GENERAL INCREASE IS REPORTED IN BUSINESS THROUGHOUT THE CITY

One Leading Store Announces 30 Per Cent More Business During 1925 Than in Previous Year

A 30 per cent increase in business during the year before is announced by one of the leading stores of this city while other larger establishments also report improvements in business during the past year. In individual cases the percentages have been more or less but the average estimate is about 10 per cent.

Business activity in the first two months of the year was making for a bright outlook after that it picked up steadily and practically all of the 10 months following brought larger volumes of business than the corresponding months of the year before. One clothing merchant stated today that his business for the past year was the largest he had ever experienced. None of the stores was

able to give exact figures on the percentages of gains but in nearly every case a most profitable year was reported.

The momentum given to merchandising in the spring when satisfaction in employment and the inauguration of the spring building seemed to have continued throughout the balance of the year, sales maintained a high level. In December when unusual holiday buying gave assistance of the prosperous condition of the year as a whole. Universal use of the automobile has brought to Corning an increase in business from the outlying districts and preliminary conditions are made that the year 1926 will continue to mark excellent business conditions.

Men troops will present demonstrations in fire by friction, signaling and first aid. The speaker of the event is the Honorable Edward H. Gendall, of New York. Mr. Gendall comes to the council very highly recommended as a speaker and leader in social work. He has been connected with the scout movement eleven and one-half years, two years of which he served as a Scout Executive in the United States. In September 1916 he became the Scout Executive in Des Moines, Ia., in which position he served very efficiently until March, 1921, when he was called to Omaha, Neb., where he served for five years as the Scout Executive, during the course of this time developing Camp Gifford, which is a year-round scout camp. During two years of this time he was President of the Council of Social Agencies; helped organize the "Community Club" of Omaha; Chairman of Social and Community Welfare Committee on the city of Omaha; and active in the philanthropic work. This Social and Community Welfare Committee organized and conducted a Kidie Camp in the city of Omaha for underprivileged children.

Mr. Gendall was born in Newton, Pa., April 4, 1883. He is a high school graduate and spent two years in Preparatory School and college.

After taking up Scouting he was employed for seven years by the Y. M. C. A. He was connected with the International Committee for a year, and then served several years as membership and social secretary of the 23rd street Y. M. C. A. in New York City. Following his work in this position, he became County Secretary for Delaware County, N. Y., where he served for two and one-half years.

"Friends of Scouting and parents of scouts are cordially invited to the meeting. Dinner reservations should be made with local headquarters in Corning or with District Commissioner Fred C. Anderson at the Corning Glass Works.

F. A. ROBBINS WILL SPEAK

Former Hornell Mayor to Give Talk at Annual Meeting of Auto Club

Hon. Fred A. Robbins, of Hornell, has been secured as the speaker for the annual meeting of Corning Auto Club to be held next Tuesday evening at the Odd Fellows Temple. The meeting is open to all motorists, whether members of the club or not.

Mr. Robbins is a former mayor of the city of Hornell and is one of the leading attorneys of the state. He is well known in this city where he has been heard before. He has been active in automobile club affairs and it is expected that his talk will be of great importance to all motorists.

The annual election of officers will be held at this meeting and other important business will be transacted. Jay S. Retan has been president of the organization during the past year.

A program of entertainment is also to be provided but the committee in charge has not yet completed all arrangements for this.

SUFFERER A STROKE

Clark H. Keagle, of 215 East Second street, retired New York Central engineer, suffered a stroke at a breakfast table while walking on East Market street about 8:30 o'clock last evening. He was taken to his home by one of the players of the Parcell garage and Dr. E. H. Hudson summoned. Mr. Keagle suffered a stroke on his left side, but this morning had improved so that he had recovered the use of his leg.

PLAN TURNER SUFFERER

Kappa Sigma Phi Class of the First Presbyterian Church will hold its regular monthly tureen supper in the church dining room Monday evening at 7:30 o'clock. Mrs. John L. Holly is in charge of the supper assisted by Mrs. N. K. Badgley. Following the supper a social evening will be enjoyed.

SNOW BLANKET COVERS CITY

First Heavy Downfall of the Winter Brings Total of Eight Inches

Corningites awoke this morning to find the earth blanketed with a covering of snow eight inches deep. Outside of a few minor difficulties including the suspension of street car service no great damage was caused due to the extreme lightness of the snow.

Railroad passenger trains arrived in the city during the morning hours were all late but by afternoon the trains were all practically on time. The Corning & Painted Post street car line was unable to run any cars in all early this morning but by 11:30 o'clock the company had succeeded in getting a car through to Painted Post.

The company had its snow plows working all night with a lot of men in an endeavor to clear the tracks clear but the lightning of the snow caused it to be very easy and they found it almost possible to keep the cars away from the bridge street. The bridge street service started shortly after 5 o'clock and by afternoon the regular schedule had been resumed.

Computers had considerable difficulty in getting their work done due to the suspension of their services and automobile were put into service carrying passengers from Corning to Painted Post. Various prices were charged and some were forced to pay as high as 75 cents for the service. The fire department was on the job early prepared for the emergency by installing the snow plows on the fire apparatus in addition to equipping the team with the extra heavy tire chains to reduce traction in the heavy packed snow.

The restaurants did an unusual business at noon, many workers deciding not to go home because of the snow.

SOFT-COAL DANGERS

The continued use of soft coal in the furnaces of Corning residents has created an added menace to local property.

Many of our customers have realized the increasing dangers and have taken out more insurance protection.

This is a commendable action on each customer's part in view of the increasing numbers of chimney fires due to the ignition of soot.

Your property is entitled to this added protection, too. You are invited to call on us.

BROWN AGAIN HEADS STATE AUTO CLUB AS RESULT OF COURT RULE

Decision Giving Bogart Control Reversed; Secretary Baker is Ousted; Brown Sends Letter

"Of as in, an as in" is a term that should be applied to the organization of the New York State Automobile Association. Information was received by officials of Corning Auto Club today that another change had been effected in the official state of the state society and that Oscar J. Brown is again president. E. H. Bogart of Kingston, elected president at the state convention held the office of vice president.

Another change made in the personnel of the official family of the state organization is the ousting of Herbert W. Baker as secretary with Miss Jane S. Lade being named in his place. Mr. Baker's removal was announced yesterday and was caused because of his alleged "lack of sense of proportion" and because of his "unauthorized and pestiferous interference." This information was also received today by the local auto club.

When the annual convention of the State Association was held at Lockport in October a split resulted with two sets of officers being named, one faction being headed by Mr. Bogart and the other by Mr. Brown. Each faction claimed to be the State Association and the affair was carried to the Supreme Court. The split was caused by President Brown's ruling on the Association voting in which he held that only directors and delegates of the Association were entitled to vote.

A few weeks later a court decision handed down in which the Bogart faction was declared to be the legally elected officers. Now the word comes here that this decision has been reversed and the Brown faction now takes control of the Association. The latest order provides for a special election to be held at Rochester some time in February and this will undoubtedly result in a real hot contest.

In the meantime the Brown faction is riling the organization. The Corning delegation at the state convention was lined up with the Bogart faction, due to action of the local club directors in instructing the local delegates to oppose the proposed insurance scheme of President Brown.

The factional fight with Mr. Brown at its head, comprised the following officers: First Vice-President, William J. Weopner, Buffalo; Second Vice-President, J. S. Hamilton, Gloversville; Third Vice-President, Leo Coupe, Utica; Treasurer, H. W. Robbins, Medina; Secretary, H. W. Baker, Albany; Directors, E. H. Bogart, H. W. Robbins, Medina; Frank H. Baues, Troy; Peter G. Trefk, Albany; Dr. S. W. Thompson, Oswego; F. S. Hamilton, Gloversville; Hugh M. Brewster, Ogdensburg; M. E. Gregory, Corning; W. H. Sullivan, Syracuse; Leo Coupe, Utica.

The meeting over which President Brown presided did not name any secretary and the ticket headed by H. W. Robbins, Medina is in control follows: President, Oscar J. Brown, Syracuse; First Vice-President, E. H. Bogart; Second Vice-President, F. W. Sessions, Utica; Treasurer, M. L. Hemminger, New York; Secretary, F. C. Parsons, Cortland; Directors, H. W. Robbins, Medina; A. W. Ford, Binghamton; Alexander Park, Sherrill; W. J. Wopner, Buffalo; E. J. Barrows, Jamestown; L. R. Nichols, Schenectady; E. J. Burnett, Oswego; N. S. Brunner, Little Falls; Peter G. Trefk, Albany.

The communication received today by the Corning Auto Club from President Brown is headed "Back to Normal" and reads as follows:

"After six weeks of an attempt to overturn the business and affairs of this Association we have returned to normal.

"Ray C. Parsons who has been Treasurer of this Association for twelve years is to continue to receive and take charge of the funds of the Association.

"The Legislative activities of the Association will continue to be in the hands of the Legislative Committee which functioned so ably last year under the leadership of Melvin T. Bender, who has been named for the Association for upwards of twelve years last past and is thoroughly familiar with the Legislative activities and the needs and desires of the Association. His association on this committee are Charles W. Woborg of Jamestown, N. Y., J. J. Skinner of Medina, George S. Tinkler of Palmyra and Harry R. Maple of New York.

"The Good Roads committee will continue to function under Chairman Frank M. Baues, who has been in an able record in this line last year.

"Due to the permanent absence from the office of Win C. Stoughton, who acted last year as chairman of the membership committee, Herbert W. Baker, of Binghamton, N. Y., has been appointed to carry on these activities. With him are Ray C. Parsons of Cortland and Frederick W. Sessions of Utica.

"Unfortunately, however, in spite of the record of service he has rendered and because of his lack of proportion which has led him to be disobedient not only to the officers of the Association but to the expelled with the Association itself, it has been necessary to discontinue the services of Mr. Herbert W. Baker, who has formerly acted as secretary of the Association. Miss Jane S. Lade, who has been in practice charge of the Association office for the last twelve years has been appointed and will act as secretary of the Association.

"I regret, however, to announce that the severing of Mr. Baker's connection with the Association was not accomplished early enough to prevent great damage to the Legislative cause of the Association and motorists in general throughout the state.

"Three years ago at the earnest request and after several efforts upon the part of this association and other organizations interested in automobile legislation there was established a committee on motor vehicles which in one place the consideration of legislation affecting automobiles, eliminating the very disagreeable situation which required our representatives to appear before half dozen different committees, having these matters in charge.

"Since two days before Christmas and up to and including yesterday Mr. Baker has bombarded the members of the Legislature with letters and a resolution purported to have been adopted by the New York State Automobile Association, directed against the reappointment of last year's Chairman. This resolution was never in fact adopted by the Association or any board or committee connected therewith or pretending to be connected. As a result of his unauthorized and pestiferous interference with the internal workings of the legislature which continued even after Mr. Baker was preemptively ordered to cease his activities the leaders of the Legislature have done away with this committee whose appointment we brought about and with whom we were able to work with a great deal more facility than in the other way. We have not only lost our gains in this respect but have dealt a fatal blow to our efforts to procure the enactment of a similar committee at the organization of the next Senate."

NOTICE

Notice is hereby given that I the undersigned collector of taxes in and for the town of Hotsy have received the tax roll and warrant for the collection of taxes for the present year. I will collect same for thirty days at one per cent. I will attend at Brown's store on Jan. 12, 1926 and at Chas. Han's store, Jan. 14, 28 at Perenah's for the purpose of collecting the taxes assessed upon such roll. Dated this 4th day of Jan. 1926. Holly Stephens, Collector.

WORLD WITHOUT

Corning Cooperative Savings and Loan Association

You cannot contemplate a world without savings. You may frame in your mind a picture of a world where everyone for himself keeps alive somehow—something like the Fiji Islanders, but they save as well as civilized peoples. Your mind cannot grasp a condition so hopeless, so ridiculous. Do you, figuratively speaking, live in such a world.

Failure to get ahead in the matter of saving is largely due to the fact that you will not realize that the small amount you can easily save will amount to wealth. Look about you. The wealth of the world is fabulous and yet it had a beginning.
