RECONSTRUCTION OF LEAGUE COUNCIL
IN THE HANDS OF ONE
OFFENDING NATION
BIG TWO MADE ERROR

GENEVA, Mar. 6.—(AP)—The first time in the history of the League of Nations Great Britain and France can be said to have the cards are in the hands of Germany.

This statement was made today by a prominent personage in summing up the turmoil over the reconstruction of the council of the League, which is to come up at the session beginning next Monday and which has been delayed since the Geneva incident.

With Germany sure to secure admittance to the council, the present situation is taken to mean that Germany's consent must be obtained for any plan of reconstruction of the League council, and in particular as regards the candidacy of Poland.

In the greatest part of League circles the opinion prevails that Germany's refusal to accept the proposed Polish candidate is a tactical error in launching Poland's claim for a permanent seat under conditions which made it appear that there was a fair prospect of securing the seat.

LENINE STATE APES
"MISS LIBERTY" HERE
MOSCOW, Mar. 6.—(AP)—Patrolled after Bartholdi's statue of liberty exhibited in Moscow, the entrance of New York harbor, the national salute and the raising of the American flag.

JURY DISAGREES
CHELSEA PROHIBIT CASE
BOSTON, Mar. 6.—(AP)—Disagreement was reported today by a federal jury in its verdict on Lawrence F. Quigley of Chelsea and 12 others, charged with conspiracy to violate the national prohibition laws.

SPEED EFFORTS
AT OIL CITY
Reports of Approaching Rain
Storm Hurry Work on Ice Gorge

Oil City, Pa., Mar. 6.—(AP)—As dissipating reports of an approaching rain storm over the district, the big ice train which is to be used to break up the ice in the Allegheny river was speeded in the hope that it would move out before the expected rains send flood waters for a channel time late in the Allegheny valley cities and towns.

Dr. Howard T. Barnes of Montreal, Quebec, has been treated with the ice with thermite, the heat generated by a chemical combination of barium and strontium nitrate with which he hopes to weaken the barrier and send it downriver.

Dr. Harris says infant death rate can be cut still further. Details separation suit on reconciliation is unlikely. Dr. Harris announced plan for "Balkan" "Locarno" to insure peace, about whose hold-up suspect, who is captured.

WORLD BRIEFS

WASHINGTON
Navy Department wants officers to pay bills, especially alcohol. Coolidge reiterates danger of Federation deficit for 1926.

Albany
Smith calls Post Authority's bridge bond for example for State.

FOREIGN
Four justices by John Constable stolen from the British Royal Academy.

Sweden expected to sacrifice its Council seat for League harmony. Expansion in delay of American Medical Constitution will be in line with the League.

Walter Lee, banker, urges European Trade League to obtain open market for Europe. A. M. Carlisle, P. C. designer of Titanic, dies in London at 72.

NEW YORK
New York bankers backed move for St. Paul receivership. Ex-Gov. Lehman's resignation accepted.

Maryland an oration. Governor Ritchie condemns federalism and prohibition in plea for states' rights before Senate.

FINANCIAL AND BUSINESS
New bonds issued during the week. Commercial reporting agencies see nothing to warrant a market rally.

Senate defers action on reappointment of Charles W. Hunt. Federal Trade Commission, after two hours debate.

THIRD DAY OF EAST
LORDS
The 21st day of fasting for Lady Fisher, wife of Sir Warren Fisher, of the British treasury, who is taking the fruit juice cure at a sanatorium at Tring, Hertfordshire, she is neither hungry nor has she given up athletic pursuits.

Three companies announce extra or increased dividends. National Food Products Corporation sells securities under contract.

All detected orders out at dawn in drive on criminals; right of search in homes of American fugitives. Amundsen sails today to complete plans for flight over North Pole.

College Enrollment Shows Steady Gain

College enrollment for the United States shows a steady gain during the school year 1925-26 according to statistics gathered by Raymond Walters, dean of Swarthmore College.

The total enrollments of others among the twenty largest universities are as follows: Chicago, 12,950; Illinois, 12,725; Michigan, 12,161; Wisconsin, 11,727; Ohio State, 10,752; Pittsburgh, 10,465; Harvard, 10,286; Boston, 9,567; Northwestern, 8,717; New York University, 8,618; Columbia, 8,222; Cornell, 7,420; Texas, 7,202; Southern California, 7,164; University of Iowa, 6,915; Syracuse, 6,478; Colorado, 6,155; Oklahoma, 5,915.

The five largest exclusive women's colleges are reported as follows: Smith, 2,152; Wellesley, 1,371; Vassar, 1,149; Goucher, 1,037; and Mount Holyoke, 992.

No other country in the world is opening such educational opportunities to youth.

The Mystery of the Mayas

As early as the second century after Christ there was a substantial civilization under way in Central America.

The great mystery of the Mayan civilization is that of its extinction. As early as 1492, and possibly much earlier, the Mayas had developed a method of reckoning time which is quite as accurate and complete as our own.

The complete Maya calendar is capable of fixing any given date exactly and uniquely in a period of over five thousand years.

This calendar, and the cases of astronomical knowledge which must be back of it, appeared in Central America at least as early as the 10th century B. C.

Who invented it? Where and when did it first appear? These are the questions which must be answered before the mystery of the Mayas can be solved.

Oh—I Say!

A flood of opposition has developed in New York to the proposal to read the ten commandments in the public schools.

PETEY—The Hard Boiled Egg

—HEY!! ANOTHER GOT ANYTHING AROUND TO EAT? —LOOK IN THE PANTRY, YOU'LL FIND SOME PATÉ DE FOIES GRAS

—I CAN'T EAT THAT STUFF—IT GIVES ME GOOSE-FLESH!

Flashlights

TWO BATTERIES EACH of thirty-five 750-watt flashlight cells in addition to sixteen torches are used to illuminate the waiting room of Chicago's new Union Station.

IN CINCINNATI THEY now have an electric lighted race track. This new sport has taken the city's storm and nightly gray clouds and whippers race around the quarter-mile track in the light of electric lights hot on the trail of a stuffed rabbit which mounted upon a wheel, moves electrically around the track.

What Editors are Saying

Something like that doesn't improve to any notable extent with use is a calendar.—Detroit News

CONGRESSMEN might more frequently know what the people want if the people knew.—Haltmore Sun

EDITORIAL PARAGRAPHS

According to Lloyd George, slums always breed communism. That is doubtless true, but don't forget that a lot of it is hatched in the parlor, too.

THE REWARD invites many to join the bait but there is that touch in Oosting as in all humanity that hopes the prisoner once outside the walls will make good his escape. Otherwise honest men and women will often lend aid out of pure sympathy.

NEW PLASTER HEADS NOISE

PHOTOS FROM PANAMA HATS

SHOES GIANT AFRICAN THIEF

MAKING SHOES FROM Panama hats is not sound practice, but it is being done.

Discovery in Central Africa of a tribe of giant negroes, a seven-foot king is reported by William J. W. Room, secretary of the British Foreign Bible Society.

THE TRIBES, says Popular Science Monthly, comprise 2,000,000 persons whose average height is between six and seven feet.

THE AMERICAN pioneer may have had a lot of lonesome evenings, but he didn't have static to contend with, anyway.

"In the News" Reading Club

Each Day a Popular or Important News Subject Discussed

IRVING BACHELER HAS FAITH IN MAN

"I think that the rural population is the great hope of America today," asserted Irving Bachefer, when I called on him at his comfortable home in New York.

"It is conservative," he still stand for the old moralities. It should be remembered that morality is not a thing that changes like the fashions of your dress.

"Those people of the hills and valleys are the real backbone of our country. I have always delighted to write of them, to tell the story of the hardships that they have overcome, of the great moral victories which they win, of their love of beauty and their simple faith in God and man."

"The main business is not making money but making men and women of the future. Women must not be slackers. As conditions are today, we're not as happy as they were in Revolutionary times. Life is the making of men and women."

"I think the Church is the one agency which should check and subdue the lawless spirit of youth. I fear that parents have been lax in their duty of disciplining and leading the children. I wish there had been more money and mother love. I have been busy with social duties."

—Mary Siegart in Success Magazine

SEDAN \$595

THE MAGIC OF A LITTLE CARD

When a client insures his automobile with us he is presented with a little identification and service card. This card when presented anywhere in the United States to a representative of the company we represent, entitles the insured to every courtesy, attention and assistance, in the event of an accident.

This little card is intended to place the entire agency and field forces of this company at your disposal in the event of an accident for the purpose of rendering prompt and intelligent service in an emergency in any part of the country.

Therefore, not only are you assured of the utmost service in this neighborhood when you need it, but you are assured of like service thousands of miles away from home.

This agency has built a great business in the last three quarters of a century on little services such as this. It has acquired an enviable reputation by its efficiency and service to its clients. Ideals and business policies instituted by its founder have brought it to the position of the leading agency in this community. Consider the national scope of the companies we represent and the reputation of the local agent when you are thinking of insurance. We are always ready to aid you in the selection of the proper insurance for your needs.

Houghton Called Home by President—Will He Succeed Kellogg?

CAPITOL SEES CORNING DIPLOMAT AS LOGICAL SECRETARY OF STATE

If Kellogg Retires as Rumor Has It, Then the Change But Ambassador Says Visit is Primarily to Come Here

(Continued from Page One) The New York Herald Tribune's Washington Bureau says: "Announcement at the White House this afternoon revealed that Ambassador Houghton at London and Minister Hugh Gibson at Geneva have been requested to return to Washington to consult with Secretary of State Kellogg over plans for the preliminary conference on disarmament, to be held under auspices of the League of Nations.

Mr. Houghton and Mr. Gibson will sail on the United States liner President Roosevelt, March 7. They are expected to reach here the middle of the month for extended talks with Mr. Kellogg and President Coolidge. Word that they had been called to Washington for the preliminary conference on disarmament, to be held under auspices of the League of Nations.

HEAT FOLKS

Warmth and sunshine! Let the Heat Folks give them to you. No home can be happy and sunny unless the household machinery runs smoothly. And nothing helps as much as good coal in making that machinery run smoothly.

Call the HEAT FOLKS for good, clean coal

Harold Huber

DODGE BROTHERS, INC.

Only STEEL could meet a test like this!

A Dodge Brothers Motor Car . . . A speeding truck racing down hill and out of control . . . A collision . . .

Take one look at this photograph. It is not pretty, to be sure, but it will convince any sensible man that all steel construction is the only safe construction for a motor car body.

That is why Dodge Brothers introduced the all steel body more than eleven years ago, and this year greatly improved and perfected it.

In fact, Dodge Brothers are convinced that the day is not far off when wooden motor car bodies will be a curiosity. People will shudder at the thought of having ridden in them and will thank Dodge Brothers for the greater safety, durability—and beauty, too—of all steel construction.

A steel body will stand up under impacts that would crush the average body to bits. Steel cannot splinter. Steel cannot burn. Steel is an armor of protection on the crowded, hurrying highway.

The car will continue to be a "four" but no reasonable buyer will be deterred from the issue of QUALITY by mere CYLINDER propaganda.

County Basketball Championship up for Decision Tonight

Rochester Pitcher "Big" Moore is Injured in Practise

PAINTED POST-SYRACUSE GAME IS POSTPONED

It was announced yesterday at Painted Post High School that the basketball game scheduled for tonight at Syracuse between the Post High team and the Syracuse Central High Five had been postponed until next week Friday, March 12.

Postponement was made late yesterday morning after word had been received from Syracuse, to the effect that they had had a conflict in schedule dates and that they would like a postponement.

This will be the third time Post High School teams and Syracuse Central teams have battled together. Twice before the teams have met on St. Mary's court and each time Syracuse has emerged victorious, but only after a hard contest. The Post seeks revenge.

Tampa, Fla.—Rocky Kansas, lightweight champion, secured a technical knockout over Freddy Jenkins, England, six rounds, tonight at Tommy Foster, Minneapolis, Minn. Jenkins, Havana, won on a foul from Tommy Quinn, Brooklyn, 1 round.

San Francisco—Tommy O'Brien, New York, beat Tommy Cello, San Francisco, ten rounds.

RICKARD KEEPS SILENCE ON GO FOR JACK, GENE

Gibson Admits Tunney Has Been Signed—State Body Demands Will

NEW YORK, Mar. 6.—(AP)—Tex Rickard maintained his policy of silence today as gathering reports indicated new steps by the heavyweight champion bout between Jack Dempsey and Gene Tunney. Rickard was quoted by the New York State Athletic Commission for an hour, but he announced at the conclusion that the subject of a heavyweight title match between Dempsey and Tunney was not to be discussed. The Commission, however, took cognizance of a report that Rickard had declined to announce that his support of Harry Wills as leading challenger had not been withdrawn.

Gibson Admits Match

"Dempsey will fight Wills before he needs any other challenger," said Chairman Farley. "There would be no objection to a match being staged outside of this state, so long as the bout is to be decided in Chicago."

The champion, mentioned in Chicago, refused to confirm reports that he had agreed to meet Tunney next August at Hoyle's Thirty Acres, Jersey City, but Billy Gibson, manager of Tunney, admitted at Miami Fla., that he had entered into an agreement with Rickard for the fight.

"But I haven't received any notification that the champion has yet been matched," he added.

FIGHTS LAST NIGHT

By The Associated Press

New York—Manny Wexler, New York, beat Ernie Davis, England, ten rounds. Izzy Schwartz, New York, outpointed Young Denzio, Philadelphia, ten rounds.

Detroit—George Pfister, Toronto, Canadian welterweight champion, won a technical knockout over Joe Brown, Detroit, six rounds.

JITNEY DANCE TONIGHT

WILLIAMS' HALL DANCING 9 TO 12

MUSIC BY Knickerbocker's Troubadours

NORTHSIDE HIGH, HORNELL HIGH AND C. F. A.

Flip of Coin May be Determining Factor in Hard Fought Supremacy Contest

With tonight's game at Painted Post gym between the Corning Free Academy and the Hornell High School, comes the possibility of another county championship resting in this city for the ensuing year. If the Academy team comes through victorious, they will be the "Champs" and will go to Ithaca next week to play in the finals.

However, Hornell has a hard fighting team, and if they win, the three teams, Northside, Hornell and Academy will be tied again, and the flip of the coin will decide who will take the title, as there is not enough time left to play another series of games before the finals.

All three title contenders are nearly evenly matched, and the game tonight will be a battle of wits and pluck, rather than the last county battle of the Academy team of last year, which was a battle of brute force against Gollitzer.

The Academy will take the floor with the same lineup that it used against the N. H. S. last Wednesday. Tunney and Latham at forward, Morrow at center, and LeVine and Moore at guard. The team played the entire game last Wednesday with the exception of Latham who was substituted for by Russell in the last sixteen minutes of play, and played so good that Coach Craumer decided they would be the ones to take the title tonight.

The Hornell team will probably line up with Coddington at center, Vain and Trawley at forward and Terry and King at guard. This team is the same one that lost to the Academy at Hornell, and also the same one that nearly beat them at their home court. They will meet up a harder fight than the N. H. S. did, because if they lose, it is all over with their chance for the title. Beach and Eckly will handle the point. The game will begin at 9:15 and will be played at the same place, the new Post gym.

The doors will be opened at seven o'clock to avoid the huge rush of the crowd, when they are let collected for about an hour or two. The reserved seats went like "hot cakes" and were practically all sold after the game last Wednesday.

A victory on the Academy's part would make them the County champions, and would put Northside High School in the second place, while Hornell High School would take the third place.

Be SIGHT (Granland) CORNING MAN HURT CHASING A LONG FLY

NO WALK-OVER

The International Meeting for 1926 is hardly starting as any walk-over for your Uncle Sam.

He has predominated on many fields for some time, but he is now having his share of trouble.

In the first place, Steve Lenglen, slung for Mile. Lenglen, won her first joust with Helen Wins.

Just after that Hoff, the Norwegian, began amassing top vault records with his share of the water.

In the wake of this two young Frenchmen take Bill Tilden and Vincent Richards over the indoor tennis hurdles in one day, and France places three out of four sets in our national indoor championship.

A NEEDED CHANGE

All of which is much better for the nation at large. Hard, keen competition is a great thing, and there is more to be learned in defeat than in victory.

Too much success can spoil either a nation or an individual. It is only the battle against odds which makes finer living having.

It will take only the hardest sort of work for the American golf team to win this spring in England or for any single American, even a Bobby Jones, to bring back the amateur cup.

The American team has a shade in strength, but not too much to spare a shot on any windy day.

FRANCE AND TENNIS

France now has taken a place in tennis fought on even terms with America. Last summer two young Frenchmen fought the Wimbledon championship with all outsiders dropped.

The same pair found a stroke of beating Bill Tilden in the Davis Cup final.

Now in one day they stop Tilden and Richards. Considering the fact that both Borotra and Le Coq have improved enormously in the last year, and both are still young, with greater improvement ahead, the French team is quite apparent to be the best in the world.

Any country that has a Borotra, Le Coq, Brugnon and Lenglen in the cast has little to worry about in the next few years ahead.

The keener and more even the rivalry the better it will be not only for sport at large, but also for this country, which has had its full share of victory. One-sided competition is much of a hinderer. Any good game must be given and taken, where learning to take is no small item on the menu.

BETWEEN TWO EVILS

The black spot in the average golfer's life, and this goes for those five yards to be played, with a trap in front of the green and another yard or so waiting at the rear.

This must be rated as one of the hardest of all golf shots, for a star and differ alike, the stroke most often missed.

Just a trifle too hard, and the ball plunks into the sand short of the green.

Just a trifle too hard, and the ball flings into the sanded cavern beyond.

And there usually is a queer psychological action which takes place at this depressing moment.

It is about this time that the golfer, at first thought, makes up his mind to clear the first trap, whatever happens.

At the instant eye in view, the club head is taken back just a trifle too far, and as the down swing starts a player suddenly decides he is hitting much too hard. So he promptly eases up the stroke, and the ball drops into the first bunker, after all. This is the usual procedure.

In playing this shorter pitch it is much safer to take a mere lofted club, to grip nearer the bottom of the leather and to hit firmly.

Just a trifle too hard, and the ball must be checked or the head will never stay down. The body should turn but slightly and the left wrist should not be broken too quickly.

And above all, here is one stroke that should not be rushed or hurried.

It is a great shot to practice until confidence comes, since confidence is the foundation of this baffling pitch to a spot between two batters of trouble.

BIG FIELD IN THE COLLEGE AXE FALLS IN CAMPS OF THE MAJOR LEAGUE

NEW YORK, Mar. 6.—(AP)—Approximately 350 athletes representing twenty-one Eastern colleges and universities will test their speed and brawn in the annual intercollegiate indoor track and field championship to be held at the 102nd Engineers Armory.

National champions, Olympic stars and recordholders, among the competitors who will seek nine individual titles, in addition to which three relay crowns will be at stake.

Georgetown University, with a majority of its 1925 championship team available, will enter the meet a strong favorite to retain the team title. The Bluejays, however, are expected to face strong opposition, particularly from Harvard, which has a well-balanced array.

Pennsylvania Strong

Pennsylvania, which has held the indoor title twice, also has a capable squad, while Va., Cornell, Columbia, Syracuse, Princeton, Dartmouth, Boston College and Holy Cross are expected to exhibit strength.

Georgetown's hopes are pinned chiefly on Emerson Norton and Bill Rowing, winners of the 100 and 200 yard sprints, respectively last year. Along with Ray Hass, Tony Planky Jimmy Burgeson and Vernon Ascher, Harvard will have two of last year's champions in their squad. At Milton in the 70-yard dash and William Tibbets in the two-mile run, both are favored to retain their titles.

Charley Moore, of Penn State, is the chief defending champion, but he will meet stiff opposition in his event, the 70-yard high jump, in which Ray Wynn of Pennsylvania is likely to be a favorite.

East Chicago, Ind.—"Clever" Sencio, Philadelphia, beat "Clay" Jack Burns, Oakland, Calif., ten rounds.

Hollywood, Calif.—Eugene Hudkins, Nebraska, defeated John Tasmar, Los Angeles, ten rounds.

CORNING MAN HURT CHASING A LONG FLY

Manager Turns Ankle in Chase After a Dog; Cold Halts Work

HADDONSBURG, Ga., Mar. 6.—The first real case of the ribbit 1926 training season occurred this morning when Bill Stalls, the big 200-pound pitcher, turned his ankle in practice and will be three to five up all training for several days because of the soreness of his injured leg.

Stalls is a right-handed pitcher with the aid of a cue while his right ankle is "tightly bound" to keep him from further swelling and soreness. Haines Bill being forced to use a crutch here in Manager George F. Stallings' hands, and his ankle while going out of the house this morning in pursuit of a dog.

Stallings tripped over a step and slight twist of his leg. The injury was painful and the Tribune says he is likely to be laid up for a few days and locks upon his accident as trifling compared to the injury that forced Moore to give up his job for the next few days. Bill's twisted ankle is expected to be twisted again on the side.

CHUBBY BROWN LOSES DECISION

BRIE, Mar. 6.—"Chubby" Brown, of Rochester, again lost with an aggressive style here last night. Lost a judges' decision to Johnny Carey, Erie, over the ten-round route. Brown did most of the forcing, having seven glances thrown round in the eyes of many of the fans, but Carey caught the judges' eye. The action was fast finishing fairly strong.

PILGRIM CLASS GOOD BOWLERS

Defeat Corning All Stars by 49 Pins; Haines and Goldberg Stars

The Pilgrim Class Bowling Team of the Congregational Church again proved its ability when it defeated the Corning All Stars last evening at the Congregational Alley. Although the contest was the closest ever played on the new alleys of the church, the Pilgrims bested their opponents by 49 pins.

Haines and Goldberg were the stars of the evening. Haines had the record for the highest number of pins downed in the contest. The amount of "wood" strewn around by him was immense. He rolled two "two hundred" greens and piled up a total of 568 pins. Goldberg bowled the highest individual game, scoring 212 pins in the last game. He also held second honors to Haines with a total of 722 pins to his credit. Lane, Williford, Gray and Corrigan all rolled well for the Pilgrims.

Gaus had the honor of having the largest number of pins for the All Stars, with a total of 214. Gruber had a total of 202. Krauss had the highest single game for the losers with a score of 186.

Line-ups and pins:

These Sedans Illustrate the Low Cost of Finer Transportation

Every day the American public becomes better acquainted with the Buick Sedan.

The capacity of the great Buick factories is taxed to supply the demand.

The Better Buick 5-passenger, 4-door and 2-door sedans show good illustrations of the reasons for Buick's accelerated popularity.

These sedans are real sedans with Buick bodies, and striking Buick closed car body lines. Gracious. No hard corners anywhere. Objects of admiration on boulevard and highway. Upholstery of finest quality. Interior refinements luxurious and complete.

And these fine bodies ride on the famous Buick chassis, with all the modern improvements and refinements introduced by the Better Buick.

The only similarity to "coaches," and other low-priced closed-car types, is price. Come in and compare these sedans before you spend your money. Here is finer transportation at lower cost.

AUSTIN LOSES COUDERSPORT WINS 25 TO 17

Fast Contest Marks Struggle for Supremacy in Tri-county Contests

COUDERSPORT, Pa., Mar. 6.—Coudersport High School was victorious last evening when it defeated the fast Austin team with a score of 25-17.

The game was one being played for the Tri-County championship which includes Cameron, Porter and McKean counties.

Should Coudersport lose at Port Allegany next Friday night and Austin win at Hiders the same evening, the two teams would be tied once again.

MRS. PHILLIPS HOSTESS AT DINNER AND BRIDGE

Mrs. Frank G. Phillips, of Westbury street, delightfully entertained at a dinner and bridge party at her home last evening.

Automobiles Are Higher Powered Than War Ships or Railroad Locomotives

Automobile drivers would do well to ponder on the responsibility involved in the possession of motor power.

Few drivers stop to consider that a modern automobile, in proportion of its weight, three to eight times higher powered than a warship or a railroad locomotive.

The best railroad locomotives and speediest warships are equipped with engines of an average of three horse power per ton, while the modern automobile is powered with from ten to twenty horsepower per ton.

The smallest cars weighing 1728 pounds have 22 1/2 H. P. The ordinary sized car having a weight of 2955 pounds is equipped with an engine of 29.4 H. P.

The American Automobile Association comments that as a general rule, the most reckless and incompetent drivers are those who have the least appreciation of the power and potentialities of the machine in their hands.

In realizing the responsibility of handling this power, everyone must come to the conclusion of the necessity of liability insurance.

We offer the experience and judgment of this old and expert insurance organization to every car owner. May we call on you?

LOCAL OFFICER IS SUSPENDED

Patrolman Cumber Relieved of Duty for 15 Days Following Charges Made by Chief

Patrolman William R. Cumber of the local police force was suspended for a period of 15 days from the date of charges being preferred against him by Chief A. W. Eckes, as a result of these charges being reviewed by the police commission last evening. The commission commanded Chief Eckes for his initiative in presenting the complaint.

Cumber was suspended from duty on Sunday, February 21, at Chief Eckes' request on a tip from Corning which posted himself at a vantage point on East Market street and saw the patrolman enter a motor car establishment where he remained for about 25 minutes. This occurred shortly after 4 o'clock in the morning. Next day was the charge made against the officer. The following resolution was adopted by the commission in suspending Officer Cumber: "Whereas, written charges have been heretofore been preferred against Officer William Cumber by Chief of Police Eckes, charging him with violation of Sec. 4 of the Rules of the Department, and "Whereas, the officer appeared before the Board of Police Commissioners and had a hearing on said charges, and he has admitted that the same are true, and the officer has pleaded for another chance, and "Whereas, the Chief of Police

has recommended to the Police Commission that the suspension be lifted to date and that the officer be reinstated.

"Therefore, Be It Resolved, That the aforesaid suspension of Officer Cumber be ratified; that the salary of the officer be withheld and he not paid for a period of fifteen days from date of said suspension; that said officer be reprimanded and be restored to duty from and after the period of said suspension; that further more said charges are to stand on file pending the pleasure of this Commission and furthermore that Chief of Police Eckes be commended for his initiative in presenting these charges to the attention of the Commission."

Deaths-Funerals

John M. Dickinson
The funeral of John M. Dickinson was held at 2 o'clock yesterday afternoon in the home of his sister, Mrs. H. D. L. Adams, of 125 Decatur street. The services were in charge of the Masonic lodge and were very largely attended. The Masonic quartet consisted of William J. Moyer, Harry L. Herzog, Elmer H. Tucker and Dr. Kent W. Phillips, active several selections.

The bearers were Frank O. Camp, Thomas Hamister, Byron Wendt, Frank Kimball, H. O. Dorman and William Howard.

Fritz Boerner
The funeral of Fritz Boerner took place yesterday afternoon at 4 o'clock in the home of Herman Schrickel at 252 East Second street. The Rev. E. J. Stuard, of the First Protestant Church, officiated. The remains were placed in a receiving vault in Hope cemetery.

The bearers were Max Buchinger, Antone Levich, Joseph Rupprecht, Theodore Wells, Frank Eck and Max Miller.

Mr. and Mrs. Clarence Velle, daughter, Viola and son, Berwin of 241 East Putney street attended the funeral of their uncle, Chas. Thompson at Watkins recently.

Madam M. Kellogg, dressmaker, 207 E. First St., is in New York City for advanced showing of Spring and Fall styles.

JUDGE BROWN GRANTS CERTIFICATE OF DOUBT FOR MICHAEL ENRIGHT

Order Paves Way for Appeal for New Trial; Application for Bail to be Made Rogers Says

County Judge E. S. Brown today paved the way for the release of Michael J. Enright on bail when he granted an order for a certificate of reasonable doubt. Enright was convicted in County Court last month on a charge of manslaughter first degree, for the alleged slaying of Timothy Mahony of Auburn and was sentenced to not less than seven nor more than 14 years in Auburn prison. Attorney Thomas F. Rogers, who represents the defendant, stated today that an application for bail would be made shortly.

Judge Brown held a special session of County Court here this morning to hear argument on the motion for the certificate which permits an appeal to be taken. Attorney Rogers appeared in behalf of the defendant and District Attorney Guy W. Chesley for the state. The hearing was held in the office of the District Attorney and was attended by relatives of Enright.

A stay of execution was granted by Judge Brown at the time the prisoner was sentenced and this stay is now automatically continued pending a review of the case by the Appellate Division which will convene in May. Allowing for the Appellate Division and its decision on the argument and review the evidence, it will be midsummer, if not later before Enright's fate will be known. In the meantime Enright will remain at the Corning Jail pending the application for bail.

Six questions were raised by Attorney Rogers at the hearing this morning and he stated that "4th: Various other questions of fact and law which may be raised upon this appeal, there being in my opinion many close and important questions of law raised by the trial and which in fairness to the defendant and to the people should be passed upon by the Appellate Division."

for Economical Transportation

Public Demand breaks! all records!

And Now Tax Reduction Allowed

Effective at once, the delivered price of all Chevrolet models is reduced. Chevrolet buyers will be given the benefit of the recent tax reduction though it does not become officially operative until March 29th. Thus for the third time since the first of this year Chevrolet emphasizes its supremacy in dollar for dollar value.

First—Reduced Prices

Early in January Chevrolet announced sweeping price reductions.

Then—The Improved Chevrolet

Shortly thereafter the improved Chevrolet was announced at these reduced prices. Instantly it met with such an increase in popularity that it became necessary to break all previous production records for January and February.

And Now—A Further Saving

Although the reduction in automobile taxes does not become officially effective for some time, the full amount of this reduction is now passed on to Chevrolet buyers, thus Chevrolet again emphasizes that principle of value on which it has built the greatest success ever attained by any manufacturer of modern gear shift automobiles. Come in! See the improved Chevrolet! One ride will be a revelation.

Gone are the Old Penalties of Low Price

Until the new Pontiac Six was developed, it was literally impossible to buy a low priced six without accepting certain admitted penalties—loss of ordinary beauty, ordinary performance, ordinary comfort and ordinary trimness.

Now the new Pontiac Six changes all that. Developed by engineers who could draw on the accumulated resources of General Motors, it produces not only the economy of an unexpectedly low price, but every characteristic of high quality.

It provides the striking beauty of a Oakland Six, comparable to the Pontiac Six—\$975 to \$1295. All prices at factory.

YOUR INCOME TAX

Valuable Information for Those Who Have to File Returns for 1925

In making up your income tax for the year 1925 the business man, professional man, and the farmer are required to use Form 1192, regardless of whether his net income was or was not in excess of \$5,000. The smaller form, 1193, is used for reporting income of \$5,000 or less derived chiefly from salaries or wages.

Forms have been sent to persons who last year filed returns of income. Failure to receive a form, however, does not relieve the taxpayer from his obligation to file a return and pay the tax within the time prescribed, or to be before March 15, 1926. Copies of the forms may be obtained from offices of collectors of internal revenue and branch offices. The tax may be paid in full at the time of filing the return, or in four equal installments, due on or before March 15, June 15, September 15, and December 15.

RAY MORGAN STOPS HORSE

Animal Frightened by Whistle Starts on Mad Plunge Down Market Street

Frightened by the 6 o'clock whistle at the Corning Glass Works, "Dag," the unusual, dependable horse that draws the delivery wagon from Killgrew's feed store bolted from his stable and placed near the Chestnut street entrance of the Glass Works and dashed madly down Market street, miraculously avoiding all collisions in his wild escapade. The horse was finally stopped by Ray Morgan of East Third street.

Several people on the street yelled at the horse, but none had the courage to attempt to stop it, until hearing Cedar street wagon can ran from the curb, climbed over the rear of the wagon and grasping the reins, succeeded in bringing the horse to a stop.

"Dag" has been a part of the establishment at Killgrew's for a number of years and is usually dependable. In fact he has been a practice to fasten him with a weight. But the factory whistle blowing the red of the working day was too much for him as may be he was anxious to finish the work for the day, himself.

Deaths-Funerals

Miss Anna Pratt of Rochester, former resident of this city and widely known here, died about 3 o'clock this morning, March 6, 1926, in Rochester where she had been teaching in a parochial school there. Dear was due to complications of disease and followed an illness of about a week.

Miss Pratt was born in April 1907, in this city, and resided here for about 10 years and then moved to Rochester with her parents. She was a graduate of Nazareth Academy.

She is survived by her parents and by several relatives in this section. The remains are to be brought to this city tomorrow. Details of the funeral will be announced later.
