**AUTOMOBILE RAN DY
CAUGHT AFTER CHASE**

NEW YORK, Nov. 15.—A loan held-up in a motor car chase early today, ended in the running of the machine, for a man from the car and commanding a patrolman who had given chase.

The man finally was captured after a spectacular flight through city streets of more than a mile. Police said he gave the name of Henry Goldstein and admitted carrying a drug store of Jacob Davis and robbing the store of \$250.

**SIX SEED DEATH
THREE SUCCESSFUL**

NEWARK, N. J., Nov. 15.—Six persons, three of whom were successful, attempted suicide in Newark and vicinity during the night and early morning. The deaths are an unidentified man believed to be a World War veteran; Herman George, 78, and J. Frank Way, 75, of Newark.

The deceased were women and the third was a twenty-year-old girl.

"THE SURPRISING SEX"

By Mildred Barbour
Copyright 1924 by The Evening Leader

SUCCESS! Anna Denatello arrived in Washington in the early winter. She had advised Blake of her coming and he was waiting for her. For several weeks, she had been waiting for him in New York, preparing herself for her journey against Washington society. The results of her journey were evidenced in her vast assortment of luggage, which was formed the backbone of her wardrobe. She recalled how little room she had put him to under the circumstances.

"So you and Julia have actually separated?" Anna opened the subject when he climbed with her that evening at the hotel she had secured a suitable apartment.

Blake nodded, offered no comment. "She didn't return to Cranford."

He shook his head. "She's taken an apartment here in Washington," he said briefly.

"Poor little lonely creature!" Anna could afford to be magnanimous, but that was not what she wanted to hear. "Perhaps it's a good thing for her. She's a very nice girl."

Blake laughed shortly. "Julia seems quite self-sufficient."

"Not Julia!" echoed Anna in genuine astonishment. After a moment, she added gently, "About her, I'm sure."

Rotary Club Signs Gray-Lavigne for Concerts at C. F. A. December 4

J. C. Smart, chairman of the entertainment committee of Rotary, announced today that he had at last been successful in negotiating a Corning date for the noted violinist, Gray-Lavigne, the noted violinist. This ends satisfactory correspondence covering a period of a year and a half, making at least three efforts to secure this fascinating artist for Corning.

Gray-Lavigne will appear here December 4 in two recitals at Corning Free Academy, the afternoon recital being for school children at the popular price of 25 cents and the evening concert for adults with \$1 as the top price. The proceeds will be devoted to the charitable fund of Corning Rotary Club.

Gray-Lavigne is an outstanding artist on the violin and is noted for her originality and individuality with her chosen instrument. She is now on tour playing most of the largest cities usually at a \$2.50 admission. Her arrangement with Rotary was made purely on a basis that the proceeds were for charity and her terms were therefore finally reduced to permit the \$1 admission which Rotary feels is the proper price for the entertainment in behalf of charitable causes.

W. E. BROWN SAFE ON JOURNEY TO FLORIDA

W. E. Brown of Pine street who left Corning over a week ago, has arrived at Tavares, Florida, where he will spend the winter months. Mr. Brown made the trip by automobile, taking eight days for the journey.

He has written a letter to Secretary Win C. Slight of the Corning Auto Club in which he states that the Florida route recommended by the Auto Club is the most satisfactory of the southern routes. He also states that the country in the south is extremely dry and that driving is difficult because of the dust clouds in the vision of the driver.

Walter P. Chrysler Announces

25 Miles to the Gallon
58 Miles per Hour
5.25 Miles in 8 Seconds

With a full sense of the seriousness of the statement—carefully weighing the meaning of every word—Chrysler-Maxwell engineers, without reservation, promise you, in this new Maxwell, performance surpassing in every essential any four-cylinder car in the world today.

To make that sweeping assurance more definite and specific—we promise you in speed, in power, in pliability of power, in swift response, and even more particularly in riding steadiness and comfort, results no four-cylinder car has yet been able to attain.

To go still further into details, the new Maxwell has speed capacities far beyond any car of its type and class, and in the rare instances in which they may have to be used, will register them with an absence of vibration without precedent in four-cylinder construction.

Chrysler-Maxwell engineers have been actuated by the conviction that in addition to its inherent

and natural economies, the four-cylinder principle possessed possibilities of power and speed capable of being translated into ease and steadiness which have never been fully developed.

They set out to overcome what have all too readily been accepted in the past as limitations in the four-cylinder engine and to convert these limitations into positive advantages.

No one can doubt that success has crowned their efforts, after even so short an experience as a half hour's driving demonstration of the car.

Judged by the unusual and extraordinary character of its performance, this Maxwell is literally a new and immeasurably better type of four-cylinder motor car.

Repairing Hall
The town board has already started to have the town hall put in repair and to make alterations that will enlarge the seating capacity of the main assembly room so that it may be used better advantage for community gatherings.

The board took this action after receiving a formal recommendation that the hall be improved. The high school and village basketball teams hold their games in this building and it is also used for voting for both town and village elections and for town board meetings.

Last winter especially during the basketball season, it was impossible to accommodate crowds. Dr. John S. Thompson, Howard L. Woodruff and Ernest Sprunt were the committee appointed by the board with authority to see that the building was put in suitable condition for community purposes.

RECEPTION IS GIVEN PASTOR

Rev. and Mrs. George C. Horter Honor Guests of Port Congregation

PAINTED POST, Nov. 15.—The Baptist Church pastors were honored last night for the reception given by the Barren Men's Club in honor of Dr. and Mrs. George C. Horter. The rooms were beautifully decorated with chrysanthemums and mountain laurel. Shaded lamps and settees added a homelike touch.

John P. Luckey as master of ceremonies presided in his usual inimitable manner and introduced the speakers of the evening. The slogan of the Men's Club is "When Luckey is in Charge Look Forward to an Enjoyable Evening" and the crowd was not disappointed.

The following program was carried out: Invocation, the Rev. John Knox; piano duet, Mrs. S. D. Hoffman and F. C. Hubbard; address, the Rev. J. C. Knox; vocal duet, the Misses Bentley; address by the Rev. G. S. G. Harris; readings, Miss Katherine Linn; piano duet, Thelma and Paul Scott; vocal solo, Ruth Malloy; address, the Rev. David Haglund; recitation, Fuller Allen; address, the Rev. E. J. Sturtz; selections, Baptist Male Quartet; talks by the Rev. Dr. Horter and Mrs. Horter.

Light refreshments were served. The Baptist Quartet composed of Messrs. Skebbel, Kimball, Kelley and Wilder made its initial appearance and was greeted with rounds of applause, being forced to respond to an encore. Much credit is due to the Men's Club which had the reception in charge, and the members of the various women's classes who assisted in the decorating.

Philatelic Meeting
The Philatelic Club will meet at the home of Mrs. George Riddle of Brainerd Place Monday evening. This will be a get-together.

CHAUFFEURS' TESTS TO BE HELD AT BATH NOW

Under further notice, probably for a month, the Steuben County Motor Bureau announced this morning. This action is necessary because many of the inspectors have been called to Albany for further instruction, leaving only a few men in the field.

GAVE BIRTHDAY PARTY
Mr. and Mrs. Frank Walters delightedly entertained the members of their club at their home Thursday evening in honor of Mrs. Walters' birthday. Games and music were enjoyed during the evening. Delicious refreshments were served. Those present were Mr. and Mrs. C. J. Gooden, Mr. and Mrs. Delbert F. Felt, Mr. and Mrs. Ralph Felt, Mr. and Mrs. Ray Barnard, Mr. and Mrs. Kirta Graveland and Mr. and Mrs. Frank Walters.

REV. MULDER SPEAKER AT HORNELL RALLY

The Rev. John W. Mulder of First Congregational church spoke at "What's the Use of Christendom?" at the annual rally of the County Christian Endeavor Union, held in Hornell last evening. Dr. Bernard C. Clausen of Syracuse, who spoke here last year under the auspices of the Northside Bible class, was one of the principal speakers of the evening.

The rally will be continued next night. About 30 members of the Epworth League of the church attended the rally.

THE CROWN ATTENDS FAIR

Yack Central Bazaar Going Big; Expect Record Attendance Tonight

The second night of the New York Central Fall Bazaar is going big. The fair was a greater success than the first night many people being present. There was no rain last evening and the crowd during the early part of the evening was very gratifying. The crowd was the greatest during the dance, many of the people coming only for that pleasure. The dancing was better than the first night and to the fact that the floor was better condition.

The decorations being original and carried out with the color scheme of our national colors, red, white and blue makes the interior of the hall very attractive and makes a pleasing place for the fair.

The booths are restocked with new supply of merchandise and everything is set for the "big night" tonight when a record attendance is expected.

There has been so well supported by the public that it is expected the proceeds will swell the collection fund to a large amount. The proceeds will be used to equip the barge and pay off the original debt incurred. The men of the Association are to be complimented for their achievements and are ready to co-operate with any club or organization in the city or wish to build the building for any dance. Some talent production basketball.

PAVING POST-ERIN HIGHWAYS NEXT YEAR

Listed With Two Other Roads for Reconstruction; Four Other Highways to be Built of Concrete

The program of reconstruction work on state roads in Steuben County for 1925 will include three projects, the total mileage of which is approximately 10 miles according to an announcement made by Theron M. Ripley of Cornell highway division, engineer, to officials of the Corning Auto Club. All of this work is to be completed by the end of the new roads 18 feet wide.

The Paved Post-Erin road is the most important of the three projects as concerns this end of the county. It is planned to build about three and one half miles of reinforced concrete connecting Corning with the Susquehanna Trail and this work it is said has already been surveyed.

The Paved Post-Erin road is a macadam road leading out of Corning toward Post-Erin has been surveyed. The road is in poor condition due to the lack of a substantial foundation and it is hoped to overcome this when the concrete highway is built.

Another project scheduled for the early spring calls for reconstruction for about six miles south of Cohocton, on the highway leading through Wallace and Avoca to Bath. The other reconstruction job is the rebuilding of the concrete road between Bath and Hamlet, which is about 1.7 miles. All of this state work is given federal aid.

The program for new construction in this county for 1925 calls for four projects. The first is the Rathbone-Cameron Mills road which is expected to be built from Rathbone to a point east of Cameron Mills. The North Cohocton-Warland is another and the distance of approximately 1.3 miles in the Rathbone-Cameron Mills road. The third is the continuation of the Canisteo-Greenwood route.

RAIN NEEDED VERY BADLY

Only 1.4 inch of Moisture report in this vicinity Meteorologist

Corning has lost out again in the matter of rain, although other parts of the country have received considerable amounts of moisture, much needed locally. According to Meteorologist John H. Weeks of Binghamton, this was due to the fact that the moisture was split by an area of high pressure in the east of fair weather. The consequence was that the section got but .34 inch of rain. The fair weather was over the Texas area with low temperatures Saturday night of about 30 degrees.
