Hunter recently fell into the hands of the police again when he was suspected of implication in the theft of a quantity of drugs from

the Bush Drug Company of Queso. The drugs later were found to have been poisoned, and deaths of two persons were traced to them. Hunter finally admitted that he, himself, was the author of the poisoning.

While police were holding Hunter in the drug robbery case a woman relative here lodged a charge of larceny against him, alleging

that he stole a diamond ring while staying at her home.

Modify the Straight-Line To Slenderize Your Figure

If you are inclined to be stout you must modify the popular straight-line dress. If you will use a pattern in which such a dress is slanted at the sides and gathered in a little at the hip-line, as in the drawing on the right, you will find the effect is slenderizing.

ECZEMA IN RASH FOR TEN YEARS
On Face, Neck, Arms and Body, Itched and Burned. Cuticura Healed.

"My trouble began when I was about eight years old. Eczema broke out in the form of a rash on my face, neck, arms and body. At first I had to wear gloves because the itching and burning were so intense that I rubbed the affected parts, which made it worse. The trouble lasted about ten years. "I began using Cuticura Soap and Ointment and they helped me. I continued the treatment and in about three months I was healed." (Signed) Miss Evelyn Herrick, 310 Magnolia St., Rochester, N.Y.

HAD TO LET HOUSEWORK GO

So My Husband had to do the Work. Completely Restored to Health by Lydia E. Pinkham's Vegetable Compound

South Bend, Indiana.—"I was all run-down, tired out, and had pains in my back and bearing-down pains. I was so sore I could hardly drag myself around and was not able to do a bit of housework. My husband worked all day in the shop, and then came home and helped me at night. The doctor said I had female weakness, and there was no help but to be operated upon, and of course that would cost a great deal. My husband heard about Lydia E. Pinkham's Vegetable Compound at the factory one night. He stopped at the drug store and bought me a bottle of it. I had begun to think there was no help for me, but I took three bottles of it and now I feel like myself once more. The price for three bottles wasn't as much as the doctor had charged. I cannot praise Lydia E. Pinkham's Vegetable Compound enough."—Mrs. DORA OSBORNE, 430 Sherman Ave., South Bend, Indiana.

Women troubled with female weakness should give Lydia E. Pinkham's Vegetable Compound a fair trial.

700 BOXES OF HOPS CROP PICKED IN MIDDLEBURG

MIDDLEBURG, Sept. 20.—Seven hundred boxes of hops was the crop picked in the past few weeks in the Finger lands here, the only hop fields remaining of the extensive acreage that once spread along both sides of the Schenectady creek near here. Thirty acres were under cultivation this year in the Finger lands and of that amount a third of the crop, devoted to early varieties of hops was lost by attacks of lice and mould. Before prohibition the Fingers alone picked annually more than 2,000 boxes, that product being used largely in the manufacture of alcoholic liquors.

BIG BLACK CRICKETS INVADE WEST CHESTER

WEST CHESTER, Pa., Sept. 20.—Thousands of big black crickets are invading homes in this place, probably in search of warm homes for the cold weather. They cause no damage, but are most annoying at night when they chirp loudly and disturb the repose of hundreds of citizens.

They are especially plentiful in the southwestern section of the town where they have arrived in swarms, cover the rear porches and creep into homes through every opening or hop in its doors are opened.

TO ERECT HOUSES TO SELL TO COHOS TEXTILE MEN

COHOS, Sept. 20.—The housing problem has become so acute in Cohos that the city has decided to undertake the erection of dwellings to sell at prices within the range of the workers in the textile mills which furnish most of the employment in the city. Bids have been received by the Cohos board of estimate and appointment for ten different types of structures, all one-family houses. The smallest house will have two bedrooms.

The city has arranged for the purchase of 20 acres of land, near enough to downtown to be accessible as homes to workers in all kinds of shops. It is desired to develop a separate community, with a recreation center having playgrounds and tennis courts for each group of 20 to 40 families. Lots will be large enough to permit the occupants to cultivate gardens.

It is planned to build the houses on a basis that will permit the sale of the smaller ones for \$2,500 and the larger ones for \$3,500.

TIAGANS TO GO TO PRESBYTERY

Northumberland Section Will Be Held In Williamsport Soon

WELLSBORO, Pa., Sept. 20.—The Presbytery of Northumberland will hold its annual fall meeting, September 24 and 25, at the Covenant-Central Church, Williamsport, Pa. This 25th meeting of the local branch of the Presbyterian Church will be attended by commissioners from 59 churches, located between Sunbury, Pa. and the New York state line. Many important subjects will be considered by the ministers and laymen. Dr. Hugh Black, preacher, author and college lecturer, will address the meeting Wednesday evening. From Tioga county, the following will attend: Rev. O. B. Willis, Ouseola; Rev. George Martin, Lawrenceville; Rev. F. B. McPee, Tioga; Rev. E. C. Potter, Mansfield; Rev. T. M. Hurst, Arnot; Rev. O. G. Cooks, Wellsboro. The lay delegates from Wellsboro will be L. Harrison, with Dr. F. H. Shaw, as alternate.

SAY SCHENECTADY HAS BEST LIGHTED STREET

SCHENECTADY, Sept. 20.—The best lighted street in the world is Schenectady's Erie Boulevard, a thoroughfare constructed across the downtown section of this city, where formerly ran the Erie canal, according to C. A. B. Halverson of Lynn, Mass., a street lighting expert. This opinion was expressed by a group of engineers meeting here recently.

Market street in San Francisco is the second rank of second best lighted street. The experts were careful to avoid classification of Schenectady as the best lighted city. Boston holds that honor, they agreed.

BALKY ENGINE FAILED TO STOP AUTOMOBILE THIEVES

SARANAC LAKE, Sept. 20.—A balky engine is no deterrent to unscrupulous automobile thieves who conduct their depredations in a business-like fashion in the Adirondacks. Last week Joseph C. Williams,

manager of the Fawn Club, left an expensive enclosed car with a repair man here for a minor adjustment. To make certain no one would steal the machine the repair man removed an essential part of the engine so that the car could not be driven.

Thieves were not discouraged, however. Tracks indicated that they had driven up, attached a tow rope to the disabled machine and towed it off to parts unknown.

The Lanchester Balancer gives Willys-Knight a vibrationless smoothness unique in a motor car.

Willys-Knight Scores Again

Men and women who drive cars rightly demand the most of them. They render a verdict of enthusiasm for the Willys-Knight. The test of everyday driving proves to them the completeness with which its latest refinement, the Lanchester Balancer, prevents engine vibration at any speed.

demand for the elimination of engine vibration has grown imperative. Willys-Knight supplies this demand—the Lanchester Balancer conquers vibration. The Balancer makes a better engine of the world's best engine—the famous sleeve-valve motor that improves with use. It registers another achievement for Willys-Knight,—the car that literally outruns its field.

Car owners, who object to vibration in open cars, find it amounts to a continually renewed irritation in closed cars. With closed cars coming more widely into use each year,

The Willys-Knight with Lanchester Balancer is on view now. Inspect it. Try it out. Then render your verdict.
