SAFETY FARM BILL  
"CAMOUFLAGE"

Dickinson Marketing Measure  
Attacked by Conference  
Chairman Carey

WASHINGTON, Feb. 28.—The Dickinson Cooperative Farm marketing bill, introduced by late house for the Capper-Ingalls bill, is described today as "camouflaged" by the president's agricultural conference as the "cleverest" piece of camouflage in the history of the senate.

Appearing before the senate agricultural committee, he said he drew by Henry C. Taylor, chief of the bureau of agriculture, who is a close friend of the president, and who is one of the greatest fighters ever seen in Washington, if enacted into law.

Defending the measure, Representative Dickinson (Republican, Iowa), said it would build from the bottom up by giving good advice all along the line.

The effect of the Capper-Ingalls bill would be compulsory regulation which would "set cooperative marketing back 25 years."

"These the members of the assembly full responsibility for the farmers' he asked, "or stand by and give advice so that the farmers may best help themselves?"

Head of Department on Stand

WASHINGTON, Feb. 28.—Secretary Weeks today told the house aircraft committee that Brigadier General Mitchell, assistant army air chief, had directly disobeyed President Coolidge's order in writing magazine articles without obtaining the approval of the War department.

The general, Mr. Weeks said, had the articles published without War department approval, although the War department had written him cautioning him against it.

After the 1921 tests Mr. Weeks said the secretary of the navy objected to several articles written by the general, and in order to prevent further controversy with the navy, he was ordered to submit further articles for approval.

Last fall, the secretary continued, Mitchell consented to the White House accompanied by a representative of the Saturday Evening Post to discuss with the president some articles he proposed to write. The president informed Mitchell he had no objection to the articles provided they were published in the War department's publication.

OSTEN'S PAY INCREASE BILL TO BE SIGNED

Measure, Even at Expense of Congressmen

BY DAVID LAWRENCE

WASHINGTON, Feb. 28.—(AP)—The House today passed a bill to increase the pay of the Speaker of the House of Representatives.

The bill, which would increase the Speaker's salary from \$15,000 to \$17,500 a year, was passed by a vote of 249 to 171.

The bill also provides for an increase in the salary of the Speaker's clerk from \$10,000 to \$12,500 a year.

The bill was passed despite the opposition of many members of the House, who argued that the increase was unnecessary.

However, the bill was passed by a large margin, and it is expected that it will be signed by the President.

The bill is part of a larger package of legislation that the House is considering.

The package includes bills to increase the salaries of other members of the House and the Senate.

The bills are part of a long-standing tradition of increasing the salaries of members of Congress.

The tradition is based on the idea that members of Congress should be compensated for their service to the country.

The bills are expected to be signed by the President in the near future.

Mrs. N. C. Badger, of 121 East First street, had her automobile slightly damaged yesterday afternoon when a truck owned by the Gorton Chocolate Company and driven by H. E. The child had her head turned and did not see the car. The girl fell on her hands and knees and Mrs. Thorne stopped his car and assisted her to her feet. She declared that she was not injured and refused to give her name or address. Mrs. J. Grady of 44 Elliott street, and Mrs. Fred Dittick of 143 Denatur street were witnesses of the accident.

A bicycle owned by Kenneth Rose of 43 Stuyvesant street was badly smashed yesterday when it was run over by a car driven by James D. Bridgeway of 168 Stuyvesant street. At a meeting of officers and others interested in Corning's Musical Art Society, it was decided to begin rehearsals for a spring Festival Concert to be given early in May. The following officers were elected: President, J. C. Smart; Vice-President, Mrs. J. H. Doherty; Treasurer, John H. Phillips; Secretary, Mrs. F. M. Smith; Director, C. C. Curwin.

A particularly fortunate as well as unusual selection has been made for the first concert of the organization which will be held the first of May in the State Theatre. This is "Hilwatha's Wedding Feast," a composition by Cole Porter and Taylor, arranged for both orchestra and mixed chorus.

This will undoubtedly be one of the best numbers which the organization has yet given, and all its past performances have been of superior quality. The first rehearsal will be held on March 16. The place will be announced later. Cards have been sent to those who have been members in former years and it is hoped that many singers who have not previously identified themselves with the society will join this year. Mr. Corwin will be glad to hear from any such singers for the society is a community organization and should have the support of all those who want the opportunity to study good music.

## Consider the Sales Woman

Shoppers and bargain hunters attention! Did you ever stop to think of the trials and tribulations of the clerks in the department stores during a sale. A day that is just one mad rush for the entire sales force, and of course for you, too, because you want to be there early enough to get the best of the bargains.

This morning the writer of this story was in one of the local department stores and heard an interesting conversation between two clerks. The meat of the story was about the different customers waited upon that morning.

As the story goes, a woman came in and asked for a piece of material that was on the very bottom of a big pile on the counter. After she eagerly sought for pieces of material was reached and examined by the woman, who asked for one-half a yard. The material was then piled up again and another woman came in and asked to look at the same bolt which had been placed again on the very bottom of the pile. The clerk, in the morning, went after the material again and measured out the required length. Then she piled it up again and thinking it would be a good idea placed that much sought after piece on the top of the pile where it would show to advantage.

About 10 minutes later still another woman came in and said she was just looking at dress materials, and after examining about every piece of dress material in the store, asked for four yards of the material that was on the bottom of the pile. After she left the store the clerk was heard to murmur, "It's no use. They'd want the material on the very bottom of the pile, even if the store was covered with other kinds just as pretty."

## Latest News of the Anderson Crusade Party

—BLYTHE.

—BLYTHE. IN THE NEW YORK TIMES.

Palmeville, Ohio, February 23.

George Wood Anderson, who recently completed the New Crusade in Corning, is preaching here tonight.

At the union meeting of the Progress and Knox Bible classes of Presbyterian Sunday School Wednesday evening, it was decided to hold a supper on Thursday evening, March 12.

The monthly meeting of the First Lutheran church of the Painted Post Methodist Sunday School was held Friday evening at 7:30 o'clock.

A most enjoyable meeting of the Women's Home and Foreign Missionary Society, the Elizabeth Williams Missionary Society and the local chapter of the Westministerian Society of First Presbyterian church, was held in the chapel, Friday afternoon at 3:30 o'clock.

Another unusually large congregation was present at the mid-week meeting of First Baptist Church. A baptismal service was held following the meeting.

At the address which he delivered

in two days last week, Tuesday, 12:00—Willoughby Kiwanis; 1:00—Willoughby High School; 2:00—Sermon in the tabernacle; 3:00—Address to official members at dinner; 7:30—Sermon in the tabernacle.

Because of the extra heavy work and his endeavored physical condition at this time, Dr. Anderson has not been able to write as much as his Corning friends as he would like to do. However he will send them a message in a short time.

One of his latest requests came last week when a Trenton, N. J., graduating class asked that he act as "guardian" for their class. It seems that each year the classes select, to quote from their letter, "one well-known man or woman whom they have met and respect to them. He had been chosen and they asked permission to use his name for this purpose and to use him as a guide for

them to pattern their lives after."

Concerning the other members of the party, Mr. Shank is and Mr. Grimes is glad now for Mr. Shank and her two children are at their home in Indiana and Mr. Grimes is with the party.

Mr. Shank and Mr. Grimes are both well liked in Painted Post and are becoming another one of their household large and people which they are obliged to carry with them, one radio and all their time listening to music in the air, when they are not busy creating music for the enjoyment of others.

The party miss Corning and the village folk are beginning to wonder if Corning is their summer home. The work in this place is very satisfactory from all aspects and given every evidence of growth and becoming another one of Dr. Anderson's great successes in the great work of winning men to Christ and in arousing the church members of the town to greater and better service.

## CHURCHES ARE NOW ENJOYING PERIOD OF BETTER ATTENDANCE

The churches in this city and Painted Post are rapidly undergoing one of the most remarkable periods for better attendance, for understanding and better feeling of fellow-ship than has occurred in some time without a doubt. This year will probably be a record year in the churches. A large amount of this interest and enthusiasm comes from the wonderful feeling of joy from the New Crusade. The churches however, did not participate in the Crusade are showing wonderful progress in attendance and on other factors that make a church a success.

The increase in attendance has been marked at every service but one that is deserving of special mention is the Sunday School service.

The attendance at this service has been increasing steadily in the various churches. This is especially true of the Painted Post Methodist Sunday School, which last Sunday had an attendance of 100, and Grace Methodist church, which last Sunday had an attendance of 155. No contest of any description was held in the churches to interest except the feeling of enthusiasm and interest that is shown in every church in the city.

The attendance of the other Sunday Schools in the city is a record to be proud of considering the size of some of the churches. Following is the attendance in other churches of the city (all Sunday): North Baptist, 100; Grace Methodist, 145; Christ Church, 165; First Presbyterian, 100; First Baptist, 145; New York Gospel Tabernacle, 124; First Methodist, 42.

## RECORD DAY IN GIBSON CHURCH

Church Shows Steady Improvement in Attendance; Carl Falk Delivers Sermon

The Gibson Baptist Church experienced another record day last Sunday. Every service throughout the day was largely attended. In the morning the pastor gave a powerful message on "Self-Denial."

In the evening service, the big crowd that has ever attended, was present. The auditorium was filled to capacity, and also the Sunday School room, and those who were not in the church, came to the church to hear the message and to see the work of the church.

Foundation Our Salvation," for his text, Exodus 12:15. He stressed the importance of the plan, which has been tested and it has stood the test; it has been accepted by God, when he put the test of it, and it is the only plan that will save the soul from the dead; and it is secure from the wrath of God when he shall put on his anger against them that reject Christ.

### Can Attack License Plates Before Jan. 1.

Governor Alfred E. Smith has signed the bill allowing the use of automobile license plates five days before the commencement of the year for which they are intended.

Corningites experienced much difficulty last year and in years previous because they could not affix the new plates to their cars until New Year's morning, although they had the plates several days in advance. Many violated the law by placing plates on their cars one day early.

Governor Smith has also signed a bill amending the motor vehicle law so as to require use of lights on parked motor vehicles from one half hour after sunset until one half hour before sunrise.

## Young-Maytag Company Opens New Store Today

One of the most attractive sales and display rooms in the city was formally opened this morning when the Young-Maytag Co. opened its Corning store.

The company is a combination of two well known concerns, the C. W. Young & Son firm, for years a leading hardware store in Elmira, and the Maytag Washer Company, national manufacturers of the electric washer bearing that name.

This company, which is expanding its service, has been distributing under a plan similar to the Singer Sewing Machine Company, has selected Corning as a Steuben district headquarters.

The new sales room is attractively furnished in sun parlor furniture and decorated with palms, making very attractive sales also.

The Corning store will be under the management of Don M. Thomas who has made an exceptional record as an expert Maytag service district man. The picture above shows the front of the new Young-Maytag store and the Corning store staff consisting of Mr. Thomas, J. J. Long, H. P. Dunn, T. F. Healy and E. S. Snyder.

## MAYOR HOME FROM MEETING

### Mayor and City Attorney at Conference of Mayors and Other Officers

The Conference of Mayors and other city officials held at Albany Thursday was one of the best and largest attended of its kind ever held, according to Mayor James P. Hallahan, who with City Attorney Frank H. Peritt represented Corning at the session. The main topics of interest to the Corning officials were concerning taxation and the increasing sources of revenue for cities.

Cities and villages are now, for the greater part of their limit, so far as taxation is concerned, new means for raising revenue were discussed by Luther Gulick, chief of staff of the special joint committee of taxation and retrenchment of the New York state legislature.

One method outlined was that a city department should be made as near self supporting as possible. It is all right to support departmental expenses by means of the general revenue raised by taxation, if the department serves the majority of the people. However, it was particularly pointed out at the conference that where there are special departments which serve only a minority of the people, then these people should, through the fee system be required to support this department. It is not fair to let the majority pay for the operation of a city department, which only a small part of the people use is the view of many.

In illustrating this the department of buildings was mentioned. This department serves only those who are building. This is usually 10 per cent or less of the population of a city. Then it was argued, these 10 per cent of the population should pay for the department through property taxes, adequate fees to practically make the department self supporting. It is unfair to make all the people support the department which would be the case if it were supported through the general taxation revenues, from which they receive no benefits.

Some of the existing sources of revenue which a city can take advantage of were pointed out at the meeting. Charging fees for building permits, fees to building contractors to seek permits to use the streets for piling materials, a charge for fees to auctioneers, junk dealers, milk dealers, proprietors of drink establishments, and others.

Mayor Hallahan stated that one of the features of the meeting was the attendance of nine of the past presidents of the conference.

Mayor Henry Shaw and Mrs. M. H. Shaw of Addison were in the city Thursday on a shopping trip.

Mr. Fred Deserion of East Third street has returned after visiting friends in Elmira.

## Crasy Bridge the Latest Game Played with Cards

Have you played "crasy bridge"? The new game is sure to become a popular indoor pastime, especially at parties where something different is eagerly grasped. Somebody posted the game recently, and it has spread like wildfire.

Now everybody wants to play it, and the fact is rapidly taking the place of such long "crasy bridge" is played with each of the four players seeing the others' hand, but not their own. The cards are held in backwash—face out. Bidding is the same as in bridge, they say, and the bidder glimpses at the others' cards in so doing. A player lays down a card without knowing what it is, until it is on the table.

In "no trump" bids some are created as a "dummy" led may win, even though an ace of a different suit is dropped down by another player.

"Crasy bridge" is as much fun as any other game of bridge—and possibly more.
