## ADMITTS SHE TOOK POISON

Mary Louise Browning, Newly Adopted Daughter of E. W. Browning Discouraged

NEW YORK, Aug. 8.—(AP)—Mary Louise Browning, newly adopted daughter of Edward W. Browning, wealthy real estate operator, admitted today that she drank poison this morning because of the "nasty things" which had been said about Mr. Browning's adopting her.

A doctor was called, but when he reached the girl already had vomited the poison.

"Why did you do it?" she was asked.

"I did it because I was hysterical and did not know what I was doing, and because of the nasty things Mr. Browning had said."

Mr. Browning, a commissioner of the department of public welfare, has been the subject of investigation into the circumstances surrounding her adoption.

He said that the "most unusual thing" he had ever encountered.

The girl and Browning had proposed to leave today on a week-end automobile trip, but this was cancelled after discovery of the girl's act.

DETROIT, Mich., Aug. 8.—(AP)—A fleet of commercial airplanes to carry Ford Motor Company freight to various parts of the United States will be one of the results of the purchase by Ford of interests of St. Louis Airplane Company.

In making this statement, Henry Ford said that the company plans to construct various large cities by airways and maintain a regular schedule of deliveries. The cities will include New York, Buffalo, Minneapolis, St. Paul, Cleveland, St. Louis and Indianapolis.

## SECRETARY HOOVER MAKES STATEMENT AFTER DISCUSSION

Gives Added Weight That Administration Has No Intention of Interfering in Wage Scale Dispute

SWAMPSCOTT, Mass., Aug. 8.—(AP)—President Coolidge and his cabinet members, including the coal business, should settle its own labor problems as he is hopeful that the industry will find its own solution.

Secretary Hoover made this statement today after he had discussed the anthracite situation with the president. It gave added weight that the administration has no intention of interfering in the wage scale dispute between hard coal operators and miners.

Mr. Hoover, who came to White House to invite the president to attend the San Francisco jubilee next month and to discuss with him serious problems confronting his department and the administration.

Admitting that he had discussed the anthracite situation briefly with the president, Mr. Hoover declined to go beyond his first statement of the executive's view toward industry and the solution of its labor problems other than to say that members of the cabinet were in accord with him.

The discussion was, said, however, that Mr. Coolidge and his advisers are hopeful that anthracite, coal operators and miners will adjust their wage dispute before the expiration of the present wage scale, September 1, despite the recent break in negotiations at Atlantic City.

Secretary Hoover took advantage of his first conference with the president since the executive left Washington to report on business conditions as he found them on an extensive tour through the west, and to express the opinion that the public went of the Atlantic coast is profoundly interested in development of waterways.

The United States, Mr. Hoover said, was never in such a strategic economic condition as at present. The public is cheerful and hopeful, he said.

Mr. Hoover said he had never before enjoyed and there is no unemployment of consequence. A strong advocate of the St. Lawrence waterway project, Mr. Hoover said he expects little development on this project unless engineering equipment is supplied, probably fast spring.

## NEVADAHAS HOOPER WAR PREHISTORIC RESERVOIRS LIBRARY HAS RARE RECORDS

GOLD HILL, Utah, Aug. 8.—(AP)—A series of six immense reservoirs believed to have been constructed about 50,000 years ago, and because of the similarity in Spring Valley, Nevada, by members of the Cosmographic Society.

The reservoirs are triangular in shape, the largest being 60 feet in depth. The retaining walls are about 400 yards long and 100 feet high.

The walls are from 6 to 25 feet thick and are believed to be composed of granite covered with debris.

The banks are so high that the water level is 100 feet above the level of the reservoirs.

## FOUR OF MEN INSTANTLY KILLED AND FIFTH DIED IN HOSPITAL SHORTLY AFTER

GOWANDA, Aug. 8.—(AP)—Five men were killed at a railroad crossing near last night when a Buffalo bound Erie passenger train struck an automobile in which state highway workmen were returning from work because of rain.

The dead, Henry Raper and Elmer Libotte of Otto and Gene Walte and Calvin Locks of Caltauville, William Merow of Caltauville, were taken to a hospital where he later died.

The crossing where the accident occurred provided no view of the approaching train. A heavy rain was falling. It was because of the rain that men who were employed on the construction of the new Broadway-Gowanda boulevard, had stopped work and were driving to Buffalo.

The train was bound from Jamestown to Buffalo, and was seen in Gowanda at 10:44 A.M. while saving time.

Harry Hall, farmer and head of the family, and his son Russell, 26, escaped.

Harry Hall, 39, Harold Hall, 17, and Viola Hall, 12, were killed.

Evening, six months.

The fire broke out from an undetermined cause in the Hall farm shortly after six o'clock this morning.

The fire was a great one at that time by smoke and jumped to the ground from the first floor of the house. Outside the house he was unable to gain admission. The fire spread rapidly. None of the family was seen.

Colonel Graves was 8 years old. He was a grandson of William, the eldest brother of John C. Calhoun, and his father, James Porterfield Graves of Abbeville county, South Carolina, was a general in the Confederate army.

He was graduated from the University of Georgia in 1878, after winning a college reputation as a debater. His inclination for the study of the sciences was known throughout the nation as a speaker of the first rank.

In 1905 Colonel Graves entered the Democratic campaign for United States senator from Georgia, but withdrew on account of ill health. He was candidate of the National Independence League for vice-president in 1908.

## 2 EXPLOSIONS IN EAST SIDE OF NEW YORK JOHN GRAVES DIES AT HOME IN WASHINGTON

NEW YORK, Aug. 8.—(AP)—Two bomb explosions shook the lower East side early today. The first occurred in front of a barber shop in East Thirteenth street and the second in front of an adjoining grocery store.

Windows in adjoining tenements and in the chapel of Grace church were shattered by the blasts and such excitement was caused among the Italian residents of the neighborhood that the police had great difficulty in clearing the streets.

There were no direct casualties, but Joseph Blum, proprietor of the grocery, was injured when a shelf of bottles and tin cans collapsed on him.

## TWO RECORDS ARE BROKEN IN WASHINGTON

French Aviators Aloft for Thirty and One-half Hours at Noon Today

WASHINGTON, Aug. 8.—(AP)—The national capital was a mecca for Ku Klux Klan members as Pennsylvania avenue was roped off for a procession of robes and hoods ranks in which Klan leaders believed 50,000 of their number would march along the route from the capital to the White House.

Beginning in the early hours of the day, special trains rolled in from widespread sections of the east to add thousands to the throngs which are expected to participate in the demonstration which will continue through tomorrow night.

The only make in evidence were those on small children, toddlers along with their parents. The uniforms of these children were similar to the regulation Klan dress.

In preparation for the parade Klansmen began to march on the streets, and those on the sidewalks gave them the Klan greeting, a left hand salute.

## LEADERSHIP

There are men and business institutions that never relax their integrity and never lose their leadership. The reason they are always leaders is that they strive with their mind, heart and soul to continue to deserve it.

This agency for nearly three quarters of a century has been enjoying the title of the leading insurance agency in the community. They have by their fair dealing set a standard that has given them a leadership that is enviable throughout the district.

And just as the founders have attained a leadership so has the present management carried the standard on. The present management schooled in the policies and business principles of more than three score years ago by their prompt payment of claims; their courtesy and fair dealing held and will continue to hold the agency in a position far in advance.

The roaring, tearing, 21-22-23-24-2-6-11-16 must be flying about  
31-37 my, what an awful wind! "6-2 is about," said I, "9-15 had better 14-15 very careful that  
37-38 does not 29-35-38 us!"  
"Yes, he may 25-26-27 you up!" said Mr. March 24-26-28-31, our  
Rabbit friend.

"That may be quite 5-8," said Mary, "but I have heard 10-11-  
12-13 of that kind of talk before. But 13-17-19-23 I've grown  
older, don't believe all of it."  
"Have you ever 29-30-31-32 him?" I asked Mr. Bunny, "18-22 are  
you trying to scare us?"  
"Once I did come very 35-36-39-41 to meeting him," Mr. Bunny  
answered. "But I heard him howl 40-41-42 terribly and so I  
crept away as fast as ever I could! But, I heard he has a great big  
tail 18-19 every 33-34-35 of his large paws!"

## KELLY REMOVED TO ORLEANS CO.

May be Sentenced to Auburn  
for Violation of His  
Parole There

Francis "Buck" Kelly of Elmira arrested here early Monday morning charged with burglary third degree after an attempt had been made to break into the Moore home on East First street, was taken from the jail yesterday to Albion, Orleans county, by officials from Albion.

Kelly was taken on a probation warrant for a violation of his parole and it was expected he would be sentenced today to a two- and a half year term in Auburn.

Several weeks ago Kelly became involved in some trouble at Albion and at that time was placed under parole, one of the terms of which was that he was to keep out of further trouble. Following his arrest here, the officials of Orleans county were notified by District Attorney Cheney and they immediately arrested the probation warrant.

**PERSONALS**

—L. William Graffoulier, of New York, is spending a few days with his parents, Mr. and Mrs. L. Graffoulier, of 16 East William street. Mr. Graffoulier is a senior in the Philadelphia College of Pharmacy and Science.

—Mr. and Mrs. F. E. Hewitt and son, the Rev. Harold Hewitt, have returned from a ten day trip to Lake George and other points of interest in the northern part of the state.

**ANNOUNCEMENT  
TO THE PEOPLE OF THE  
TOWN OF ERWIN.**

I have been requested by many of you to be a candidate this fall for re-election to the office of Supervisor. After careful consideration I have decided that it is my duty to run again for that office. I will be a candidate. I respectfully ask for your support. I thank you for your splendid cooperation in the past.

## THREE MORE SPURIOUS BILLS DISCOVERED IN CORNING AND ELMIRA

One Located at Tew Motor Sales But  
Its Source Cannot be Traced; Pair  
May Have Confederates

With the discovery yesterday of at least three more spurious \$10 bills, one in Corning and two at Elmira, the police of these cities are now inclined to believe that Ruffo Grandello and Edmo Latone, now held under bail of \$10,000 each at Rochester for the alleged passing of worthless bills in this city, are guilty and that these confederates have been working their same old game at the arrest of the two. One of the bogus \$10 bills was found yesterday by the Tew Motor Sales Company and was taken in by that firm on Wednesday although officials of the concern have not yet been able to trace the source of it. The bill was of the series of B-519102-B, the same as was passed on other places within the past two weeks. The two bills found at Elmira yesterday according to reports received here are of the series 1-A—which fact leads the police to believe that the passing of this worthless money has been the work of more than one party.

### PERSONALS

—Mr. and Mrs. Lewis P. VanWoert of Wall street have returned from a trip to Chautauque and Buffalo.

William T. Richardson, for over 40 years a well known resident of Corning, died at his home, 154 Park avenue, on August 8, 1925, following a fall in which his hip was broken. His health followed and death came this morning due to complications.

Mr. Richardson was born in Newcastle, England, 76 years ago and came with his parents to America when he was five years old. The family moved to Scranton, Pa., where Mr. Richardson resided prior to coming to Corning 40 years ago.

He was married 45 years ago to Miss Elizabeth Purdy, of Scranton who died 10 years ago in Corning.

Mr. Richardson for 23 years was employed as a machinist by the old Fall Brook mill and company and for 12 years held a similar position with the Shepard Electric Company at Monticello Falls. He was a member of the Masonic fraternity at Scranton, where he was the second oldest member of the lodge. He was also member of Christ Episcopal Church.

The deceased is survived by one son, William B. Richardson, 154 Park avenue and by two daughters, Mrs. Boyd Mahaffey of East First street and Mrs. Edna Inland Palmer, of Towanda, Pa., formerly of Corning.

The funeral will be held at the home of William T. Richardson Monday afternoon at 2:30 o'clock. The Rev. William B. Hayes, minister of Christ Church will officiate. Burial will be made in Elmira cemetery.

—Mrs. T. J. Mark and daughter, Mrs. William Phillips of Bridge street, and guests, Mrs. Elizabeth Hayes and daughter, Robert Lee Mack of Boston, Mass., visited at the home of Mrs. Mrs. Andrews of Elmira Wednesday.

## OVENS USED FOR STORAGE

Clothing Placed There While  
Moving Causes Blaze at  
Shattuck Home

A new use for ovens was discovered by the Corning fire department today when after being called to the home of Charles E. Shattuck at 53 East Fullerton street, a quantity of clothing was found stored in the kitchen oven.

Shortly before 9 o'clock this morning the home began to fill with smoke and an alarm was sounded. When the firemen arrived no blaze could be found and after a search of some time the source of the smoke was discovered as coming from an oven on the kitchen range.

When the oven was opened it was found to contain the clothing. The family had recently moved and in the confusion, resulting from the moving, it had been forgotten that some clothes had been packed in the oven. Because of the loss of the clothing no damage was done.

## BRIEF FILED HABEAS CASE

Seek to Have LeClair Decker  
Released from Jail in  
New Proceedings

Attorney Thomas F. Rogers today received a copy of the brief filed this week by District Attorney Guy W. Cheney in his habeas corpus proceeding brought to have LeClair Decker of this city, released from jail. Briefs on both sides have now been filed and the decision of Justice Thompson is expected within a few days.

Decker is now being held at the Bath jail pending the proceeding. Last February he pleaded guilty to a charge of driving while intoxicated and was fined \$100 and sentenced to a term in Auburn prison. The jail sentence was not imposed and he was arrested in Corning on an indictment charge and served 60 days at Bath.

It is contended by the defendant's attorney that under the law existing at that time that Decker was not liable for the offense and impose the remainder. The proceeding is brought as the result of a new state law which became effective on April 1.

## Road conditions Reported by the Corning Auto Club

There have been many changes in road conditions since the last report, which affect materially the pleasure of the tourist. Starting out now without information about roads is similar to starting out blindfolded. Most routes are now possible in most cases which provide with but few miles of travel free from travel. New York State police must resign themselves to several years of rebuilding until such a time as all roads are resurfaced with concrete, detours will be frequent and annoying.

**Corning to New York:** The Lepre route has several detours. These are caused by the way travel around construction. Via the Lackawanna Trail. There still is, and will be for the entire season, a detour from the Lepre route. This is caused by the interrupted by the bridge being at Halsted. A ferry of the Lepre route will be lost on these. Via the Lackawanna Trail.

**Corning to Buffalo:** The Lepre route has several detours. These are caused by the way travel around construction. Via the Lackawanna Trail. ## BIG MACHINE IS COMPLETED

Ingersoll-Rand Foundry Turns  
Out 30 Stroke Air Compressor, Largest Ever Built

A 30 stroke air compressor, the largest ever built by the Ingersoll-Rand foundry and in which 10 tons of iron were incorporated was turned out yesterday afternoon, the first of an order and the first of its type ever built in the local foundry. A force of several workmen were engaged on the construction from Monday morning until Friday afternoon.

Up to this time the largest compressor ever turned out was of the 24 stroke type but such was the state of efficiency that the unusual order was handled with the addition of hardly any new equipment.
