## CUTICURA HEALS ECZEMA ON FACE

In Burn, Spread to Scap, Itched and Rained, Face Very Sore.

"Eczema broke out on a rash on my face and later spread to my neck. The rash was very sore and very itchy. It caused a great deal of itching and burning and my face was very sore. The trouble lasted three or four weeks. I was treated with various ointments and ointment and could not get a great relief after the first night. I continued the treatment and in four weeks I was completely healed." (Signed) Miss Margaret Danow, Portland, Oregon.

When Better Automobiles Are Built, Buick Will Build Them

No. 9

1914-15

Question: Why does Buick use a one-piece front axle?

Answer: For safety and strength and care-free service. The Buick type is a one-piece, drop-forged I-beam. There are no brazed or welded parts to break off. In case of accident it can be easily straightened without the necessity of replacement. You can depend on a Buick axle.

## Interesting Sidelines on Boy Scout Camp are Given Out by Executive P. L. Dunn

In an interview today Scout Executive P. L. Dunn gave some interesting sidelights and pointers on the summer program for the Boy Scouts of Corning. When asked what would be the next big event in local scouting Mr. Dunn replied: "There will be two or three activities of district interest or importance including a final series of scoutleaders roundtables in District 3 at Bath, Thursday evening, May 12; District 1 at Watford, Wednesday evening, May 20; District 2 at Corning, during the third week of May; and an inter-council leadership conference at Mr. and Mrs. William Gaus, of Decatur street, Saturday and Sunday, May 9 and 10. Each district will send one delegate to this conference. District 1, Dr. D. L. Gleason, of Hammondsport; District 2, Ernest Childs, Watford; District 3, Fred G. Anderson, of Corning; District 4, Lyle Jackson, Hornell.

"But these meetings are primarily for the leaders. With there be any special activities for the scouts? rejoined the representative of the Leader. "It was pointed out that practically each active troop in the county has been ranging hikes and week end excursions.

"Important events are in store for Scouts. The Inter-District Scout Pow-wow at Poughkeepsie, May 23, 24, and 25, and Camp Gorton opening July 6. The names of the five picked scouts who will represent the council at the Poughkeepsie meeting have not yet been made public. It is likely they will be local scouts chosen one each from the four districts at Watford. The trip of 600 miles will be made by auto and every detail will be arranged to make it a pleasant and profitable excursion. The scouts are at the Pow-wow.

Camp Gorton registrations are being received daily. In spite of the fact that there is a shortage of troops without a single registration to date the total applications received will more than fill the camp for one-fourth of the season. All applications received before May 20 will be given preference in assignments.

It is to be noted that the scouts will be in the field for a long time. "The scouts will be approved" according to Mr. Dunn.

"Who are the boys now registered?" was asked, and Mr. Dunn

## SUGGESTIONS FOR SOLVING CROSS-WORD PUZZLES

Start out by filling in the words which you feel reasonably sure. These will give you a clue to other words crossing them, and they in turn will clue others. A letter belongs in each white space, words starting at the numbered squares and running either horizontally or vertically or both.

## HONOR ROLL ON CENTRAL

Men Given Recognition in Magazine for Vigilance and Attention

In the April number of the New York Central magazine is published a roll of honor of men who by their vigilance and attention to details have noticed incidents and have reported them so that they have been reported and possibly serious accidents have been averted.

There were eight men mentioned from the Pennsylvania division in this roll and these men who are from Corning are:

Henry Cushing of Corning, an engine man who while in charge of engine No. 1576, on February 11, discovered a bolt lost out of which length which permitted it to drop down. By careful management and quick repairs he managed to get the train to Avia without further trouble.

W. F. McKelard, brakeman at Clearfield, Pa., discovered Journal box on MOTM 2346 had entire bottom and sides missing and notified crew who had car switched out.

E. H. Engler, telegraph operator at Tioga, Pa., discovered a bolt on tank of train passing through Tioga March 12 and notified authorities.

A. J. Reicher, janitor Avia, Pa., on March 10, noticed brakeman down on a car passing there. He signalled the crew to stop and the beam was repaired.

W. F. McKelard, brakeman at Clearfield, Pa., while inspecting a train at WJ Tower on February 27, detected a broken arch bar on a car.

J. Henry operator at Lyons on March 5, discovered blazing journal on car in train and had train stopped at Lyons for investigation. On February 26, he noted a brake beam dragging and hot journal on a car in an extra train as it passed his station.

M. Johnson, freight brakeman at Avia, Pa., discovered a broken rail on a track in the yards at Avia.

H. Robert, passenger brakeman at Clearfield, Pa., observed broken tank truck on Engine 919 on February 29 and reported it to authorities.

Mrs. Edward Serrins of West Point street, has returned from spending several days with relatives in Buffalo. She was accompanied home by her son, Mrs. M. P. Ellis who will spend a few days here as her guest.

## NOTICES FOR DINNER OUT

James H. Perkins to be Speaker at Chamber Function Thursday Evening

Notices for the dinner to be held at the First Presbyterian church next Thursday evening were sent out to members of the Chamber of Commerce yesterday. This is another in the series of Chamber of Commerce dinners which James H. Perkins of New York, will be the speaker and guest of the evening.

Mr. Perkins, like other speakers working at the Chamber of Commerce dinners has a real background of success and varied experience. He was formerly vice-president of the National City Bank of New York and is now president of the Farmers' Loan and Trust Company of New York. He is a personal friend of Amory Houghton, president of the Chamber of Commerce, and will be his guest while in the city. Mr. Perkins has not announced his topic for the evening. Chamber members have been asked to be prompt with their reservations as the dinner is limited to 250. Women are invited as well as the men. There will be special music on the program including the Wing & Bostwick quartet, an orchestra in addition to the community singing. Corning Rotary is joining with the Chamber of Commerce for the occasion.

## DRIVER DRUNK IS FINED \$100

Tony Serdula Also Has His License to Drive Revoked by Judge

Tony Serdula, 25, of 122 East Tion avenue, was fined \$100 and his automobile operator's license was revoked when he pleaded guilty in City Court this morning to a charge of driving while intoxicated. He was also given a severe reprimand by Judge Wheeler who stated that such acts would be dealt with more severely. "A man might just as well take a gun and shoot himself in the head and down Market street," pointed out the Judge.

Serdula was arrested on May 6, by Officer Collins on East Market. When arraigned the following morning he entered a plea of not guilty and the case was adjourned today. When he appeared this morning, the defendant was represented by Attorney Thomas.

## CROUCH CASE IS DUE NEXT

Action Against Sumner Haskell to be Continued in County Court

The trial of Sumner Haskell, of Horrell, charged with a criminal assault on a 15 year old girl which was started in City Court here yesterday morning, was not yet completed when court adjourned last night. The prosecution in charge of District Attorney Cheney had completed its evidence which was followed by a motion made by Attorney Floyd Whitman for a dismissal of the action. The defense will be taken up Monday morning and it is expected that the case will reach the jury some time during the day.

The next trial to follow will be that of John Crouch, of Cohocton, who is under indictment on a first degree assault charge. It is alleged that Crouch had attacked Benjamin Stone of Atlanta at the former's home following which he barricaded himself in his house. The case of the People against Charles Becraft of this city for maintaining an alleged disorderly house will follow the Crouch case according to District Attorney Cheney. This case against Becraft is an outcome of a raid made at Riverside Inn by Sheriff Page and Federal officers several weeks ago.

## CLUB MUSICALE IS DELIGHTFUL

Mrs. Wallace S. Allen, George W. Pratt and Roger Murphy on Excellent Program

has been heard in Corning in the past musical program that years in the concerns of opinion regarding the musicale given last evening. The program was given by Mrs. Charles C. Gorwin at the formal opening of the new club house of Corning Woman's Club and which was attended by about 160 members and guests.

Mrs. Wallace S. Allen, soprano, more than delighted the audience by her concert in Corning and many hope that it will not be the last. Mrs. Allen has had much musical experience and her technical skill combined with her ability make her a vocalist of extraordinary charm.

The program was opened with a violin selection by George W. Pratt in concert in Corning and many hope that it will not be the last. Mrs. Allen has had much musical experience and her technical skill combined with her ability make her a vocalist of extraordinary charm.

The program was opened with a violin selection by George W. Pratt in concert in Corning and many hope that it will not be the last. Mrs. Allen has had much musical experience and her technical skill combined with her ability make her a vocalist of extraordinary charm.

The club rooms were appropriately decorated for the occasion by the house committee. A large floor lamp shed a soft glow on the piano around which were grouped palms and vases of cut flowers. Other vases of flowers were placed on the window ledges. The walls of the room are a soft cream and the wood work a flat white which makes a lovely background for practically any color scheme.

This was the formal opening of the club rooms which were opened only recently by the club. The rooms consist of a small reception hall, one large room with a balcony and a kitchen. A short flight of stairs leads to the balcony. The kitchen which is just off the main room is done in white and is being rapidly furnished.

At present the furniture of the rooms consists of grand piano, at 150 chairs, several articles of kitchen furniture, a small refrigerator. Blue and gold drapes have been ordered. The windows down but these will not be put in place until fall. As it is the custom to present a very attractive appearance and will grow more beautiful as more furniture is added.

Following the program delicious refreshments were served by a committee headed by Mrs. Cyrus D. Hill.

The program follows: I. L. Adeline, Sarazate, Mr. Pratt; II. (a) In the Time of Roses, Reichardt; (b) Jean Burleigh; (c) For You Alone, Gehl, Mr. Murphy; III. (a) Pace, Pace, Miss Verd; (b) Come, Child, Beside Me, Biechmann, Mrs. Allen; (c) Minuet in G, Beethoven; (d) Am Meer, Schubert; (e) Spanish Dance, Bostmann, Mr. Pratt; VI. (a) The Rose Tree, Wagner, Mr. Murphy; VI. (a) Down in the Forest, Ronald; (b) The Dying Swan, Lehar; (c) The False Prophet, Scott; (d) Anacrinella, Winne, Mrs. Allen; VII. Duet from H. Traveller, Verdi, Mrs. Allen and Mr. Murphy.

Much of the credit for the success of the opening is due to Mrs. Charles C. Gorwin, chairman of the musicale and to the refreshment and house committees. Mrs. Cyrus D. Hill was chairman, assisted by Mrs. William Sinclair, Mrs. J. C. Pinkston, Mrs. A. L. Darling, Mrs. C. B. Heller, Mrs. W. S. Heyinger, Mrs. Frank Dix, Mrs. E. J. Smith, Mrs. J. L. Felan and Mrs. N. ## PALIER HED IN CIVIL CASE

Keagle Seeks to Recover \$10,000 for Injuries in Alleged Assault

Floyd Palmer of East Syracuse, was arrested here again this morning on an order signed by Judge E. S. Brown, following the institution of a civil action against the man by Edwin S. Keagle, to recover \$10,000 for alleged injuries from an assault said to have occurred on April 24. Palmer came here today to answer to a charge of third degree assault in connection with the alleged assault but the trial of this case was adjourned one week.

Arrangements were made this afternoon by Attorney Thomas P. Rogers who appeared for the defendant to secure the bail. Attorney Virgil B. Tupper is bringing the action for Keagle. The order of arrest and the demand for bail is made to guarantee payment of any sum which the plaintiff might recover in the legal action which has been started.

Keagle was found on the night of April 24 in the rear of 28 West Market street in a semi-conscious condition with a head and face badly battered. He was taken to Corning Hospital where his injuries were examined and where he was confined for several days. An investigation was started by the local police on the day following and when they visited the home of Mrs. Edith McCloskey at 24 West Market street, it was claimed they found Keagle's hat and a pool of blood on the floor.

Palmer, a well known Corning engineer, was also found at the place and after being questioned was placed under arrest on the assault charge. The police claimed that he admitted that he had been a fight the night before and that he stated he had hit some man who had started some trouble with Mrs. McCloskey. Mrs. McCloskey was also questioned by the police and it is said she admitted that there had been a fight.

Keagle, however, claimed that he did not know how he received the injury as the last he remembered before being found by the police was when he was walking east on West Market street. The complaint in the \$10,000 action alleges that Palmer "struck kicked and made it a point to injure the defendant and injured him to such an extent that he was unable to attend to his business and caused him to incur a large expense for hospital and doctor bills.

## TOWN HALL TO RENT CHEAPER

Village Board Decides to Cut Rate; Donate to American Legion

At the regular monthly meeting of the Village Board held at Town Hall last evening the Board voted to reduce the rental fee on the Town Hall to all organizations except the High School from \$15 per night as heretofore to \$10 per night with the exception of the school which formerly was charged \$7.50 per night and they may now rent the hall for \$5 per night.

It was also voted to donate the use of Town Hall to the American Legion for the four nights of their fair in view of the fact that the purpose of the fair was a worthy one and would be a great benefit to the community. Only routine business was transacted in addition to these two decisions.

Those present were: President B. C. Peterson; Clerk, Harrie Anderson; Treasurer, H. W. Close and Trustees, W. J. Breck, E. M. Peet and E. S. King. The regular meeting night has been changed by the new Board from the first Friday of the month to the first Thursday.

Reflected heat makes the room feel like a fireplace. LAW NO. 4—Oil Burns Best in Reflected Heat.

## This way of oil heating ends all doubt

Install now and enjoy even temperature during the cold spring months

This is to people who loathe coal, but continue to use it. Who want an oil burner but are slow to accept them. Particularly to those who do not realize that the oil burner problem was solved six years ago.

**For any heating plant**

In more than 20,000 homes, Oil-O-Matic holds the same balmy temperature from fall to spring. Sudden zero blazes register decline on their indoor thermometers. All this without their giving it a thought. Their homes, they boast, are brighter and cleaner. No odor pervades their homes.

Nounpleasant noise is heard. This is what Oil-O-Matic offers you and everyone with any type of good heating plant. In any size home or building.

**Proved for six winters**

Six years ago Williams engineers found four principles that were being disregarded. These explained the difficulties others were having in trying to heat with oil. No oil burner can ever be made to work right if its principle is wrong. Then Oil-O-Matic was built. It was the first to make use of these laws. It cost them \$250,000 before they installed a single one in anyone's home. But now it has proved these laws for six winters. Not one single improvement change has ever been necessary.

**Safe, quiet, odorless**

There's no continuous pilot light—it has no place on a modern oil burner. No adjustment is necessary if you change from one grade of oil to another. No worry about the oil not lighting, or blowing out. Nothing but constant, automatic heat, pure and simple.

**We guarantee heat**

Let us inspect your heating plant. We will tell you if it is suitable for oil heating and what a guaranteed installation will cost you. Phone or call today. Pay for it as you enjoy it, if you wish.
