

MISS HODGKIN TO KEEP HEIR

Wedlock Who Inherits \$400,000 Estate

PROVIDENCE, R. I., Feb. 27.—(AP) Miss Anita Hedekin, church social worker of Beverly, Calif., has won the right to keep her adopted son, one year old Lawrence "Rocky" Hedekin, after a trial in Rhode Island estate.

Charges of collusion of fraud in the adoption of the boy were denied by a superior court at Oakland, Calif., after a trial in solving a three-cornered battle that took in interests of three states.

The decision vindicates Miss Hodgkin and the Misses Mary Ellen and Anne Hodgkin, who are distant relatives of the boy, who had been an evidence of conspiracy to deprive the baby of the estate.

Lawrence was born out of wedlock to Miss Lorraine Beckwith at Los Angeles, who died four days after his birth. The mother was a daughter of Mrs. Beckwith, who is a resident of Cambridge, Mass., who will be creating a trust fund of \$400,000, of which the boy is to receive one-third.

Four Killed When Twentieth Century Hits Car At Coldwater

SALE OF BONDS WITHDRAWN

Canisteo Stockholders Will Work Out New Details for Financing S. Co.

CANISTEO, Feb. 27.—The Times says: The campaign for the sale of bonds by the Kd. Venerable S. Co. has been withdrawn and the sale given up by the committee in charge. The response to the request for purchase of these securities was not great and after making an intensive effort for several days not enough of the bonds had been subscribed to make it seem probable that the entire issue could be sold.

The directors of the company and the Chamber of Commerce are now planning some other method of providing the necessary funds to enable the S. Co. to continue its operations. Complete details of these plans are being considered and hence cannot now be announced.

The situation is serious, however, and the committee having charge of this matter is urging the people of Canisteo to realize that this is the last effort.

Here is a fine industry, fully equipped and ready to go forward with a successful business. All it needs is capital. Unless this capital is provided the industry must close. Canisteo people have already placed some \$25,000 in this industry. Failure to protect the productive power of the industry is bound to seriously affect the value of the amount already invested.

Whereas if the factory is placed in a position to go ahead, now that it is thoroughly established, it has become a thriving industry and of great value to Canisteo it is sincerely hoped that whatever the men having this matter in charge may present, the people of Canisteo will respond to it and keep for Canisteo this fine industry.

To those it was before it had even had a chance to show itself, would be a travesty indeed.

The men in charge of this factory are thoroughly reliable and capable men. They came to Canisteo on a definite promise from the people of this village. This promise has not been kept and a result Ventr Co. has been kept from getting their business under motion and making a good showing. They have not had a fair chance to prove their worth. To throttle them now for lack of capital is not only unfair but it is very short-sighted policy.

For failure to stand squarely behind this proposition reflects upon the entire community and is bound to have an adverse effect upon any future attempt to establish industry in Canisteo.

\$6,000,000 FOR DEVELOPMENT OF TERMINALS AT ALBANY FOR OCEAN SHIPS ON THE HUDSON

ALBANY, Feb. 27.—Plans for developing an inland port for ocean ships on the Hudson river at Albany were made public today by the Albany port district commission, of which Frank C. Tierney, Albany, is chairman.

The commission announced terminal developments to cost \$6,000,000, which are to be ready for service by the end of 1930, by which time the United States government is expected to inaugurate the "deeper Hudson" dredging project, for which Congress already has authorized an appropriation of \$11,000,000 for creating a channel 27 feet deep at low tide in the Hudson river far as west as the city of Albany.

Fred Stewart Fails to Appear to Answer to Charge of Assault

ADDISON, Feb. 27.—Fred Stewart, aged 31, of Addison, arrested by Chief James T. Frawley, was taken before Justice John Peck, Delmar M. Darrin on a charge of second degree assault. A warrant was sworn out against the man by Mrs. Blanche Damon of Conger Avenue, wife of Henry Damon, Mrs. Damon, it is alleged, charged Stewart came to her home about 9 o'clock Saturday night and broke open the rear door and entered the house. According to her story, Stewart clubbed her by the neck, choked her and knocked her down. He then pulled her through the back door and threatened to do "harm, unless she consented to leave the house with him, Mrs. Damon alleges.

Mrs. Damon states that Stewart, to threaten her, drew from his pocket a knife and as he did so she grabbed the knife and threw it. Stewart then left the house and was afterwards arrested by Night watchman Ezra Varns on an information charge. Stewart paid a fine of \$100 and was released on his plea of guilty.

His arrest on the assault charge followed later in the day. At that time that Stewart entered the Damon home, Mrs. Damon states that her sister, Miss Marian Sibley of Addison, and Harold Langender of Corning, were in the house and witnessed the assault.

Stewart's father, Almirson Stewart, identified his son for \$100 which was forfeited when he failed to appear at his trial. It is rumored that Stewart left town, and last Saturday afternoon three walk-

Farmers Join in Hunt for Sheep Killing Coyotes

ALBANY, Feb. 27.—(Special)—Orleans county thrillers today over a real coyote hunt. Lately, but not always, more than forty farmers-laborers are tramping the northern borders of Townsendsville, Orleans county, searching for the pack that has repeatedly attacked sheep and other livestock throughout the section. Reports of \$100 have been offered by the county for every coyote killed.

According to reports the coyotes were seen in Indian county residing near the village of Newburg, where several years ago the call of the wolf would be so prevalent in the hills and valleys that many a one coyote has been killed. The animals are reported numerous.

COAL PERFORMANCES

Every day and every way we are doing all we humanly can to meet the demands for Anthracite. Our stock of hard coal—Egg, Stove, Chestnut, Pea and Buckwheat—is not yet normal, but we feel we are in a position to meet all reasonable demands. Deliveries are not as prompt as we would like, but then that's your fault. Anticipate your needs as much as possible, then order and we will perform.

"Anna S" Lump and Morris Run Wash are still in great demand and we stock accordingly. They are real competitors of Anthracite.

The prevailing prices on hard coal are as follows:

EGG—\$14.35 a ton	CHESTNUT—\$14.35 a ton
STOVE—\$15.00 a ton	PEA—\$10.50 a ton
	BUCKWHEAT—\$8.00 a ton

The soft coal market, particularly on "Anna S" and Morris Run still remains the same, namely

"ANNA S", a ton	\$10.50
MORRIS RUN WASH, a ton	\$12.50

We have a very fine medium volatile soft coal at \$7.50 a ton.

LECTURES ON RADIO, PLAN

Seek Use of High School Auditoriums to Accommodate Those Interested

Plans were made to ask permission of the three school boards in Corning and Painton to hold public lectures in the school auditoriums after March 13 for the purpose of having the services of radio experts speak on various problems of radio reception, at a meeting of the committee of organization of Corning Radio Club and other radio enthusiasts.

There were 15 members present at the meeting at which Kenneth Nutton presided. The technical committee reported the preparation of a special apparatus which it is expected will be completed by the week of March 13. The Boards of Education will be asked if the auditoriums may be used for the purpose of the lectures and demonstration by electrical and radio experts from Corning, Elmira and the General Electric Co.

At the next meetings demonstrations will be made of various forms of interference and the cause of same. John E. Rolfe was appointed chairman to make the negotiations with the Board of Education. Dr. H. M. Blake Gage was appointed chairman of the committee on application.

Although no drive has been made for membership applications are constantly being received by the secretary, Curtis White.

SILK CO. EMPLOYEES ESCAPE DEATH IN ELEVATOR CRASH

HORSEHALE, Feb. 27.—Two men employed in the plant of the Merrell silk Co., escaped death when the elevator in which they were riding fell three stories.

The accident was due to the breaking of a shaft on the lifting device. The car hit the bottom with a tremendous thrust and, although the two men, one of whom is a Claude House foreman in the plant, were shaken up, they were not badly hurt.

More than 250 curious, ancient autographs and paintings, inherited by a Japanese nobleman were sold at auction recently for \$1,225,000.

PROGRAM FOR CONCERT HERE

Mrs. Mary Huber White to be Soloist at Glee Club Entertainment

The Glee Club of Corning Free Academy is again to be heard in concert at the school building of the High School Auditorium. In spite of unfavorable weather of the concert given last year, much more varied and interesting program has been arranged, and under the capable leadership of Charles C. Corwin, who is superintendent of the club and orchestra will be heard in their fullest capacity.

Three excellent soloists have been secured to lend their talent toward making an interesting program next Tuesday. Two of these are Misses M. H. H. and M. H. H. who are more or less familiar to all Corningites, but the first of these is Mrs. Mary Huber White, who has just returned from a tour of the West Coast.

Mrs. White is a soloist of the Corning Free Academy, and while she has not sung at public functions at the Episcopal, Presbyterian and Methodist Churches in Painton, Pa., she has sung at the Episcopal Church, in Painton, Pa., and at the Methodist Church, in Painton, Pa.

Her husband, Mr. H. H. H., is a member of the Corning Free Academy, and she has sung at the Episcopal Church, in Painton, Pa., and at the Methodist Church, in Painton, Pa.

DECEMBER 16, 1925

On March 22, 1923, Buick celebrated the building of the millionth Buick. Approximately eighteen years were consumed in the accomplishment.

On December 16, 1925, Buick reached the million and a half mark. A million Buicks in eighteen years—the best production in the history of the automobile industry.

At the present time, public demand calls for more than 20,000 Buicks every month. This means the next half million in the hands of Buick owners, within two years.

These facts figure tell a graphic story of Buick's continuous advance to public demand. The great acceleration of demand, at the present time, speaks strongly of the increased value and desirability in the Buick Buick.

Leadership belongs to Buick because a nation familiar with many motor cars has given it to Buick.

The American public wants "fast transportation at lower cost," and Buick provides it.

YOUTH TAKES PURSE AND MONEY; ADMITS THE THEFT

While one lad was making a music lesson in the Blair Musical studio on West Third street, his boy friend tried of waiting for him to finish, searched some clothing trunks in the room, and found a pocketbook containing something over a dollar and swiftly made his escape.

The girl student to whom the purse was returned, discovered the fact shortly after the boy's disappearance and a report was made to the police. Detective Broder and Officer Crandall, who investigated after going to the home of the boy on East Third street, secured an admission from him. Nearly all of the money was returned to the owner, and the boy was fined after warning the boy he was dismissed.
