  
lavender crepe de chine, and car-  
ried a bouquet of pink roses. The  
groom was unattended.

Among the out of town people  
in attendance at the wedding  
were Mr. and Mrs. Norman  
Phelps and daughters, Irene and  
Evelyn of Addison and Mr. and  
Mrs. W. W. McNulty and son, Ed-

has been awarded. Frederick A.  
Chaswell, Syracuse contractor, is  
announced by D. Ward Howard,  
Syracuse city engineer. The con-  
struction will be started in the  
early part of next month. The  
contract was made by the board  
of the Syracuse contractor's bid  
was close to \$45,000, that sum  
being a year and a half ago when  
the proposition was submitted to  
the board of the district a few  
months ago. There were a number  
of bidders, but their bids ex-  
ceeded the amount designated for  
the structure, which will include  
a library, gymnasium and class-  
rooms.

ENGINEER HALTS TRAIN  
BEFORE BEING TAKEN ILL

POTTSVILLE, Pa., Sept. 12.—

(By A. P.)—Seized with a stroke  
of apoplexy as he was driving  
his car on the main line between  
Pottsville and Pottsville, shortly  
after 10 o'clock in the evening, Dr.  
Connelly of Pottsville, Pa., was  
informed by the Pottsville, Pa.,  
engineer of train No. 9, Reading  
road, Philadelphia and Pottsville  
road, that the train had stopped  
at Pottsville, managed to bring his  
train to a stop before he collapsed  
and fell to the floor of his car.  
Fireman Lieby took the train into  
Reading where a relief engineer  
was furnished and Connelly re-  
turned to the Reading hospital.  
He is reported to be in fair con-  
dition. The train is one of the  
heaviest operated by the

TUSCARORA VISITED BY  
EARLY MORNING FIRE;  
LOSS VERY HEAVY

John Nichols Farm Property and Baptist  
Church Destroyed; 2 Valuable  
Horses Are Burned

ADDITION, Sept. 12.—The  
burns on the John Nichols farm  
at Tuscarora on West Hill were  
completely destroyed by fire this  
morning at 1 o'clock. The farm  
house caught fire and was con-  
siderably damaged as was also the  
Baptist church nearby, which was  
a beautiful old landmark.

The entire contents of the barn  
including all of the summer  
crops, two valuable horses and  
all farm implements were burned.  
The church loss is partially  
covered by insurance but the loss to  
Mr. Nichols will be very large,  
being estimated at several thou-  
sand dollars over the insurance  
carried.

MISSING HER  
EARNINGS OF LUCK  
BY NEWSPAPER

GENEVA, Sept. 12.—J. J. Drake,  
a farm hand of Dresden,  
near here, chanced to come to  
Geneva, and while sitting in a  
hotel picked up a newspaper  
and read headlines telling him  
he had fallen heir to \$154,000 left  
him by an uncle in Texas.

Drake's whereabouts were un-  
known, but being believed to be  
in this section. Learning he was  
worth nearly a million dollars,  
Drake took the train for  
Geneva, and immediately got  
in touch with the executor of the  
will.

25,000 Careless; Reckless  
and Criminal Drivers to  
be Driven From Highways

ALBANY, Sept. 12.—The il-  
lustrations of 25,000 careless, reck-  
less, drunken and criminal drivers  
in New York state will be sug-  
gested or revealed during the next  
24 hours. State Commissioner  
Max Graves predicted in an ad-  
dress here today. He said drastic  
enforcement of the state's new  
motor vehicle law would elimi-  
nate these vehicles from

The Commissioner said that if  
New York state had commenced  
enforcement of the state's new  
motor vehicle law in 1917, it  
would have had as effective work  
reducing traffic accidents and  
loss of life and property as the  
enforcement of the state's new  
motor vehicle law in 1922 would  
now be enjoying life.
BIDS AGAIN  
IN 20 YEARS

Syracuse Contractor to Build  
Second Addition to Paluski  
High School

PALUSKI, Sept. 12.—The con-  
tractor for the second addition to  
the Paluski high school building  
has been awarded. Frederick A.  
Chaswell, Syracuse contractor, is  
announced by D. Ward Howard,  
Syracuse city engineer. The con-  
struction will be started in the  
early part of next month. The  
contract was made by the board  
of the Syracuse contractor's bid  
was close to \$45,000, that sum  
being a year and a half ago when  
the proposition was submitted to  
the board of the district a few  
months ago. There were a number  
of bidders, but their bids ex-  
ceeded the amount designated for  
the structure, which will include  
a library, gymnasium and class-  
rooms.

ENGINEER HALTS TRAIN  
BEFORE BEING TAKEN ILL

POTTSVILLE, Pa., Sept. 12.—

(By A. P.)—Seized with a stroke  
of apoplexy as he was driving  
his car on the main line between  
Pottsville and Pottsville, shortly  
after 10 o'clock in the evening, Dr.  
Connelly of Pottsville, Pa., was  
informed by the Pottsville, Pa.,  
engineer of train No. 9, Reading  
road, Philadelphia and Pottsville  
road, that the train had stopped  
at Pottsville, managed to bring his  
train to a stop before he collapsed  
and fell to the floor of his car.  
Fireman Lieby took the train into  
Reading where a relief engineer  
was furnished and Connelly re-  
turned to the Reading hospital.  
He is reported to be in fair con-  
dition. The train is one of the  
heaviest operated by the  
Reading in this section and regu-  
larly has from ten to twelve coaches

Prospectors Make Big Gas  
Strike Near Jamestown

JAMESTOWN, N. Y., Sept. 12.—

Chautauque county's new  
gas and oil well near Forest-  
ville has brought out a number  
of prospectors. The large  
flow of gas from the well was  
quickly subdued and has not  
been resumed, but the gas  
pressure continued to flow at  
less than 2,000,000 feet a day.  
The oil pocket was tapped  
at a depth of 1,400 feet before  
the gas producing rock was  
reached.

YOUNG WOMAN,

PASS, DROWNS

Two Men, Unable to Swim, See  
Tragedy; Body is  
Recovered

ALBANY, Sept. 12.—Miss  
Katherine McKinnon, 23, of 23  
Bassett street, slipped from the  
dock at the foot of Bassett street  
yesterday afternoon and was  
drowned. She was watching a day  
boat pass by on its way to New  
York City.

Coroner John J. Skelly and Dr.  
O. A. Rosenstam, coroner's phy-  
sician, gave a verdict of accidental  
drowning.

The body was recovered by Pa-  
trolman Peter Moran and Alfred  
Dreese and taken to the  
houseboat of 22 First street, 100  
feet from where she fell in Pat-  
rick street and William Harlan of  
Broadway, saw the girl fall.  
Neither could swim, but called as-  
sistance.

FINE OF \$200

Corning Man Guilty of Having  
Liquor; Dickinson  
Discharged

Wilson E. Dickinson, of this city, who was arrested by state troopers a few weeks ago when an automobile in which he was riding was found to carry a load of alleged Canadian ale, was discharged yesterday by a special term of Federal Court at Canastota, and the automobile owned by him and which was seized at the time was ordered returned.

Lafayette Neal, who formerly resided at the Moon house near Southboro Bridge, who was driving the car at the time, pleaded guilty to a charge of illegal possession and transportation of "wet goods" and paid a fine of \$200. Dickinson was discharged on the ground that he was a passenger in the car and not responsible for the car or the acts of the driver. Attorney H. A. Hennings, represented both defendants.

—Dr. and Mrs. H. E. Battin and family returned yesterday from Westport, Conn. where they have spent the summer.

MISS GRAFFOULIERE TO

ARM 1 SECT.—Winifred Beck of East Second street, received a fracture of the arm and a broken rib when her car overturned on East Second street, yesterday afternoon. The car was driven by John M. O'Connell, Park avenue and driven by Heben Weller tipped over on the Porch. Hospital where the fracture was reduced and he was later taken to his home. Board, although broken, was not taken to the hospital but went to his home.

The three young men were out for a ride about 5 o'clock yesterday and as they were riding along the road on the west side of East Second street, the car came caught in a rut and the rear of the car skidded, tipping over, and throwing out the occupants. The car was badly damaged.

DENISON PARK  
CLOSES TODAY

Was One of Most Successful  
Seasons in History of  
Playground

Denison Park was officially closed today for the 1924 season by the Board of Public Works. This closing affects the swimming pool, the various concessions including the merry-go-round and the children's playground which has been under the supervision of Mrs. Julia Gillard.

The past season has been one of the most active ever experienced at Corning's popular playground. It has been estimated that over 150 picnics and over 100 reunions have been held in the two pavilions during the season which opened on Memorial day. The swimming pool was open for 75 picnics and 66 reunions before the season closed.

It is stated that the park was in the best of condition and that the department had no record.

In addition to this the Flag Day observance was held at the park as was the Labor Day program and large crowds attended the weekly band concerts each Sunday.

Given at Northside  
High School

The reception given by the Parent-Teachers' Assembly of Northside High School, in honor of the faculty, Board of Education and all interested in its work, held at the high school last evening was a most successful affair. Those in charge of it are deserving of much credit as it was the means of bringing many of the parents and teachers of students together in the interest of the school children.

William DeCoursey, president of the association, opened the program of the evening with a splendid talk in regard to the work of the organization. She told of its organization in 1914 and the work accomplished since that time, in regard to its two objects, the welfare of the child and the cooperation of parents and teachers in education.

Prof. A. M. Blodgett, as the next speaker, highly complimented the Parent-Teachers' Association for the work which has been done and that which is planned for the future. He said that it was just the kind of an organization necessary to establish a better understanding of the state where he expects to move within a short time.

PROF. LEAR SPEAKS ON  
DEFENSE DAY MOVING

Prof. Fred R. Lear of the University of Syracuse University, addressed the Northside High School student body at assembly yesterday. Prof. Lear is himself a graduate of N. H. S.

Speaking of the widespread ignorance of Defense Day, he said that he believed it to be a mistake of course to use the word "patriotism" but that rather a satisfactory proof of progress had been made against any emergency.

## MRS. YOUNG ENTHUSIASTIC

Cannot Praise Lydia E. Pinkham's Vegetable Compound Enough. Sick Women Read This Letter

Charlotte, S. C. "I was completely run-down and had to do my housework. I had designed myself around and did not have energy enough to get up when I sat down. I read advertising of Lydia E. Pinkham's Vegetable Compound in your book and learned that it got benefit from the very first bottle. I continued to take it for some time, and now I am doing all my own work, even washing and ironing, and never felt better in my life. I tell all my friends that the change in my health is due to best one thing and that is Lydia E. Pinkham's Vegetable Compound. Cannot praise it enough."—Mrs. Annie Young, 18 Amber St., Calais, Me.

The reason for such a letter from Mrs. Young is apparent. She got well and is grateful. Recently a nationwide canvass of women purchasers of Lydia E. Pinkham's Vegetable Compound was made, and out of 100 reported that they received benefit from taking it. Because the Vegetable Compound has been helping other women is reason why it should help you.

## TO CONFER ON BOYS' ACTIVITY

Representatives of High Schools to Meet Here Sunday Afternoon

Representatives of various high schools throughout the county including those of boys and men are to meet at the First Presbyterian church in Corning Sunday afternoon at 4 o'clock for a conference. The purpose of this conference is to consider problems of the high school youth and to take steps to further the work of the HCY in this county. The meeting is being held under the supervision of the Stoulen County Y. M. C. A., and it is expected that there will be several high schools represented.

In the evening the HCY boys will take charge of the service during which an announcement will be made of the plan and program adopted at the afternoon session. Secretary A. V. Chamberlain will give an address on "A Challenge to the High School Boy." All high school students have been especially urged to attend the meeting.

**ENJOY WEINER ROAST**  
Officials and over 80 employees of the New York Central Railroad held a weiner and corn roast along the river near Coopers Trench last evening. Roast various games and songs around a large campfire were enjoyed. Those present included an enthusiastic about the outing that plans are now under way for a similar affair in a few weeks.

**UNDERGOES OPERATION**  
Mrs. William Henry of 273 Denison Park avenue underwent an operation for the removal of tonsils at Corning Hospital yesterday.

## Consider the Matter of Cuffs When Selecting Your Winter Coat

"INDIVIDUALITY OF DRESS"

If you are buying a new winter coat and want to be very careful to get something that doesn't call attention to your arms, avoid the coat with fur cuffs. Fur cuffs, of course, add a touch of richness, but they are for the tall, slender girl only. When your hands are at your sides the cuffs come close to the hip line and give appearance of added width just where you don't want it.

# Big Praise from Big Men

**Lanchester Balancer Adopted by Willys-Knight is Acclaimed**

Automotive engineers and mechanical experts are impressed by Willys-Knight's new refinement, the Lanchester Balancer, in eliminating vibration. Read these comments.

**Glenn Curtiss**  
Famous Airplane Inventor

"It is surprising, I drove the car (Willys-Knight Sedan) at all speeds up to 50 miles an hour and found absolutely no vibration."

**W. E. Best**  
Works Manager, Remington Cash Register

"The smoothness of the motor was a revelation. The driver increased the speed from 15 miles an hour to approximately 45 miles and, as far as I could detect, with no vibration. It would seem that the balancer is doing the trick and gives six-cylinder operation as far as smoothness is concerned."

**Hiram P. Maxim**  
President, Maxim Silencer Company

"The Lanchester Balancer certainly takes out the vibration. It makes the motor smoother than most of the six and eight-cylinders on the road today."

**Maurice Olley**  
Rolls-Royce, Production Manager

"From the demonstration there is no doubt that the elimination of the inherent harmonic vibration, by means of the rotating balancer, has been attained in practice to a degree which is very satisfactory to the passenger."

Willys-Knight scores again. To its famous sleeve-valve engine, that improves with use, it adds a perfection long sought by many motor cars—the elimination of vibration.

## Concrete Block Foundations

Every building should have a strong, water-tight, permanent foundation. The ease and speed with which concrete block can be erected have caused them to be a big demand for them. They provide a cellar that is as dry and healthful as any other part of the house.

We will be glad to talk over the matter with you.

## DR. BECHT HAS APPOINTMENT

Named State Superintendent of Public Instruction; To Aid in School Problems

WELLSBORO, Pa., Sept. 12.—Eight directors who will have supervision of high school organization and classification, rural school development, elementary school organization, transportation, approval after school completion, have been placed in the field at the opening of the school year, with the appointment by Dr. J. George Becht, State Superintendent of Public Instruction. Dr. Becht says the scheme will eliminate duplication of effort and render effective service in all school development problems.

The state is divided into eight sections, thus each director will have jurisdiction in several counties. J. K. Bowman, of Bradford County, is the superintendent of this district which comprises, besides Bradford, Tioga, Sullivan, Greene, Clearfield, Blair, Potter, Cambria, Lebanon, Berks, and Schuylkill counties.

## WELLSBORO ITEMS

Miss Hens L. Stony, professor of Dietetics in the Woman's College, Maryland, and Mrs. Stanley Wright, of Brooklyn, who have been spending several weeks with the Rev. and Mrs. John H. Stony returned home today.

The Go to Woodland Hand of the Methodist Episcopal church will hold a picnic in Woodland Park at 2:30 p. m. Saturday.

## County Farm Bureau Notes

The Steuben County Farm Bureau has registered and is sending to the State Fair a herd of choice

Ayrshire cattle which will compete there with similar exhibits from other counties of the state.

This herd includes three bulls and seven females which have been selected from among the best herds of the county.

Steuben County will be further represented by Roy Clark and Adon Hall of South Pulisney, the winners of the county-wide horse-pitching contest staged at the Farmers' Picnic, August 16. That team is entered in the state-wide horse-pitching contest conducted by the American Agriculturalist and the New York State Farm Bureau Federation.

Choice Cattle Sold  
Two car loads of cattle were shipped out of Hornell last week that were of unusual merit. One lot was composed of pure bred Ayrshire cows consigned to a large certified dairy near Buffalo. The average price paid for these cattle was \$225 per head. One cow was bought for \$460. Floyd Newman of a large landholder of grade and pure bred Guernsey cows to a large tuberculosis sanatorium near New York City. These cattle were purchased from herds in the western and north-

ern parts of the county.

Ayrshire Sale in October  
Opportunity will be given local farmers to purchase choice pure bred Ayrshire cattle at their own prices at the annual consignment sale of the Allegany-Schenectady County Ayrshire Breeders' Club which will be held at Hornell during the latter part of October.

Some forty head selected from Canebrake Breeders who have consigned individuals are R. B. Miller of Canisteo; Ray Skinner of South Canisteo; A. F. White of Big Creek; J. J. Loper of Jaspert; Ray Mead and F. A. Bartlett of Hornell; W. S. Baker, Hartsville; H. B. Tobey, Lindley and Ben Burger of Greenwood.

Because of the increasing popularity of this breed the sales committee is confident that this dispersal will be a financial success.

# 15 New Studebakers

Including an entirely new type of car—the DUPLEX-PHAETON

Today Studebaker has made Automobile History and established standards of value and quality more fully and obviously than ever before.

**T**ODAY Studebaker proves that beautiful, distinctive, stylish body lines can be originated by American body designers without following precedent or imitating or adapting what has been done before. Today Studebaker proves that a practical and beautiful type of car can be made to combine the pleasure and performance of the open car and the comfort and protection of the closed car—and this without excessive price or compromised quality—a car "duplex" in open-car smartness and convenience and closed-car elegance and comfort—and at a price no higher than that of an open car!

Today Studebaker proves, in its new Standard Six Duplex model, that a six-cylinder car of fine quality, great power, plenty of room and impressive appearance can be made and marketed at a price of \$1145.

Today Studebaker proves in its new Special Six and its Big Six Duplex models that the ultimate in all the essential features of quality in five- and seven-passenger cars can be made and marketed at a price of \$1495 and \$1875 respectively.

And this is possible only because Studebaker cars are made in one of the most comprehensive industrial plants in this country, 70 per cent of which is new within the last six years.

Every modern method of manufacture and long experienced management are available for the production of Studebaker automobiles.

Today Studebaker proves that the highest grade closed car bodies—framed in selected hard woods, cushioned with the best cushion work, upholstered in fine mohair fabrics and fitted with expensive appointments—can be made and marketed on superlatively good chassis at moderate prices.

This is made possible by the new \$10,000,000 Studebaker closed body plants. Studebaker designs and builds all of its closed bodies in one of the best equipped and most modern body plants in the industry.

## The Three New Chassis

**THE STUDEBAKER STANDARD SIX**—113 in. wheelbase, 5-passenger. Engine, 37/4x5, 50 h.p.—with 6 different bodies, including Duplex-Phaeton, Duplex-Roadster, Coupe-Roadster, Coupe, Sedan, and Berline.

**THE STUDEBAKER SPECIAL SIX**—120 in. wheelbase, 5-passenger. Engine, 37/4x5, 65 h.p.—with 5 different bodies, including Duplex-Phaeton, Duplex-Roadster, Victoria, Sedan, and Berline.

**THE STUDEBAKER BIG SIX**—127 in. wheelbase, 7-passenger. Engine, 37/4x5, 75 h.p.—with 4 different bodies, including Duplex-Phaeton, Coupe, Sedan, and Berline.

## The Ten New Closed Bodies

**COMPLETELY NEW BODIES**—each car a masterly expression of modern style, yet distinctly original in beautiful lines—individual, conservative, impressively elegant, but crisp enough in its departure from imitation to be entirely distinctive.

Three completely new chassis!... 15 completely new bodies!

Completely new lines! . . . . . Marvelous new performance

Completely new open-closed car!

Completely new radiators, new fenders, new lamps, new seating comfort, new finish, new colors in lacquer finish, three improved engines

Real balloon tires, not low-pressure cords. Sizes—21"x 5.25" to 20"x 7.30".

New Studebaker automatic hydraulic 4-wheel brakes—optional.

New values, never before equaled—even by Studebaker!

## The Five New Duplex Bodies

(A new type of car originated by Studebaker to take the place of the open car)

SO ENTIRELY NEW and so different from any other body ever made before that a new name had to be created—the DUPLEX.

The upper structure is shaped in pressed steel and covered with the finest water-proof fabric. The steel construction permits the use of another radical Studebaker creation, the new roller enclosing curtains. There is the permanent beauty and durability of the steel top plus the instant convenience of the roller curtains.

Thus Studebaker engineers have solved the open-closed car problem.

The buyer who wants the airiness and practical convenience of the open car and who also wants the comfort, protection and beauty of the closed car can now get both in one car and at the price of an open car.

One moment the new Studebaker Duplex is a beautiful open car—a touch of the hand to the over-lapping roller curtains and it is a snug weather-tight closed car.

## Balloon Tires

Genuine and full size balloon tires on all models. Every part that functions with the tires has been specially designed for balloon tire equipment—steering gear, steering knuckles, spindles and springs, even the fenders.

## New Lacquer Finish

The Standard Six closed bodies are beautifully finished in semi-gloss, satin lacquer. The hood and lower panels are in light gray, the upper panels in darker gray. Hair-line parallel striping in oriental red. Burnished nickel radiators, jet black fenders, light golden finished, natural wood wheels and big balloon tires are contrasting touches.

The Standard Duplex Models are finished in glossy jet enamel—lasting, lustrous and wear-resisting.

The Special Six and the Big Six Duplex models are in soft satin lacquer with dark blue hoods and bodies striped in light blue and ivory. Here, too, the sparkle is added with burnished nickel radiators and light, natural wood wheels in contrast with jet black fenders and big, black balloon tires.

## More Power

The universally famous Studebaker engine is more than ever a peer among power plants. The crankshaft is heavier. ALL surfaces are perfectly machined to exact dimension and balance. The bearings are larger.

The engine is in unit with the clutch and transmission. There is a force feed lubrication system with clean, strained oil always in reserve. There are many changes and improvements which result in MORE POWER, MORE QUIETNESS and SMOOTHNESS and STILL BETTER PERFORMANCE in every way.

## New Brakes

Larger, more powerful, simpler and much easier operated two-wheel brakes. An entirely new emergency brake is operated from the instrument board, instantly convenient to the driver's hand where it simplifies the control and frees the floor board from the old style lever. It acts on the propeller shaft. There is uniform pressure at each wheel—equalized through the rear axle.

The regular two-wheel Studebaker brakes with their simplicity, safety and great braking power are entirely adequate.

But Studebaker 4-Wheel Hydraulic Brakes (with disc wheels) can be furnished as optional equipment on all models at extra charge if desired.

Studebaker 4-Wheel Brakes have three exclusive features not found on any other system in this country.

1. Braking pressure is furnished by hydraulic power automatically developed. A light touch to the braking pedal controls its great force like a touch to the throttle controls the power of the engine. This feature will appeal instantly to women.

2. The front wheels cannot lock.

3. There are only two adjustments required—one at each rear wheel. The front brakes are permanently adjusted at the factory. The oil in the transmission is used to generate the hydraulic power; the action of the gears and the pump keep it in circulation; it cannot congeal or freeze. Braking power is always instantly ready—in winter as well as in summer!

## New Ease of Operation

New Ease of Gear Shifting—New power in braking, a touch to the pedal exerts a giant's strength at the rear wheels—New clutch action, soft as velvet—A new steering gear and steering knuckles designed for balloon tires—A new grouping on the dash, including ALL the usual instruments plus a gasoline gauge that always works accurately.

Lighting Control Switches—all on the steering wheel— instantly handy.

Automatic Spark Control—No manual attention required, so the lever is eliminated. Automatically governed to all speeds with the precision of machinery.

## And the Details

The new cars are longer and lower to the ground. The line from the radiator to the rear is nearly straight. The wheelbase of all models is increased.

The fenders are much wider and deeper crowned to cover the width of the tires. They fit more closely over the wheels. The rear fenders are long and gracefully curved into the running boards.

The radiators are high and set low in the frames and convex curved just below the filler cap. The design is strikingly original and beautifully distinctive.

Entirely new head lamps and cowl parking lamps designed by Studebaker—artistically appropriate and in perfect keeping with the originality of the body and fender design.

Deeper, stiffer frames, more cross members; shorter, flatter springs for balloon tires. All bodies lower, all roomier, better and more comfortably cushioned. Seats are lower, backs and sides are higher.

## Look Forward Into Next Year

The new Studebaker is here today! And no matter how sweeping your ideas of what a new model should be this car will satisfy you. It will thrill you with the very newness and originality of its beautiful lines!

You may not be in the market now, or even this year. But to see the new Studebaker is to look forward into next year—and the year after! SEE IT TODAY!

# **Pain Staggered** **To Republican Voters** **of Steuben County**

Through the columns of The Elmira Telegram, with its thousands of readers, I desire to make a few plain, truthful statements, concerning my candidacy for the Republican nomination for Sheriff of Steuben County.

First—I have been a straight Republican all my life, as were all my people before me. With the exception of living a few years in Elmira, I have resided in Steuben County.

Second—this is the first and only time, I, or any of my progenitors, have been elected to any county office. I have served as a Justice of Peace (five years) in Painted Post, and will regard it as a favor if the voter will inquire as to how I conducted said office.

Third—if elected, I pledge to exert my every effort to discharge the duties of Sheriff without fear or favor, and conduct the office economically consistent with efficiency.

Fourth—as to appointment of deputies, should I be favored with election as your sheriff, that I will select, only after personal investigation, clear and fitted men from localities where most needed.

Fifth—that I will make my residence at the jail during entire term of office.

Within the last few days fully 40 members of the Republican county committee have admitted to me that if either Page or Nolton was nominated Tuesday, a Democrat would be elected Sheriff in November. Therefore, Republicans if you want a nominee for Sheriff who can be elected, vote for me.

## **MARTIN V. MARGESON, PAINTED POST**

Sixth—as to my standing for the election, I desire to state that I am the least doubtful of most earnestly request he make inquiry of any honest workman, in Painted Post, or wherever I am known, who labors by the day, as I do, and then decide if I am worthy of the office.

As to an item under a Horrell case appearing in the public press a few days ago, claiming that I had been in Horrell, too ally to contradict. The author of said item is misinformed, as I was the first candidate to announce myself, long before any candidate appeared from Horrell or elsewhere.

Letters of administration have been granted to F. W. Warren of Wayne on the \$950 personal estate of his mother, Julia Warren, who died in Barrington, August 7. Administrator Ray Warren and Gilbert Kinyoun share the estate.

Plan Auto Sunday

The Methodist church of this county will have a plan auto Sunday morning. They plan for every one who owns a car to drive to the church in its utmost. There will be a hearty welcome to all.

Parody Complete

A parody of the "Dundee Peach Crop Good" has been written by a local humorist. It is a humorous take on the original article, poking fun at the exaggerated claims of the peach growers.

Return From Kewka

Mrs. Mary Harrington and Mrs. Florence Dangler have returned from their cottage at Kewka, where they were spending the summer. They have been very much enjoyed the trip and will be returning to their homes in Steuben County.

Primary Election

The primary election for the office of Sheriff of Steuben County will be held on Tuesday, September 16th, 1924. The election will be held at the jail during the entire term of office.

Within the last few days fully 40 members of the Republican county committee have admitted to me that if either Page or Nolton was nominated Tuesday, a Democrat would be elected Sheriff in November. Therefore, Republicans if you want a nominee for Sheriff who can be elected, vote for me.

Respectfully Yours,  
MARTIN V. MARGESON.

# **325 CASES ON** **BATH CALENDAR**

Justice Sawyer to Preside at Term Scheduled to Open Monday

The first session of Supreme Court in Steuben County following the summer recess will be held in Bath beginning September 15, with Justice S. Nelson Sawyer of Palmyra presiding. There are 325 cases on the calendar, copies of which were received here yesterday and of these 276 are triable by jury and 49 by the court alone.

There will also be a session of the grand jury in connection with the term of court and District Attorney Cheney has a list of over 20 cases to present for action. Many of these cases are of local interest, and a large number of the cases are for driving while intoxicated.

Ralph Anderson, the Corning man who was arrested a few weeks ago, charged with burglary third degree, is now in jail awaiting the action of the grand jury. It is claimed that he burglarized a grocery store in South Corning where it is said he secured a large quantity of canned goods.

Bradley Barrett, formerly of Corning, is charged with grand larceny second degree. It is claimed that he secured a sum of money from C. S. Mayhew, East Second street under false pretenses.

Two charges are to be made against Francis Kelly of Elmira for assault, first degree, and for the crime of driving while intoxicated. Kelly is alleged to have pulled a gun on the bartender at the William McMahon cafe on West Market street, after which he drove the car through a large bill board in Gibson, it is said, while he was attempting to escape arrest.

Charles McGovern, of this city, will face a large charge. McGovern was arrested by the local police this summer on a charge of driving while intoxicated. He is alleged to have been driving a valuable diamond ring from his finger while the complaint was in the hands of the intoxicating drinks.

George Jennings, formerly of Corning, is charged with grand larceny, second degree. The complainants in the case are Hinchey and Leonard Spaulding who operate a garage on Chestnut street. Jennings is alleged to have tendered a fraudulent check to the amount of \$1,435 in payment for an automobile which is now confined in the county jail at Bath.

Charles Boxer, alias Brown of Belmont, who was arrested at Newfaneville and who was later identified by Chief Hander as being wanted in this state, will be charged with burglary third degree for the alleged stealing of some automobile tires in Horrell.

Burt Costley of South Danville is charged with second degree robbery in which \$25 in cash and a gold watch valued at \$48 was taken.

A charge of receiving stolen property will be made against John C. Horrell of Horrell.

The Ephraim Kewson of Horrell, is being held on a grand larceny charge.

Sarah Pulgrain, of Prattsburg, is charged with assault second degree on a woman in the town of Elmira. It is claimed that the defendant had a knife in her hand at the time the assault was committed.

James Cooper of Horrell, who married a Horrell girl over the protests of her parents, is charged with abduction. It is understood, however, that since his arrest that a reconciliation has been effected between the parents and the newlyweds.

Frank Marz, also of Horrell, is alleged to have passed a bad check on a merchant of that city. There are seven residents of the county who are charged with driving while intoxicated: William Drake of Bath; Leonard Jacobs, Bath; Wallace Shaut, Bath; Earl Marks, Canisteo; William Rorer, Horrell; James Gallagher, Canisteo; Cameron Towne, Bath.

Henry P. Livingston of Bath, who recently ran into the car driven by Sheriff Kellogg will be charged with reckless driving and Charles Gray, also of Bath will be charged with a similar offense.

## **DUNDEE PEACH** **CROP GOOD**

Return of Warmer Weather Pleases Fruit Growers With Harvest Under Way

DUNDEE, Sept. 12.—Fruit growers are much pleased by the return of warmer weather. The cold days and nights were anxious times as heavy frosts were feared. Very few of the early peaches have been picked here, being at least two weeks late for this variety. It is expected that a few days of sunshine will see this harvest work under way. The crop this fall will be a good one but not a heavy field. Growers expect to sell most of their crop to customers directly from the orchards.

Surrogate's Court Report

The following report from surrogate's court is given for this vicinity: Della B. Goudry has been appointed administratrix in the estate of her husband, the late John D. Goudry of Barnes. The nettle place the value of the estate as \$1,000 personal property.

Letters of administration have been granted to F. W. Warren of Wayne on the \$950 personal estate of his mother, Julia Warren, who died in Barrington, August 7. Administrator Ray Warren and Gilbert Kinyoun share the estate.

Plan Auto Sunday

The Methodist church of this county will have a plan auto Sunday morning. They plan for every one who owns a car to drive to the church in its utmost. There will be a hearty welcome to all.

Parody Complete

A parody of the "Dundee Peach Crop Good" has been written by a local humorist. It is a humorous take on the original article, poking fun at the exaggerated claims of the peach growers.

Return From Kewka

Mrs. Mary Harrington and Mrs. Florence Dangler have returned from their cottage at Kewka, where they were spending the summer. They have been very much enjoyed the trip and will be returning to their homes in Steuben County.

Primary Election

The primary election for the office of Sheriff of Steuben County will be held on Tuesday, September 16th, 1924. The election will be held at the jail during the entire term of office.

## **Next Week Dedicated** **To City's Children**

Children of Corning, next week is to be dedicated in this city to you.

Today your mothers and fathers have been asked to display the American flag in your home, signifying to all the world that a strong and loyal citizen of America is growing up in that home.

Perhaps your mother or father has forgotten about the flag and if this is the case you must remember to tell them about it.

Beginning today and all through next week, which will be Child Welfare Week in Corning, a flag should hang from every Corning home where there is a growing boy or girl. If there is no flag in your home today, tell mother or father about it and be sure there is one flying tomorrow and every day next week. You have already heard all about Child Welfare Week in school from your teachers and perhaps your parents have been too busy to pay much attention to it, so just remind them about the flag and see to it that there is a flag flying in your home today and every day next week.

# **325 CASES ON** **BATH CALENDAR**

Justice Sawyer to Preside at Term Scheduled to Open Monday

The first session of Supreme Court in Steuben County following the summer recess will be held in Bath beginning September 15, with Justice S. Nelson Sawyer of Palmyra presiding. There are 325 cases on the calendar, copies of which were received here yesterday and of these 276 are triable by jury and 49 by the court alone.

There will also be a session of the grand jury in connection with the term of court and District Attorney Cheney has a list of over 20 cases to present for action. Many of these cases are of local interest, and a large number of the cases are for driving while intoxicated.

Ralph Anderson, the Corning man who was arrested a few weeks ago, charged with burglary third degree, is now in jail awaiting the action of the grand jury. It is claimed that he burglarized a grocery store in South Corning where it is said he secured a large quantity of canned goods.

Bradley Barrett, formerly of Corning, is charged with grand larceny second degree. It is claimed that he secured a sum of money from C. S. Mayhew, East Second street under false pretenses.

Two charges are to be made against Francis Kelly of Elmira for assault, first degree, and for the crime of driving while intoxicated. Kelly is alleged to have pulled a gun on the bartender at the William McMahon cafe on West Market street, after which he drove the car through a large bill board in Gibson, it is said, while he was attempting to escape arrest.

Charles McGovern, of this city, will face a large charge. McGovern was arrested by the local police this summer on a charge of driving while intoxicated. He is alleged to have been driving a valuable diamond ring from his finger while the complaint was in the hands of the intoxicating drinks.

George Jennings, formerly of Corning, is charged with grand larceny, second degree. The complainants in the case are Hinchey and Leonard Spaulding who operate a garage on Chestnut street. Jennings is alleged to have tendered a fraudulent check to the amount of \$1,435 in payment for an automobile which is now confined in the county jail at Bath.

Charles Boxer, alias Brown of Belmont, who was arrested at Newfaneville and who was later identified by Chief Hander as being wanted in this state, will be charged with burglary third degree for the alleged stealing of some automobile tires in Horrell.

Burt Costley of South Danville is charged with second degree robbery in which \$25 in cash and a gold watch valued at \$48 was taken.

A charge of receiving stolen property will be made against John C. Horrell of Horrell.

The Ephraim Kewson of Horrell, is being held on a grand larceny charge.

Sarah Pulgrain, of Prattsburg, is charged with assault second degree on a woman in the town of Elmira. It is claimed that the defendant had a knife in her hand at the time the assault was committed.

James Cooper of Horrell, who married a Horrell girl over the protests of her parents, is charged with abduction. It is understood, however, that since his arrest that a reconciliation has been effected between the parents and the newlyweds.

Frank Marz, also of Horrell, is alleged to have passed a bad check on a merchant of that city. There are seven residents of the county who are charged with driving while intoxicated: William Drake of Bath; Leonard Jacobs, Bath; Wallace Shaut, Bath; Earl Marks, Canisteo; William Rorer, Horrell; James Gallagher, Canisteo; Cameron Towne, Bath.

Henry P. Livingston of Bath, who recently ran into the car driven by Sheriff Kellogg will be charged with reckless driving and Charles Gray, also of Bath will be charged with a similar offense.

## SEVERAL NAMES TO BE WRITTEN IN ON PRIMARY BALLOTS

Contests For State and County Nominations; No Candidates in City as All Hold Over For Year

Primaries of all political parties will be held in the various election districts of the city on Tuesday, September 16, the polls to be open from noon to 9 o'clock.

Election districts are not required to sign the register of electors at this primary. It is said, but no person is entitled to vote at an official primary unless his name and the name of the party with which he is enrolled appears in the register of electors in the election district in which he votes.

Voters are permitted to vote only the ballot of the party in which they are enrolled. Democratic ballots will be green, Republican ballots, cherry, and the Socialist ballots, yellow.

Voters who are not in the polling place at or before the time fixed by law for the closing of the polls will not be allowed to vote.

votes. If a voter wrongfully marks, defaces or tears a ballot, he may successfully obtain others, one at a time not exceeding all three ballots, upon returning to the inspectors each ballot already received.

The following is the list of the state delegation, state senator and county officers, which through the failure to obtain a sufficient number of signatures for the petitions could not be placed on the ballot, for the Democratic party. Delegates to the state convention and the alternate delegates of the First Assembly District of the Democratic party whose names will have to be written in on the ballots follow: Delegates, Floyd W. Annabel, Bath; Raymond T. Lane, Corning; Harry L. Cole, Fulton; Burton B. Wells, Tuscarora; Alternates, William H. Wood, Campbell; Katherine Moore, Bath; Minor E. Swarthout, Waynes; Holland R. Williams, Corning.

The name of Edward T. Murphy of Geneva, for state senator, and that of Charles H. Craig, of Jasper, for county treasurer will also have to be written in.

Floyd E. Whitman of Hornell was designated by the executive committee of the Democratic party for surrogate, but has declined to be a candidate. No designations for coroners or members of assembly in either assembly district of the county were made.

The various election places in the city are being fitted up today under the supervision of George W. Pratt, custodian of voting machines. The voting place in the seventh ward has been changed from West Fulton street to the vacant store at 41 West William street at the corner of William street and Dodge avenue.

The names of the candidates who will appear on the ballots for

the Republican and Democratic primaries follow: Republican—DeLussay J. Bennett and Dale H. Stalker for Congress; E. E. Cole for state senator E. C. Smith, for surrogate; John K. Ford, Peter J. Howe, W. B. Page, N. V. Harwood and Frank L. Norton for sheriff; F. H. Aulls, for county treasurer; Spencer E. Sollick and Eugene E. Webster, for coroners; William B. Mosser for member of assembly; delegates to the Republican state convention, R. B. Oldfield, Harris W. Fritchard, Robert Simmons, Charles L. Crane, Philip R. Kinella, Frank C. Philp, Wilson Mosser and Arthur W. Evans; alternates, W. W. Bachman, D. Ernest, R. G. Lawrence, George B. Strawbinger, Mary E. Fay, W. H. Connors and John C. Wheeler.

The names to appear on the Democratic ballots are: Charles Durham, for Congress; John Teeter and Frank Bartlett for sheriff.

In addition to these there are some names on both ballots for city offices but these will not have to be voted on at Common Council has made a decision that the present office holders will stay in office for another year in compliance with provision of the new city home rule measure. These names were printed on the ballots before a decision had been made on the matter and according to the election commissioners office at Bath will not appear on the ballots at the general election.

On the ballot of the Republican party there are eight names for delegates to the state convention and only seven are to be selected, thereby making a contest for one delegate.

## POST SCHOOL IS CROWDED

Grade One Suspended During  
Alterations on Pine  
Street Building

PAINTED POST Sept. 13.—In the building used for school purposes on Pine street, to accommodate the rush of little tots seeking to begin their education, school sessions for the first grade have been suspended while the second story is being renovated to take care of a third class room for the bestmovers and Grade 1.

The pupils in these grades are at present alternating with those in the second grade in the main school building, in order that the little tots may have some schooling while the remodeling is under way. Those in the lowest grade go to school one day and those in the second grade the next during the transition period. It is expected that the workmen will be through making the necessary changes next week, and that there will be some 57 young children attending "The Little red school house" on Pine street thereafter.

To Resume Work Monday

Francis J. Moran, of First street, who has been off duty 10 days by reason of a foot infection, expects on Monday to resume his work as a village mail carrier. In his absence his duties have been performed by Harvey L. Hawks.

Back in School

Roy Stage, of Fairview avenue, has returned to school on crutches after being laid up by the breaking of several toes which were run over by an auto truck.

Tax Refund Received

Hearts of many Federal income taxpayers in these parts are being gladdened by the refund, which is coming to them through the mails at this time.

To Leave Post Office

Charles C. Coats, of Canada road, leaves Monday for Ann Arbor, Mich., to take a course in business administration at the University of Michigan. To continue his education he serves from the position of auxiliary clerk at the local post office, where he has been a warm place in the esteem of his associates and the public by his uniform courtesy and efficiency.

His successor as auxiliary clerk under Civil Service rules will be Wilson W. Peet, who has been acting as special delivery messenger. Reuel Demby, a student at the high school, will become special delivery messenger.

Entertained Party of Friends

Miss Marjory Brown, of Charles street, entertained twelve young women in her class at high school yesterday in honor of her birthday. A winter and corn roast on Hodgman's island was followed

by a collation at the house and the evening was pleasantly rounded out by an informal dance at the town hall.

Painted Post Briefs  
—Leonel Pitts, of North Hamilton street, has returned to the University of Michigan.  
—Mrs. Warren M. White, of Fairview avenue, has returned from Hornell, where she attended the county convention of the W. C. T. U.

## WHY I WILL BE NOMINATED

I, John K. Ford, have completed this afternoon canvass of the sheriff situation in Steuben County.

The contest for Republican nomination for Sheriff is being held in Steuben County. I have placed his fate in the hands of the Republican organization as directed from Hornell. His claim for election is that as he is the picked candidate of the organization no one else should be considered of the primary law which was designed to throw the contest for preferment open to all that he is Hornell's candidate and that as "Hornell is a large city than Corning, the largest city in the county." It is entitled to name the SHERIFF of the field. A fourth candidate comes from a small town on the western edge of the county and his candidacy is backed by religious rather than political elements. I am the fifth candidate. I have the backing of practically every reputable Republican in the Concho Valley. I will carry Bath, my home town, by the largest primary majority ever accorded a candidate. My town of nativity, Campbell, will give me practically unanimous endorsement. The entire eastern and southern sections of the county are for me and all candidates, granting each of my opponents their fullest possible strength, will come to Corning and vicinity neck and neck, with practically the same total vote and equal strength.

Eastern and Southern Steuben and  
Corning City Will Cast The Deciding  
Votes That Will Nominate Me

## JOHN K. FORD

Why?

Because I, John K. Ford, am the only candidate in this contest who represents YOU.

Thousands of residents of the Concho and Canisteo Valleys will tell you that I am a man of highest character, fully qualified to conduct the office of sheriff in a MORAL, EFFICIENT and ECONOMICAL MANNER.

During all this campaign no man has even insinuated that I was not a fit and proper candidate for the high office. Therefore we can dispense with the question of my fitness with the answer that I am as fit and able as any of my opponents.

Now which do you want for Sheriff?

One candidate is the candidate of the Hornell Republican organization. Another candidate is the candidate of his own friends and factions. He has been repudiated by the Republican organization.

Two other candidates are "home-town" candidates out of the county running.

But I, JOHN K. FORD, am YOUR candidate. The candidate who fearlessly, honorably and capably will fill the office of sheriff as YOUR sheriff and not as the SHERIFF of a MINORITY political or other wise.

Hundreds of voters in Corning and vicinity are looking for an honest, honorable HE-MAN to vote for for Sheriff. I am THAT MAN. And I wear my collar except the WILL of the PEOPLE. I make no claims amount of prejudice, politics or as a resident of HORNELL.

I, JOHN K. FORD, the candidate of the people of the Concho and Canisteo Valleys will be elected by your votes. And this section will again, as it has in the past, give to old Steuben County, a big, capable SHERIFF who represents YOU all of the time.

Break the tie With a Vote for me, JOHN K. FORD. Give me YOUR vote and YOU will elect YOUR candidate and not somebody else's.

## SMOOTH PERFORMANCE

A marked smoothness characterizes the performance of Dodge Brothers Motor Car.

In keeping with the policy of constant improvement, effective measures have been taken to minimize vibration. Applied to the body, engine, clutch, brakes, and other vital units, these refinements add immeasurably to the comfort of travel over boulevards and country roads.

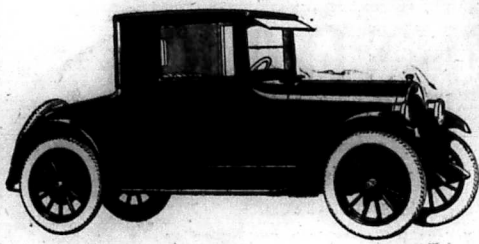

The effect is so pronounced, in fact, that it is entirely fitting to classify smooth performance as one of the outstanding attributes of Dodge Brothers Motor Car.
