Leader Want Ads Pay.

(POLITICAL ADVERTISEMENT)

To The Public—

It is NOT true that Mr. Rood has promised, nor have I sought appointment under him for City Clerk.

I want but one office — re-election as Alderman from the Seventh Ward. I will accept no other office.

I ask the votes of my constituents for Alderman Tuesday.

It is true that Mr. Sebring three times offered me appointment under HIM as City Clerk but that each time I told him my place politically was in my ward as Alderman.

How many others he has offered the same appointment I do not know.

CAMPBIGN FOR ASSEMBLY ENDS

Messrs. Confident of Being Re-elected; Mrs. Thompson His Opponent

Assemblyman Wilson Messer, of Corning, closed his campaign for reelection this afternoon after a circuit of the district. Part of the week he was accompanied by District Attorney Guy W. Cheney. Mr. Cheney predicts "the usual Republican majorities and that Messer says he "sees no reason why he should not be re-elected by even larger majority than last year."

Mr. Messer is opposed by Mrs. Susanna S. Thompson, of Berlin, who has made a close and able canvass of the district. She will receive in some districts a large complimentary vote. Mrs. Thompson is making her main campaign on her position in favor of the hour labor law for women. She is an able campaigner.

Mr. Messer, however, states that he did vote for a 48 hour law and that the records will substantiate his position in the matter.

The basis on which Messer is urged for reelection is his record for his district. He is a member of the Assembly Committee on Internal Affairs and of the Committee on Education and the Board of State Highway Construction; He has also been very active in the Corning-Watkins Hammondsport-Penn Yan and many other roads were added to the Hewitt Map of highway construction.

He introduced in the Assembly important legislation in the interest of the Members of the Bath Soldiers' Home that paring both houses and became a law.

HALLAHAN NOT AFTER OFFICE

Retiring Mayor Declares He is Not Seeking Appointment as City Clerk

Mayor James T. Hallahan was disappointed when he was asked what he intended to do with his extra time after the expiration of his term as Mayor. "My time will be devoted after January 1, 1926 to my family and my employers," said the Mayor.

"It has been suggested that I may be city clerk under Mayor Rood. I wish you would advise me that I have not been offered the place and that I would not accept the place."

"As I stated in my letter to the Democratic City Committee, declining the nomination for mayor on the Democratic ticket, my only interest was in being able to continue after 11 years of public service was that my own personal interests had been neglected and the time has come when I must give my entire time and attention to my family and employment."

"If I were going to continue in city affairs I may as well have been a candidate for reelection. I do not mean to say that in my opinion I am not qualified to perform the duties of the office, but I am relinquishing all interest in the city and its various projects. I will be very interested in seeing Corning continue to be a community where harmony and good will prevail."

RUNAWAY TEAM INJURES MAN

Jerome Wheeler, Hammondsport, a Brother of Corning Woman; Will Recover

Jerome Wheeler, of Hammondsport, brother of Mrs. Olive Davis of 115 Perry avenue, was painfully injured when a team with which he was plowing ran away. The team was frightened by the shot of some hunters and ran for 500 feet over the frozen ground, dragging Mr. Wheeler, who had wrapped the reins around his body. He sustained two broken ribs and several cuts and bruises on his face and body.

Mrs. Davis was visiting at his home at the time the accident occurred and has just returned to her home in Corning where she left his condition, was much improved.

Mrs. Davis had gone to Hammondsport to visit her mother, Mrs. Mary Wheeler, who is well known in Corning where she is frequently the guest of her daughter, Mrs. Davis and who is now at the home of her son, Mr. Wheeler. Mrs. Wheeler will be remembered as the recipient of the evangelistic meetings conducted here by Dr. Anderson last winter when the bouquet was offered to the woman who could lay claim to the greatest number of yards. She will be 83 years old on election day and is still as hale and hearty as when she arrived last winter. She is especially interested in the current events and happenings and one of the great deities of her life was to be able to vote.

Cold Weather Dangers

The rapidly approaching cold weather months are open season for fire losses. More disastrous fires occur in winter months than any other time in the year.

Overheated furnaces and ranges, as well as carelessness in leaving combustible materials laying around are some of the most common causes of winter fires.

Nothing is more terrible than to be burned out of house and home—at any time but to be driven from one's home by fire in the winter time is most pitiful.

Caution, at all times, should be displayed—but insurance protection is absolutely necessary. Insurance is the mantle of protection for yourself and family against loss in the event that fire should visit you.

This agency, founded nearly a century ago, has started—and has been continuously—giving fire protection to this community. It has faithfully served the people in advising the proper insurance and has built an enviable reputation by its service and courtesy to its clients. It has grown under its founder's business policy—carried on by the present management—to the position of leader in the insurance business in this section. Its long experience and reputation makes it the logical agency for you to consult.
