COMPENSATION COURT AT BATH

Commissioner W. A. Patton of Rochester Held Term Yesterday

BATH, May 8.—Commissioner W. A. Patton of Rochester, held Compensation Court here yesterday. These awards were made: Clifford Morse, employed by M. F. Shannon of Bath, for the loss of the third finger of one hand, was awarded \$12.50 weekly compensation at \$12.50 weekly from February 3 to date. An award of \$15.50 weekly was made to Lewis Wallace, employed by Rabber Bros. at Almond, Cecil Voss, employed by the Augusta Knitting Corporation of Bath, was awarded \$17.50 weekly from March 18 to date. The case of Henry Drum, employed by the Westmiller Dairy and Food Product Company at Cochocton was closed. These cases were adjourned from one to two weeks. William W. Walker, George Thomas, Henry Walker, Bath, A. D. Grimley, Seneca Falls, Hammondport; Edward Davis, Odesse, and Arnold New of Cochocton.

New Officers
The newly elected officers of the Bath Baptist church are: President, Miss Mary B. Hopkins; Vice-presidents, Mrs. A. W. Williams, Mrs. J. Raymond Ormsby, Mrs. S. D. Sells, Miss Hattie Hathorn, secretary, Mrs. H. C. Campbell.

Cards have been received in this village, announcing the recent marriage of Miss Mary B. Hathorn, New York city, formerly of this village, and Miss Ruth Campbell of New York.

Bath Items
—Mr. and Mrs. E. R. Sutton are spending the week-end in Rochester.

The monthly meeting of the Bessie Hill Missionary Society will be held at the home of Dr. Charles Hill Monday evening. The program will be in charge of Miss Margaret and Florence Dyer.

—Mr. and Mrs. Fred A. Thomsen are visiting friends in Rochester.

—Mr. and Mrs. James Faurett and Mrs. Mary Faurett are completing the morning for a motor trip to Washington, D. C.

—E. C. Hubbard is on a visit of ten days with relatives in Enort.

—Mr. and Mrs. Frank N. De Camp and Mrs. Moses Davison of Rochester are guests of Mr. and Mrs. Frank N. Matthews.

—The Rev. and Mrs. Sidney Fisher of Westbury are the guests of Mr. and Mrs. Frederick Schenck.

Miss Jennie Schofield has been named as a member of the Rural Education Committee of the State Federation of Home Bureaus.

—Mr. and Mrs. Jay Gilder, of Ithaca, formerly of Bath, are spending several days with Bath relatives.

—Mr. and Mrs. Ebert Castle will go to Hancock Sunday to remain several days with their son and daughter, Prof. and Mrs. Daniel E. Grove.

COCHOCTON CHURCH PLANS MOTHERS' DAY SERVICE

COCHOCTON, May 8.—The unique Mother's Day service will be held next Sunday morning in the Methodist Episcopal Church, when seven members of the congregation will tell their mothers addresses why they remember their mother. In the evening the service will be conducted by a delegation of laymen from the congregation of Rev. John H. Sanderson of Wayland.

Re-organizes School
COCHOCTON, May 8.—The Sunday School of the Lent Hill Methodist Episcopal Church in the town of Cochocton has been re-organized and the following officers were in charge: Superintendent, Stewart Wheat; Assistant Superintendent, Mrs. Willard T. Miller; Secretary, Dudley Wheaton; Treasurer, Mrs. Miller; Organist, Miss Grace Pitting and Assistant organist, Mrs. James Caward.

Cochoton News
Born to Mr. and Mrs. James G. Winder of this village, a daughter, Marianne, at Corning Hospital, April 27. Mrs. Winder was formerly Miss Elma Hoey, of Corning.

The second anniversary of the death of Rev. St. Paul Lutheran Church will take place next Sunday with a special service in the morning. By pastor, Rev. Paul T. Rhode and in the evening by Rev. C. A. Bellman of Rochester.

Rev. C. A. Bellman, pastor of the Methodist Episcopal Church at Fruburg, has gone to the Blossburg, Pa., Hospital for treatment following an attack of grippe.

Golf seasons are only six months long in Eastern Canada and of eight months' duration in parts of Western Canada.

Buying of automobiles on the installment plan has been introduced into the Northern Adirondics and is proving popular.

FIND WHISKEY IN CAMELS

Professor Keith's Dream of Riches in Rochester Proves Buried Bubble

ROCHESTER, May 8.—(AP)—Professor Frank M. Keith's dream of riches proved a buried bubble today after a raid on his home by federal agents that night. They seized a large quantity of camels, each containing one ounce of alleged whiskey of sufficient strength to knock out an ordinary individual.

Keith is listed in the local directory as a technologist. Technically he was in the candy business but when the agents subpoenaed him to analyze, they declare the filling was pure grain alcohol with a coating of wax or paraffin to prevent leakage.

Keith professed to be had been experimenting with the confection and found trade so poor he was planning to go out of business. He was unable to furnish the \$2,500 demanded for bail but was given until today to get money.

ALFRED STUDENTS ARE SATISFIED WITH DRY LAW

HORNELL, May 8.—The students of Alfred University are pretty well satisfied with the present prohibition laws according to a straw vote taken there Friday. Of 186 votes cast, 102 were in favor of the present prohibition laws, 23 wanted repeal and 61 favor modification.

But little interest was shown in the vote, less than half the students taking the trouble to cast a ballot.

BEECHVILLE MOTHER'S CLUB ELECTS OFFICERS FOR YEAR

COCHOCTON, May 8.—The Beechville Mother's Club of Cochocton, has elected the following officers for the coming term: President, Mrs. Hazel Suttin; Vice-President, Mrs. Bertha L. Clymo; Secretary, Mrs. Dora Lander; Press Correspondent, Mrs. Rev. E. L. Cook; Treasurer, Mrs. Edna Pierce and organist, Mrs. Bell Burgess. The next regular meeting will be on the evening of May 12, Kingsley, Wednesday, May 12.

Man Who Masqueraded For 20 Years as Girl Sentenced to Workhouse

NEW YORK, May 8.—(AP)—Chester Sawyer, who for 20 of his 28 years masqueraded as a girl, today was sentenced to 90 days in the workhouse after he testified that the difficulty of obtaining employment when wearing man's apparel had led him to steal.

"I was raised by my mother as a girl," he testified, "and when I left home to obtain work I found it comparatively easy to get an attractive girl to get a job any time she wanted it."

A desire to dress as other men caused him to discard woman's clothing.

ONSLAUGHT ON ICE FIELDS IN ERIE CONTINUES

BUFFALO, May 8.—(AP)—The onslaught of the fleet of lake icebreakers from this port against Lake Erie continued today. Thirty-eight steamers were bucking the floes and six or eight more were expected to join in the attack during the day.

The United States coast guard station reports the fleet was making about a quarter of nine this hour and the leading fog still has to blow through 2 1/2 miles of ice before reaching clear water.

The ice is of mushy variety which fails to break and more apart when hit by the steel leads of the trawlers. It has been packed into this end of the lake by steady winds and there is little hope of its disappearance unless a northeast wind develops.

The ice is of mushy variety which fails to break and more apart when hit by the steel leads of the trawlers. It has been packed into this end of the lake by steady winds and there is little hope of its disappearance unless a northeast wind develops.

So successful has been the rayon industry in the Netherlands that the manufacturers there are investing in companies in other countries.

Stemmers at Fort Colborne, Ontario, were preparing today to follow the channel cut by the Bertrons yesterday in the first successful dash for open water from that point.

State police found Sechter unconscious in his wrecked car near Crittendon and said they found 84 quarts of whiskey in the machine. Sechter said he fell asleep while driving from Buffalo to Batavia.

GENEVA AND CLYDE YOUTHS FIGHT IN PARK

CLYDE, May 8.—(AP)—The village park was the scene of general fighting early today with more than 200 Clyde and Geneva youths engaged.

The Geneva crowd came here to have revenge on the Clyde youths who last week mutilated the car of Genevans attending a dance here. The visitors gathered about the opera house when a dance was being held. When the dance let out there were several small fights but authorities rounded up the Geneva band and started them out of town.

Then the fighting broke out in the park. Police charged the crowd with night sticks and arrested the alleged leader of the band, Polo Leggett, 23, of Geneva. Patrick Welch and Tony Merr of Clyde were treated for injuries. Numerous others suffered minor hurts.

NEW HI-CLY FORMED AT COCHOCTON SCHOOL

COCHOCTON, May 8.—The students of the Cochocton High School have been invited into the local Hi-Cly Club. President, Wendal McWaters; Vice-president, William Wittig; Secretary, Stanton Brown; Martin Krinsky; Leo Stewart; Fairbrother; Lynn Mohlanbauer; Asher McDowell; Wilton Slick; Robert D. Stanton; Elmer Zeh; Lewis Zeh; Preston Smith; Robert Marshall; Lester Stultz and Clark Mann.

The Leader is George E. Tripp; Howland and Peter Schumacher. Arrangements are being made for a fathers' and sons' banquet.

BATAVIA MAN PLEADS NOT GUILTY TO LIQUOR CHARGE

BATAVIA, May 8.—(AP)—Joseph Sechter, proprietor of the Willow Bend Inn, near here, pleaded not guilty to transporting liquor illegally when he was held in \$5,000 bail by United States Commissioner Dunham.

State police found Sechter unconscious in his wrecked car near Crittendon and said they found 84 quarts of whiskey in the machine. Sechter said he fell asleep while driving from Buffalo to Batavia.

GOULD PLANT DESTROYED BY BLAZE TODAY

LYONS FALLS, May 8.—(AP)—Fire early this morning destroyed the Schoutens mill at Lyons Falls Paper Company, three miles from this village, together with paper making machinery and a quantity of newspaper print and pulp.

The fire started when the plant's large boiler exploded and the building was quickly destroyed. A bucket brigade composed of Gould employees endeavored to save the property but a strong wind fanned the flames which spread rapidly to all parts of the mill. Assistance did not arrive from Lyons Falls until the property was consumed.

The loss was estimated at \$150,000. The main mill of the Gould Company is located in this village.

CATON CENTER CATON CENTER, MAY 8

Mr. and Mrs. Roy Haven with Mr. and Mrs. Fred Flowers of Saratoga were callers at the home of Mr. and Mrs. Bert Richards, Sunday—Mr. and Mrs. J. M. Lewis have moved to Pine City—Mr. and Mrs. S. H. Schutt, Mr. and Mrs. F. E. Speer, Francis Vandevanter, John Speer and daughter Myrtle, attended the Senior Class play at North Side High School last week—A number from this place attended the funeral of Mrs. Mary Irwin at the home of her daughter, Mrs. Frank Rhoads, Saturday.

Mr. and Mrs. Husher of Corning and Mr. and Mrs. Milton celebration their first wedding anniversary at the latter's home, last Sunday—Mr. and Mrs. Gaylord Gridley spent Monday at the home of their daughter in Elmira.

Mr. Edith Morton of Philadelphia, Pa., who has been a guest at Baptist Parsonage, left Tuesday night for Buffalo where she will visit her son—J. Wilcox of Pine City is spending some time with his daughter, Mrs. John Rose—Mrs. A. Niver, formerly of this place, is spending the week-end at the home of her daughter in Elmira.

Mr. Tower of Hornell met the Town hall assessors at the town hall Wednesday to consider tax systems—At the school meeting held Tuesday night the following were re-elected to serve another year: Hurr Richards, Trustee; Roscoe Gregory, Clerk; Roy B. ...

Two Batavia Girls Taken to Headquarters Following Boxing Match

BATAVIA, May 8.—Two local young women displayed split lips and black eyes as relics of a boxing match staged before a meeting of the Batavia Business and Professional Women's Club in the Hotel Richmond last night.

When the excitement was at its height police appeared and escorted to headquarters the two fighters, who were attired in boxing suits, their seconds and the officials of the match. A group of business and professional women who were spectators, followed to police headquarters where they succeeded in persuading the night desk sergeant to make no arrests nor fill out complaint slips.

STATE GRANGE AT HORNELL

HORNELL, May 8.—The annual meeting of the New York State Grange will probably be held in Hornell according to correspondence that is being exchanged between local service organizations and H. E. Aiken, secretary of the grange executive committee.

Mr. Aiken is coming here on May 25 for a conference with local business men and every effort will be made to have Hornell selected as the place for the convention.

FARMERS TO SUPPLY PEAS TO COCHOCTON CONCERN

COCHOCTON, May 8.—Claude Weaver, manager of the Cochocton unit of the New York Cannery Inc., has secured contracts with the farmers in this vicinity for growing about 650 acres of peas for canning at this plant this season.

Mr. Weaver found it easier to secure the contracts than was thought to be possible as the local crop of peas last season was so low that many farmers had decided to sign up only for a much smaller acreage or none at all.

However, the high price of potatoes for planting, has changed their plans, and they will put in more peas than ever before.

TRY KEAVIN IN AUBURN

SYRACUSE, May 8.—(AP)—Howard M. Keavin, of Rochester, indicted for the murder of Patrolman Annes McDonald in Genoa, in Supreme Court, at Auburn, Justice Adolph P. Rich has docketed Charles E. Postwick, Rochester, appearing for the prisoner, stated that public sentiment against Keavin is too intense to permit a fair trial in Ontario county.

GOLDEN JUBILEE OF THE REV. ROSER CELEBRATED

ST. BONAVENTURE, May 8.—Fifty years in the First Order of St. Francis, the Reverend John H. Roser, O. F. M., celebrated his golden jubilee here yesterday.

The venerable "old man" of St. Bonaventures Monastery of the Franciscan Fathers officiated at the Solemn High Mass at 8:30 o'clock and after the Mass he delivered his jubilee sermon.

Father John entered the Franciscan Order here in 1876 and spent four years as a cleric before he was ordained in 1880. He spent most of his life as a teacher of philosophy to the students, Bonaventures Monastery of the Franciscan Fathers officiated at the Solemn High Mass at 8:30 o'clock and after the Mass he delivered his jubilee sermon.

LIVINGSTON, ALLEGANY SUFFER CHESTNUT BLIGHT

HEMLOCK, May 8.—(AP)—Chestnut blight is threatening ruin to chestnut tree trunks in Livingston and Allegany counties. Other sections of western New York also have reported the disease, which recently swept with fatal results over chestnut stands in the eastern part of the state.

Although the malady was discovered in this section several years ago, its recent spread has alarmed foresters. H. A. Kuzner, superintendent of watersheds for the city of Rochester, predicted that it will be only a few years before the last of the chestnuts will have passed from this vicinity unless a remedy is found. So far even the nature of the blight has baffled tree doctors.

Because of the decreasing world demand for Turkish carpets, Cornishians expect unemployment and a depression.

INSTITUTE AT WAYLAND SOON

STEUBEN W. C. T. U. Conference Planned; Dr. Gifford Gordon of Australia Speaker

BATH, May 8.—An Institute of the Steuben County Women's Christian Temperance Union will be held at the Methodist church in Wayland, Wednesday, May 12. Dr. Gifford Gordon, of Australia, who is in this country for an observance of the workings of a service, will be a principal speaker.

Others who will participate in the program are Mrs. Charley Cleveland, Mrs. H. C. Fay, Mrs. Mary Lewis, Rev. J. H. Sanderson, Rev. C. A. Williams, Mrs. L. J. Simpson, Mrs. Harry Ploof, Mrs. F. G. Woodard and Mrs. L. C. Craig of Buffalo, state director of temperance. In the evening there will be a banquet in the parlors of the Wayland Evangelical church.

BUFFALO PATROLMAN INJURED IN QUARREL

BUFFALO, May 8.—(AP)—Patrolman Timothy J. Nagle was probably fatally wounded today during a quarrel with his wife, who was arrested on an open charge.

Night Deputy Chief Ravella said Mrs. Nagle had been drinking and when the officer and his daughter tried to put her to bed she struck her husband twice with a long broom.

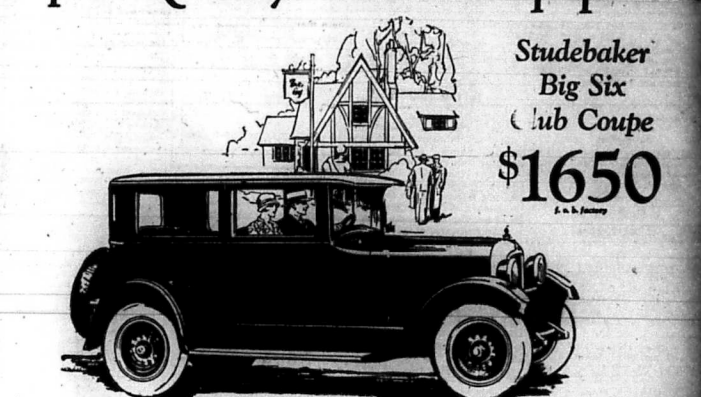

METHODIST MEN'S CLUB PLANS SOCIAL GATHERING

COCHOCTON, May 8.—The regular monthly meeting of the Men's Club of the Methodist Episcopal Church will be held Tuesday evening in the church basement, with six vice-presidents, with the wives of the members as guests of honor.

TOWN OF COCHOCTON SCHOOL MEETING PLANNED MAY 8

COCHOCTON, May 8.—The annual school meetings in all of the districts in the town of Cochocton will be held Tuesday evening in the Union and High School districts, beginning at 7 o'clock and also on at North Cochocton, will be held at the school houses, Tuesday evening.

Superb Quality—Power Equipment

Studebaker Big Six Club Coupe \$1650

plus these important Studebaker features made possible by One-Profits plans

Power—Only 7 American cars equal the Big Six in rated horsepower and they sell for two to four times its price.

Genuine Mohair Upholstery—Compare the depth of the Studebaker seats with other cars costing much more. Inspect the interior workmanship. There are no cloth-head upholstery racks, raw edges or cheap binding in Studebaker interiors.

Finer Body Construction—First grade northern white ash and hard maple are used in the body construction. Body joints are mortised, tenoned, glued or screwed. Doors fit flush and tight.

Costly Alloy Steels—We pay a premium for steels of extra quality. A bar of Studebaker alloy steel the diameter of a line will stand greater strain than a bar of ordinary steel the diameter of a dollar.

Completely Machined Crankshafts—It costs Studebaker \$200.00 a year for the machine tools that probably cost less than ten other cars in the world that can claim this feature—and there are less than ten other engines in the world that run as smoothly as Studebaker.

Plate Glass of Highest Grade is used in the windows. It is mounted in live rubber, preventing leaks, drafts, rattle and vibration.

Spark Control is automatically regulated by the speed of the engine and the spark is made obsolete and is replaced by a safety lighting system on the steering wheel.

A Master Lock on the steering wheel locks steering gear and ignition in one operation. The same key locks door and operates car windows.

Waterproof Ignition—The wiring to the engine is doubly insulated in fiber conduit—and rubber encloses cover each spark plug, the distributor head and coil.

The Oil Drain Valve is located under the hood. Oil can be drained without getting under the car.

Complete Equipment includes dome light, oil window curtains, automatic windshield cleaner, automatic gasoline gauge on dash, air cleaner, gas and oil filters and full-size balloon tires.

Stop. Look and Read!

You are jeopardizing the lives of pedestrians when you break traffic rules.

You are chancing the property of others and your own automobile when you drive carelessly.

You are gambling with your last dollar when you neglect to carry liability insurance.

CITY HAS GOOD WATER SUPPLY

Report of Dr. R. J. Shafer is Compliment to Modern Water Works System

The report of R. J. Shafer, director of laboratories, of specimens of water from city taps examined during the period between March 29 and April 22, has been received by the department of Public Works. The report shows that every specimen of city water, taken for analysis on the 23 days was O. K. On practically every day four specimens were taken at various places throughout the city, taps being made at the North Side Reservoir, the Southside Reservoir, the van-ponding basin in Denison Park and taps made from the city at large.

Taps were made at various places, ranging from the city hall and from a residence at 282 East Third street to 223 Baker street. In all, 94 specimens of water were analyzed. The report is a compliment to the modern up to date water works system maintained in this city and to the men who are responsible for this maintenance.

YOUNG PLAYER VISITS LEADER

Miniature Pied Piper Lures Workers with Strains of "O Sole Mio"

In the midst of the bustle and hum of the rush hour, the attention of the Leader office, a tiny business office, came this morning to a miniature Pied Piper who lured linotype operators from their machines, stenographers from their typewriters, and reporters and editors from their copy.

Michael Caputo was his name and Newberry, Pa. his home. He was 11 years of age.

A blue serge coat that had seen plenty of wear, a pair of overalls like trousers in the back, a white balloon model, a pair of sturdy brown shoes and a gray hat, big, brown eyes and a gray face, was what the office saw.

Going up to acting news editor Leslie D. Kimble, he shook hands and said, "How do you do, Mr. Kimble. I am Michael Caputo."

Mr. Kimble asked what he could do for him and "Mike" replied, "Nothing. I'd like to play for you."

And so he played on a harmonica or mouth organ as he called it, about six inches long.

And as he played the room filled up with those who heard the strains and came to listen, and he remained to please.

After his first selection, one of the reporters asked if he could play jazz and what a "Collegiate" and "Yes Sir, That's My Baby."

"Say, I wonder who invented that 'Collegiate'?" he asked.

"That's some piece. But I gotta better one. Gee, but it's the best thing I ever heard. Do you want to hear it?"

And he played "O Sole Mio" while the office faces listened at most breathless.

Modulation, deep feeling, expression and technique, all harmonics have technique, were all there. Perhaps the greatest tribute was that no one applauded; he finished that as they had for the others.

Mike arrived alone in Corning today from Newberry, N. J., and went to eat upon the corner of E. Second, for whom he played.

It was on his way to Harrison, Pa. where he is going to attend a Pennsylvania reunion. He is a perfectly normal youngster except that he has an unusual musical ability and is probably better able to take care of himself than most youngsters his age when away from home. In spite of this he is not of the tough or gangster element.

DEATHS-FUNERALS

Andrew Ovsanik
The funeral of Andrew Ovsanik which took place at the residence of Mrs. W. H. Page and Federal agents on East Market street, last Saturday, according to the information made out by the officers following a search of the records, it contained one and one half ounces of alleged colored distilled spirits. According to the attorney for the defense the question of what evidence was presented at the trial had no bearing on the matter, inasmuch as the court decided that the case was made out as an illegal warrant.

The defense demanded that the prosecution produce witnesses or evidence, sufficient to allow for the return of the original search warrant and when they failed to do so the case was dismissed.

Martin Minkie
The funeral of Martin Raphael Minkie, which took place at 2:30 o'clock at Christ the King church, last Saturday morning, will be held Monday afternoon at 2:30 o'clock at Christ the King church, 219 West Third street. Burial will be in the Hope Cemetery.

CORNING PEOPLE RETURN FROM WESTERN COAST
Mr. and Mrs. W. J. Heermans, 211 Pine street, and Mr. and Mrs. A. J. Borden, 219 West Third street, have returned from an extended stay at the Hotel Grand, leaving New York City by boat they sailed through the Panama Canal to San Francisco, Calif. From there they traveled by train down the coast of California to Los Angeles. After traveling along the coast for some time, they went to the Grand Canyon and visited the Grand Canyon and then returned to Corning by rail.

LOCAL CASES ARE DISMISSED

Defense Claims Search Warrant was Illegal in Cases of Nick Vessa and John Webber

Because of an alleged illegal search and seizure warrant, the defense attorneys for Charles E. McManus who appeared for the defense, filed a motion for dismissal of the original warrant on which the indictment was based. The case was argued on May 4 by Sheriff W. H. Page and Federal agents on the Vessa establishment on East Market street, last Saturday, according to the information made out by the officers following a search of the records, it contained one and one half ounces of alleged colored distilled spirits. According to the attorney for the defense the question of what evidence was presented at the trial had no bearing on the matter, inasmuch as the court decided that the case was made out as an illegal warrant.

The defense demanded that the prosecution produce witnesses or evidence, sufficient to allow for the return of the original search warrant and when they failed to do so the case was dismissed.

BREAK IN MAIN MAKES TROUBLE

State Street Viaduct is Still Closed While Excavation is Being Made

The finding and sealing of the break in the water line beneath the southern approach to the viaduct is proving a hard proposition. Workmen in the department of Public Works under the direction of Raymond Rogers have been excavating the viaduct since the middle of the week in an attempt to repair the line. A pit has been dug to a depth of between eight and nine feet and at least two leaks in the main pipe and one of the service pipes. It is impossible to repair the leaks immediately, however, due to their location in that portion of the excavation, that they have been unable to penetrate.

Workers are handicapped because of the amount of water in the excavation. It is necessary to keep at least one man and generally two on the pump in order to keep the water at a low enough level for the men in the pit to wield their tools. A tunnel had been made for a short distance under the viaduct from the original excavation in an endeavor to reach the leak.

It is possible that the men will continue operations this evening and tomorrow, according to Mr. Rogers. William O. Drake, Superintendent of Public Works, could not be located today to get definite information on the proposition. It will be necessary to shut off the water in the main line between Chestnut and State streets for a short time while the actual repairs are being made at the location of the break is discovered.

CONDITION IS IMPROVED

The condition of Grant Lynch, ill for several weeks, who has been reported as considerably improved today. Mr. Lynch, is the ally son of Mr. and Mrs. Charles Lynch of Addison and Mrs. Lynch has returned home after visiting him here.

Henry M. Ufford has gone to Montgomery, Ala., where he will be married on Tuesday.

MARRIAGES

Seymour-Craisley
Miss Erma Seymour and Francis Craisley both of South Corning, were married Sunday night, May 2, at 8 o'clock, by Rev. J. S. Smiley, of East Campbell. They were attended by Mrs. Ivah M. Seymour, sister of the groom, and Bradley S. Seymour, brother of the bride. The ceremony took place at the home of the bride, Mrs. W. H. Bradley S. Seymour on the Bailey Creek Road. Mr. Craisley is employed at the Corning Glass Works.

BREAK IN MAIN MAKES TROUBLE

State Street Viaduct is Still Closed While Excavation is Being Made

The finding and sealing of the break in the water line beneath the southern approach to the viaduct is proving a hard proposition. Workmen in the department of Public Works under the direction of Raymond Rogers have been excavating the viaduct since the middle of the week in an attempt to repair the line. WILL REPEAT SENIOR PLAY

'Kempy' Will be Given Friday Night for Benefit of Corning Hospital

The cast of the Corning Free Academy Senior play, "Kempy," has agreed to repeat the production for the benefit of Corning Hospital.

The play will be given Friday evening at 8:15 o'clock at Corning Free Academy with the same talented cast that produced it last night, with the exception of the part of the leading girl. In the original production, Miss J. Featherman was selected for this part but was unable to take part the night the play was given as she sprained her ankle a short time before. Miss Zimmerman of the C. F. A. faculty substituted for her. In the coming production, Miss Featherman, who has recovered, will take the part.

The play was a huge success when it was presented and there have been so many requests for a repetition, that the cast has decided to give it once more for the benefit of Corning Hospital.

A corps of 100 girls in the offices of Corning Glass Works has been recruited to take charge of the tickets. The presentation of the play but two days after the celebration of national hospital day when interest in Corning Hospital will be aroused, as well as the fact that the play met with such success in its former production, indicate a large sale of tickets.

EXTINGUISH GRASS FIRE

A grass fire at the corner of Pine and Fifth streets called the firemen from Station 1, early last evening. No damage resulted. There has been an increasing number of grass fires in the last few days.

MOTHERS' CLUB HEARS PAPERS

Eugenics, Heredity and Environment are Topics up for Discussion

An interesting meeting of Corning Mothers' Club was held Thursday evening in the club room at the Corning Women's Club. The subject for discussion was "Eugenics, Heredity and Environment."

The meeting opened with the singing of "Love's Old Sweet Home" led by Mrs. W. C. Closs. Mrs. Percy Griawold played the accompaniment.

Following this the Mrs. E. L. Cole, president of the club, gave a short paper, stating that the club was not for club members alone but for the purpose of study of the problem of all mothers and extending them a helping hand whenever possible. She admonished the club members to keep this in mind in thinking of the work of the fall, when the club will probably take up some constructive work. She also urged all the members to be present if possible.

Mrs. Joseph R. Purcell read a paper on "Baby Hygiene, Food and Clothing," which was left over from the last meeting.

The play will be given Friday evening at 8:15 o'clock at Corning Free Academy with the same talented cast that produced it last night, with the exception of the part of the leading girl. In the original production, Miss J. Featherman was selected for this part but was unable to take part the night the play was given as she sprained her ankle a short time before. Miss Zimmerman of the C. F. A. faculty substituted for her. In the coming production, Miss Featherman, who has recovered, will take the part.

The play was a huge success when it was presented and there have been so many requests for a repetition, that the cast has decided to give it once more for the benefit of Corning Hospital.

The presentation of the play but two days after the celebration of national hospital day when interest in Corning Hospital will be aroused, as well as the fact that the play met with such success in its former production, indicate a large sale of tickets.

HELEN HORTON INJURES HAND IN CLOTHES WRINGER

The condition of Helen Horton, nine year old daughter of Mr. and Mrs. Erwin J. Horton, of 72 River street, who was painfully injured sometime ago, is reported as considerably improved. Her hand was injured when it was caught in an electric wringer. She was sending her mother and had picked up a towel in preparation for the laundry, when the end of the towel caught in the wringer and was rapidly pulled through. She kept hold of the towel and her hand was pulled into the machinery.

MISSING BOYS ARE LOCATED

Corning Youngsters Make Trip to Watkins Unaided; Are Found Through Police

Missing from their homes in this city since early Friday morning John Northrup, aged 10 years and Michael German, aged 11 years, were located late last night by Sheriff Berry. The boys were in Watkins. The young travelers had made their way unaided the entire distance from their home here. The lads are being held by the authorities here until some attempt can be made by their parents to arrange for their transportation here.

Information as to the disappearance of the boys was first received at police headquarters here, late last night, when Sheriff Berry telephoned that two Corning lads had been found. He was advised to hold them until the police could locate their parents.

Shortly after this, the distracted mother of the Northrup lad, communicated with the police with a request to aid her in finding the boy. She was overjoyed at learning that he had been located. According to information she gave the police, he had started for school early Friday morning and at no time had not come home for lunch. When late last night he had made no supper, she became greatly alarmed and notified the police.

SHERIFF PAGE MAKES TWO VISITS IN CORNING

Sheriff W. B. Page, deputy, a Federal agent and a member of the police force descended on the establishment operated by James Ross on East Market street, about noon today. According to information obtained at police headquarters this afternoon, search of the place brought to light a bottle with some alleged colored distilled spirits remaining in it. Ross still is arrested on a warrant before U. S. Commissioner Stowcock, according to the police. He was also conducted by the officers late yesterday afternoon at 183 East Market street, samples of alleged beer being taken for analysis.

DAUGHTER BOHN

A daughter was born to Mr. and Mrs. Peter Scaramoutos, of 22 East First street, this morning at Corning Hospital.

HELEN HORTON INJURES HAND IN CLOTHES WRINGER

The condition of Helen Horton, nine year old daughter of Mr. and Mrs. Erwin J. Horton, of 72 River street, who was painfully injured sometime ago, is reported as considerably improved. Her hand was injured when it was caught in an electric wringer. She was sending her mother and had picked up a towel in preparation for the laundry, when the end of the towel caught in the wringer and was rapidly pulled through. She kept hold of the towel and her hand was pulled into the machinery.

MISSING BOYS ARE LOCATED

Corning Youngsters Make Trip to Watkins Unaided; Are Found Through Police

Missing from their homes in this city since early Friday morning John Northrup, aged 10 years and Michael German, aged 11 years, were located late last night by Sheriff Berry. The boys were in Watkins. The young travelers had made their way unaided the entire distance from their home here. The lads are being held by the authorities here until some attempt can be made by their parents to arrange for their transportation here.

Information as to the disappearance of the boys was first received at police headquarters here, late last night, when Sheriff Berry telephoned that two Corning lads had been found. He was advised to hold them until the police could locate their parents.

Shortly after this, the distracted mother of the Northrup lad, communicated with the police with a request to aid her in finding the boy. She was overjoyed at learning that he had been located. According to information she gave the police, he had started for school early Friday morning and at no time had not come home for lunch. When late last night he had made no supper, she became greatly alarmed and notified the police.

Chrome Vanadium in Fire Steel

In the percentage of Costly Chrome Vanadium Steel used, Dodge Brothers Motor Car outranks any other automobile in the World, regardless of cost.

It is everywhere conceded that Chrome Vanadium Steel is the toughest and most enduring metal ever created for use in the vital parts of a motor car.

It may not be so well known, however, that Dodge Brothers Motor Car ranks first in the world in the use of this costly and fatigue-proof material.

Dodge Brothers power assembly is almost entirely Chrome Vanadium—motor, connecting rods, crank-shaft, transmission, universal joint, drive shaft differential and rear axle.

Even the front axle is Chrome Vanadium—the entire steering unit—and every leaf of the springs.

In fact, wherever any manufacturer uses alloy steels, Dodge Brothers use costly Chrome Vanadium. And in numerous instances Dodge Brothers employ it where plain carbon steel, even in the costliest cars, is commonly thought sufficient.

This has been true from the day Dodge Brothers built their first motor car.

This explains why the words Long Life, Safety and Dependability are habitually associated with the name Dodge Brothers wherever motor cars are serving mankind.

Posters defeated by Academy; Ruth's Homer Helps Yankees

ACADEMY WALL OPS POST NINE IN ONE-SIDED GAME OF 19-4

The Painted Post High School baseball team proved very little opposition to the Academy yesterday afternoon in the first game when Coach James' side left them at the small end of a 19-4 score.

The Academy started out with a bang, and got two runs in the first. After that it was easy for them, as they got two to six runs each of the next three innings. Painted Post was held from third base until the fourth inning, when the first run of the game for them was brought in.

Coumbe is improving with great rapidity in the pitching field. Yesterday in the seven innings that he pitched, he struck out seven men. He pitched five more and seemed to be the master of the game. He held the Posters to seven hits, and in the seventh inning a fielder's choice on Snyder's clout brought in their first run. Besides his work in the box, Fred, out of four times at bat, made three hits, one double and two single ones and two runs.

Snyder was unable to do much against the hitters of the Academy team, and they pounded him for 24 hits in eight innings. He was only twice double ones. He was the only Post man to reach third base and not score. He made two hits but could not come in any of them.

Manager Budget battery of the Academy composed of Johnny Cartwright on the mound, and Aggie Agate pitched the second nine. John in the second inning was pitched, struck out one man, but allowed four hits, three of which were singles, and two runs. He has some speed, and with development should make a fine pitcher.

Anything Can Happen in Golf

By Feg Murray

Copyright, 1926, by M. J. Murray, New York, N. Y.

"Anything can happen in golf"—and there is no other game in which so many extraordinary, humorous, and interesting things do happen as in the ancient and honorable pastime.

Willard Bullock and "Smoky-Joe" Wood, formerly a star pitcher, were having a friendly game of golf last July at Fort Jervis, N. Y. The match was close, and, as it happened, the result depended on a putt on fifth green. Bill Bullock who is publicity director of the New York County Republican Committee, was all set to tap his ball a mere matter of twelve inches into the cup when the ferocious roar of a lion suddenly rent the air, making Bill miss. The King of Beasts which won the match for "Smoky-Joe" was the little Coney Island just across a river from the fifth green, and out of sight behind some thick woods.

Birds often carry off golf balls, sometimes actually dropping them onto the green for a lucky player. At the Princess Anne Country Club, Norfolk, Va., the players actually have to run, after making their shots, to get the balls before the crows do. One man once followed a thiefing crow to its nest and there discovered forty golf balls!

Last year Senator J. S. Barraron, a former Virginia golf champion, was playing for a medal score, and was one under par when he lost a stroke when a crow picked up his ball.

The woman player at the Shawnee Club who took 166 strokes on one hole, yet qualified, got in not only because of her determination, but also because there were only sixteen entries, with special qualification prizes for each one. When she finally got the ball out of the river, she was more than a mile downstream, and had to play back through a thick wood.

YANKS END LOSING STREAK PIRATES WIN OVER BRAVES

(By The Associated Press)

Teams regarded as dangerous in the American League race are getting a dizzy pace, with the New York Yankees, after gaining a victory last night by heavy hitting at the start of the season, barely clinging to the leadership.

Washington's run—the Senators won from the Pirates in a double contest—has for the moment left Chicago behind and Philadelphia, with five wins in a row, is advancing at breakneck speed. Cleveland also remains a threat.

The Yankees cast off the shackles and won yesterday from Detroit after 11 innings, to 6, when Pat Collins scored a single past third base to escape Dugan from second. Twice the Tigers caught their opponents during the battle but never gained the lead. Babe Ruth scored his sixth home run in the first inning when, with the count two and three, he laced to the right field fence.

Washington had little trouble in lowering the White Sox, 8 to 2, although Walter Johnson permitted 19 safeties, four of them extra bases. The "big train" put on the "air" when trouble occurred except in the seventh, when a tall day at bats with three singles.

Philadelphia's margin over the St. Louis Browns was considerable, for Tom Zachary weakened in the eighth and three men receded to the plate. Lefty Grove allowed only six hits and won by 2 to 1.

The Boston Red Sox were victims of an 11 to 2 war dance performed by the Cleveland Indians. In the first two innings seven infielders registered with Kierulff pitching. The wildness of the Boston men made much to do with the situation.

Brooklyn retained its margin to two other persons in custody as a result of a federal investigation into the disappearance from the federal building of 320 cases of liquor confiscated in 1922 by the W. P. Squibb Distillery, officials today witnessed their search implicated in the \$80,000 whiskey theft.

Bruce Outinmer, 23, a broker and alleged bootlegger, was arrested last night along with William Ridley, a negro janitor, in the federal building, and Walter Ewing, negro, a taffer.

The hardest job for most of us is to do without something we don't need.

NO GAME FOR N. H. S. TODAY

Will Play Addition Wednesday; Talany Sprains Ankle at Practice

Although C. F. A. has three events this week-end, N. H. S. has none, as no game could be arranged for the baseball team for today. However, the week's game has apparently not been waived, for the team has improved greatly under Coach Jacoby's direction. The offensive side of the game appears especially strong as even better "eye" for the ball than Saturday.

The rest seems to have done the team good and the players are in the "plak" of condition, with the exception of Talany who has a sprained ankle. However, Ketchum is back in the squad, so with Kelly and Adriance going strong, the out-field ought to be well taken care of.

The next game for Northside is to be next Wednesday afternoon, with Addison. It is not yet definitely known whether the team will play next Saturday but arrangements are being made and it is probable that a game will be scheduled.

The door that is hardest to keep the wolf from is the one to the sedan.

YANKS LEAD IN BATTING

American League Has Hitters and National Circuit Has the Fingers

CHICAGO, May 8.—(AP)—The hitting in the majors is being done by American League players and the most perfect pitching records belong to the National circuit.

What the connection is, if any, the league records show. In fact, they do reveal that individuals and teams are pounding them out with considerably more regularity in the American and that there are more pitchers with perfect records to date in the National than in the Junior League.

The New York Yankees lead the American club batting standing with the only above-300 percentage in the big league, .318. Cleveland is next with .283 and five others .250 or better. In the National, the .283 of the Phillies tops the averages. New York second baseman, .322 and two other clubs are over .250.

"Goonie" Goalin, Washington's centerfielder, has popped into the picture with a hit percentage of .449 to lead all the players who have been in 10 or more games. Four other American players in that many contests, including .400 or better and 23 others have percentages of .300 or more for the season through last Wednesday's games show.

Prize of the National batting honors continue in the possession of Rogers Hornsby, the St. Louis manager being slightly ahead from his starting average for a present New .458. Band of Philadelphia is hitting .464 and 14 National players in 10 or more games have percentages of .300 and beyond.

The slugging became heavier during the second week of the season, more of the bigles going for extra bases. To date, 1,023 hits have been made in the National, 295 of them for extra bases, including 44 circuit fliers. National players have hit safely 226 times, including 259 extra base hits, of which 100 were home runs. Babe Ruth and Pat Collins of the New York Americans each had three four-baggers in the second week of the season and Williams and Fournier, the former of the Phillies and Fournier of Brooklyn in the National, had equal records. Several men in each league had made as many as two home runs.

Prize of the National batting honors continue in the possession of Rogers Hornsby, the St. Louis manager being slightly ahead from his starting average for a present New .458. Band of Philadelphia is hitting .464 and 14 National players in 10 or more games have percentages of .300 and beyond.

TUNNEY DENIED BOUT AS WILLS IS FAVORED

NEW YORK, May 8.—(AP)—Gene Tunney's claim to recognition for a fight with the heavyweight contender refused a setback yesterday when the state athletic commission returned to accept his formal challenge for a title match with Jack Dempsey, on the grounds that Harry Wills is present claim to the match.

Nevertheless, the action by representatives of Tunney in attempting to file a challenge is interpreted as another move in the Rickard's campaign to displace Wills as champion. This would be Dempsey in a title bout here in September.

Tunney may Challenge Wills, a blanket challenge on Tunney's behalf for a bout with any other league, heavy-weight contender, but preferably Wills, may be filed next week, his representatives said. This would be demanded to force a showdown on the heavy backing of Wills, observers believed.

NEW TEMPLE PRESIDENT PHILADELPHIA, MAY 8

CHARLES E. BERRY, Philadelphia banker and lawyer, was elected president of Temple University, it is announced here today. He succeeds the late Rev. Dr. Hunsler, 77, Campbell, founder of the institution.

M'GRAW SIGNS NEW CONTRACT

CHICAGO, May 8.—(AP)—John McGraw, veteran leader of the New York Giants, yesterday signed a three-year contract, effective when his present agreement expires next spring.

Confirmation of his signing was received in a telegram from President Charles A. Stoneham, who is in New York. While no official information is available, it is understood McGraw's contract calls for a salary of \$35,000 a year, with an addition to his salary as vice-president and the dividends from his stock.

This is McGraw's twenty-fifth season as manager of the Giants. Since assuming the helm in 1911, he has piloted the team to twelve pennants and three world championships.

WIDEN SEARCH IN \$80,000 WHISKEY THEFT CASE

INDIANAPOLIS, May 8.—(AP)—With four federal employes and two other persons in custody as a result of a federal investigation into the disappearance from the federal building of 320 cases of liquor confiscated in 1922 by the W. P. Squibb Distillery, officials today witnessed their search implicated in the \$80,000 whiskey theft.

Bruce Outinmer, 23, a broker and alleged bootlegger, was arrested last night along with William Ridley, a negro janitor, in the federal building, and Walter Ewing, negro, a taffer.

COMMITTEE IS APPOINTED TO ARRANGE CITY LEAGUE

At the organization meeting of Crystal City Church League, held last night in Recreation Hall, a committee made up of Victor Hill of St. Mary's, Lloyd D. Sprague of Methodist, Clarence Permer of St. Patrick's and Sturges F. Cary of Christ Church was appointed to attend to the details of organization and schedule. The starting of the league season will be determined by this committee.

COLUMBIA RETAINS LEAD WHEN DARTMOUTH LOSSES

NEW YORK, May 8.—(AP)—Columbia retained the lead in the race for the quadrangular cup yesterday, by defeating Dartmouth 7 to 5. It was the Blue and Whites' third victory. Garber was driven from the box by Columbia's attack in the fourth. Norrie led the bombardment with a triple. The score:

R.E.H. 000 130 010—5 2 2
Columbia . . . 020 500 030—7 2 2
Carver, Gibson and Picken; Loutenbacher, Smith and Kuntz, Williams.

COMMITTEE TO MEET

NEW YORK, May 8.—(AP)—The Republican state committee will meet here May 21 to name the date for the state convention, George K. Morris, chairman, announced today.

CHAMPS FIGHT THIS SEASON

More Crown Wearers to Battle During 'Boom Year' Than Ever Before

NEW YORK, May 8.—(AP)—Professional boxing is on the threshold of another "boom year," the first since 1923, with prospects that more punches will be fought at championship titles than in any season of the modern ring era. Title matches in each of the nine classes either have been arranged or are pending during four months of festive warring, starting with Mickey Walker's defense of his welter crown against Pete Latzo of Scranton, Pa., May 29, and brought to a climax around September 16 with Jack Dempsey battling either Harry Williams or Gene Tunney at the Yankee stadium.

This unprecedented activity has developed a wild scramble among promoters for the "big" fights of the season. Eight clubs in New York City alone are bidding for important matches while increased inducements are being offered the boxers elsewhere, particularly in Chicago, where the fast sport is gaining a comeback.

Tex Rickard admittedly has bagged the principal plan in signing Dempsey, in addition to which he already has Tunney under contract. But even Rickard's strategic advantages in holding the keys to three big arenas here, as well as one in Jersey City, have not prevented other promoters from bidding against him in the quest for several combats.

Outside of the Dempsey situation the most conspicuous conflict between promoters has raged about efforts to match Paul Bernbach, the light heavyweight champion, and his opponent, challenger, Jack Delaney. Rickard has Bernbach under contract for a title bout on June 16 but his opponent is expected to be Young Sirlin instead of Delaney, who has cut his ties with Humbert Puzay, Ebetta Field promoter.

Fuzzy not only has booked Delaney for his opening outdoor show May 26 but on the same card will stage a junior lightweight title contest between Tod Morgan of Seattle, the champion, and Steve (Kid) Sullivan, former holder of 126 pound honors.

Another tangle has developed around Louis (Kid) Kaplan, the New York boxing authorities insist that Kaplan defend his title against Bobby Garcia, soldier challenger, at the Queensboro stadium here June 1, but the champion is anxious to display his wares in his home state of Connecticut against one who has received a \$25,000 offer from New Haven promoters for a bout there with Garcia on June 16.

ANGLING LAWS MISUNDERSTOOD

Change in Ruling Allows 15 Hooks to a Line; Leaders Not Mentioned

There has been a vast deal of unscrupulous misinformation circulated among fishermen in this vicinity as to the 1926 Angling Law, and the law as passed is given below and will be satisfactory to most people.

"Angling means taking fish by hook and line in hand or rod in hand, not exceeding two lines with or without rod to one person and not exceeding 15 hooks to a line." Hooks in this case mean points. Thus a double hook counts as two and a triple hook counts as three, etc. Leaders are not mentioned in the law and thus an angler may arrange a line to suit his desires so long as he does not exceed 15 hooks.

The only change in the law was to add to the end of it "And not exceeding fifteen hooks to a line." There is nothing alarming in this for Keuka fishermen as they may still use the leaders on a "Set Green" rig with the same old spoons or triple hooks.

The night fishermen, however, must substitute single instead of double hooks on his gangs and be within the law.

AMERICAN LEAGUE BOSSES BY FEG MURRAY

Good old Eddie Collins. He is one of the "Four Immortals" now rounding out their glorious careers in the American League.

The many youths who are dropped with loud huzzahs from their college football or baseball teams because it leaked out that they had played professionally during the summer under assumed names, will feel less shame when they scan the life story of Eddie Collins for this man, one of the most honest and respected in all baseball, once committed the very same "crime." Away back in 1906, Eddie, then a student at Columbia University, played baseball for Connie Mack under the alias of Sullivan. But thirteen years later, when the big gamblers were bribing various members of the "Black Sox" to throw the world series, they knew better than even to approach Eddie Collins, for if they had done so, there would have been a few less gamblers.

Collins is now starting his third decade as a ball-player. Sunday he celebrated his thirty-ninth birthday. The passing years have been easy on this sloping-shouldered, nimble athlete, who was a star football player in his undergraduate days. In the twenty years that Collins has been with the Athletics and the White Sox, he has built up the reputation of being one of baseball's greatest second basemen, and also one of its leading base-stealers. In 2,567 games he batted 333 and stole 724 bases.

When Collins was appointed manager of the lowly White Sox in December, 1924, every single member of the team went to congratulate him and to express their faith in him. And he kept the Sox in the race during 1925 until toward the end of the season, when his own injuries kept him out of the game. Chicago should finish even better than fifth this year—because of Manager Edward Trowbridge Collins.

ELMIRA COLONELS AGAIN BEAT TRIPLE CITIES MEN

ELMIRA, May 8.—In a hard battling gray staged Friday afternoon at Dunn Field the Colonels

bounced out a victory over Mike Konick's Triple Cities men by the score of 29 to 14. Throughout the entire contest the teams kept up a terrific bombardment of hits, coupled with errors and free tickets issued frequently by the pitchers, caused the score to mount rapidly. Manager Konick used three pitchers in a vain endeavor to check the locals in their rampage and an equal number of innings performed for the Colonels. Of the trio used in the box by Manager Dunn, Elwood Krey also was effective.

Norm Garrison was selected to assume the burden for Elmira at the start of the festival and he lasted just two thirds of one inning. The score: 450 100 100—14 Elmira..... 740 214 113—29

By (The Associated Press)—Hollywood, Calif.—Sammy Smith, Al Alexander, Mike, knocked out Sidney Glick, Buffalo, 2, 3. New York—Jack Renault, Canada, outpointed Jack De Mave, New York, 10. Joe Dundee, Baltimore, outpointed George Levin, Brooklyn, 10. Sergeant Sammy Facer, Mitchell Field, stopped Larry Bridges, 2. George Courbey, Oklahoma, won a technical knockout over Cy Schindler, New York.

Des Moines, Iowa—Johnny Harris, Des Moines, beat Stub Kennedy, St. Paul, six.

CORNELL AND PENN TEAM CLASH ON TRACK TODAY

ITHACA, May 8.—Stars of the eastern track world will be seen tonight on Schellonght Field, today when Pennsylvania and Cornell engage in their dual track meet, the first event on a program of sports contests that also includes a baseball game between the teams of Cornell and Dartmouth and a lacrosse match between the Navy and Cornell.

MANY DRY LAW PROPOSALS VIRTUALLY DISCARDED

WASHINGTON, May 8.—(AP)—Several of the administration proposals for tightening dry law enforcement virtually have been discarded by the senate prohibition committee.

While final conclusions were deferred until next week, it was indicated that the proposal for the forfeiture of craft seized while engaged in the rum-running trade would be abandoned as well as that under which rum collectors would be permitted to withhold papers from craft they suspected would be used in the rum running trade.

A new organization in Belgium will control fifty plants with a total of 66,000 employes and making steel products from rails and girders to stoves and foci.

German fish, the landing of which caused a riot at Chumot's six years ago, were recently permitted to be received at Grimby, England, without protest.

Good old Eddie Collins. He is one of the "Four Immortals" now rounding out their glorious careers in the American League.

The many youths who are dropped with loud huzzahs from their college football or baseball teams because it leaked out that they had played professionally during the summer under assumed names, will feel less shame when they scan the life story of Eddie Collins for this man, one of the most honest and respected in all baseball, once committed the very same "crime." Away back in 1906, Eddie, then a student at Columbia University, played baseball for Connie Mack under the alias of Sullivan. But thirteen years later, when the big gamblers were bribing various members of the "Black Sox" to throw the world series, they knew better than even to approach Eddie Collins, for if they had done so, there would have been a few less gamblers.

Collins is now starting his third decade as a ball-player. Sunday he celebrated his thirty-ninth birthday. The passing years have been easy on this sloping-shouldered, nimble athlete, who was a star football player in his undergraduate days. In the twenty years that Collins has been with the Athletics and the White Sox, he has built up the reputation of being one of baseball's greatest second basemen, and also one of its leading base-stealers. In 2,567 games he batted 333 and stole 724 bases.

When Collins was appointed manager of the lowly White Sox in December, 1924, every single member of the team went to congratulate him and to express their faith in him. And he kept the Sox in the race during 1925 until toward the end of the season, when his own injuries kept him out of the game. Chicago should finish even better than fifth this year—because of Manager Edward Trowbridge Collins.

3 CORNING GIRLS ARE GRADUATED

Verna Chamberlain, Clara Callahan and Sophia Droz Get Certificates

Mrs. Campbell Sings Praises of Meeker Staff in Clever Poem

Other News Notes of Interest at Meeker's Business Institute

ELMIRA, N. Y., May 8.—At the Assembly last week, certificates of graduation were presented to the following young people: Miss Verna Chamberlain, of Corning, N. Y., from the Secretarial Course; Miss Clara Callahan of Corning, N. Y., from the Junior Accounting Course; Miss Sophia Droz of Corning, N. Y., from the Stenographic and Office Training Course; Mrs. Elizabeth Campbell, of Elmira, N. Y., from the Stenographic and Office Training Course.

The best wishes of the Institute go with these young people. GRADUATE WIVES POEM Mrs. Elizabeth Campbell of Elmira, N. Y., was recently graduated from the stenographic office Training Course, and has accepted a position with one of the large manufacturing concerns in Elmira to which she was referred by the Meeker Business Institute. Her poem, which she will start her work next week after her return from a trip to Washington, D. C. She is in Washington to attend Memorial Services in which her brother, who was a Chaplain in the Army at the time of his death, is honored.

Mrs. Campbell has written a short poem expressing praise for Meeker's staff. The poem is as follows: "If your desire in this life is to be A tylist, stenog, or secret-ry, The time is well spent, you'll say, With a smile, When you've completed the course, In the School Worth While.

The Principals in Shortland, Mrs. Harrison call tell, Miss Pierce has the typing, and she knows that well, And the one who answers questions, from morning till night, Is no other person than Miss Catherine L. White."

(Mrs. Elizabeth Campbell). During the past week, ten calls to office help have been received at the office of the Meeker Institute. The following young people have accepted positions: Mrs. Elizabeth Campbell, with a large Elmira firm; Miss Verna Chamberlain, with a Corning firm; Miss Evelyn Ridge, with an Elmira company; Miss Margaret Stepanek, with a manufacturing company in Elmira; Mrs. Elizabeth Campbell, with a manufacturing company in Horseheads.

CHARLETON BURRIS Mr. Charlton Burris of Millport, N. Y., who left the Institute a few months ago to accept a position in Horseheads, N. Y., tells us that he is now leaving his position to accept the employ of one of the railroads. Mr. Burris has made good progress since he entered business and we are very much pleased to hear of his forward step.

MR. WALSH CALLS We are pleased to have Mr. Meriton E. Walsh of Hall, N. Y., call at the office on Monday of this week. He reports favorably on the business in which he and his father are engaged. Also, that the new home which he is building is reaching completion.

CLOSED FOR THE GAME The Meeker School closed.

doors at 2:30 on Thursday of this week to permit the students to attend the ball game. Although some of the "promising business men" of the future chose to stay inside and browse their studies, the majority of students, believing in the "game," were outside. They took advantage of the unexpected holiday.

MANY OF THE STUDENTS in the Shortland and Typewriting Department to have just a passing grade, but are willing to work a little longer and earn a place on the Honor List, with an average of 90 per cent or above. The following names are to be commended for their excellent work: Those exempt from the Shortland Tests for April, are: Ruth Dibble, Dorothy Caler, Constance Burden, Elizabeth Meloe, Yvonne Stella; Margaret Burnett, Nellie Burnett, Lenore Viegles, Clara Fanning, Roma Ferenbaugh and Ruth Lacey.

The following students were successful in obtaining high marks in the April examination: The principals of Gregg Shortland, Margaret Wales, Corbett Thorpe, Ernest, 92 per cent; Dorothy Bellows, 90 1/2 per cent; Grace Passmore, 90 per cent; Betty Schmidt, 84 per cent; Theodore Buley, 93 per cent; Gladys Huyler, 85 1/2 per cent; Virginia Wright, 91 1/2 per cent; Elsie Merrill, 91 per cent; Esther Shawnee, 90 per cent; Madeline Wright, 97 per cent; Casson Hedges, 92 per cent; Francis Mills, 91 per cent.

The Honor List for the Gregg Shortland is as follows: Heeler Allen, Winifred Grover, Irene Caffo, Mary Commla, Marjorie Palmer, Edith Hoke, Annie Elce, Marjorie Warner, Alberta Wetzel, Ruth Burdick, Mrs. Mabel Archer Pratt, Helen Whipple, Margaret Abbott, Elvora Gardner, Ruth Heeler, Roy Rogers.

Typewriting Awards The awards for proficiency in typewriting at the close of the following students: Casson Hedges, 32 per minute; Kathryn Brown, 43 words per minute; Heeler Allen, 40 words per minute; Amy Baker, 33 words per minute; Sophia Pailicy, 51 words per minute; Marian Fairman, 46 words per minute; Betty Passmore, 32 words per minute; Roy Rogers, 36 words per minute; Beat Williams, 32 words per minute; Mrs. Madeline Wright, 37 words per minute; Theodore Buley, 31 words per minute; Anna Wright, 39 words per minute; Virginia Kuhl, 34 words per minute; Roy Rogers, 36 words per minute; Frances Miller, 28 words per minute; Alberta Porter, 33 words per minute.

To obtain these awards, the student must write a net speed of 30 or more words per minute for a Certificate of Proficiency; 40 or more words per minute for a Certificate of Proficiency; 40 or more words per minute for a Certificate of Proficiency; 40 or more words per minute for a Certificate of Proficiency. These awards are given by the L. C. Smith Company.

ASSEMBLY At the Assembly last week, Dr. Frank Christian, Superintendent of the New York Penitentiary, spoke to the Student Body on the handling of the criminals committed to his charge. Dr. Christian's talk was most interesting and educational. His explanation of some of the intricacies of the institution held the students to absolute attention. Their only regret was that it was necessary for him to return to his home for luncheon, thereby bringing an end to his talk. We are sure that he will be possible for him to speak to us again at a later date.

This week, Mr. H. H. Griswold, President of the Merchants National Bank will address the students. Mr. and Mrs. Morris Welch will entertain with some musical selections.

DAID SAYS "Any High School fellow who is going to attend Trades School will use rare Judgment by starting as soon as the High School closes. He will be that much nearer a position and a salary."—And Dad knows!

CLAY DIGGERS USED FOR ICE

Ingersoll-Rand Product Makes Light Work of Ice in Streets

Ingersoll-Rand air compressors are used for all purposes imaginable in the industrial world and the city of Albany has discovered a way of utilizing them to take care of the snow problem which confronts many of the communities annually. This month's issue of the Compressed Air Magazine carries a description of how the compressor was used. A picture of the outfit making fast work of the snow and ice accompanies the article. Where the ice was on a great problem in many of our northern cities each winter is the removal of the caked snow and ice from the thoroughfares. In business districts, especially where it is essential that traffic be kept open, civic authorities have had no other recourse in the past but to employ an army of transient laborers and equip them with picks and shovels. Accomplishing the work in this manner is both slow and costly.

"During the past winter, the Department of Public Works, Albany, has been able to solve this troublesome problem by employing a few workmen—an army not being essential—with portable clay diggers provided with cutting spades. An 18-horse power compressor furnished the necessary operating air for these tools. This equipment was first used on State Street. Four men, so outfitted, found no difficulty in breaking up the compacted mass that, in some places, was anywhere from 8 to 12 inches in thickness. Where the ice was on a few inches thick it was possible with the portable and clay diggers to clear it an entire block in a few hours. The ease and the speed with which the work was accomplished stirred the enthusiasm of the crowd that had gathered to view this novel method of ice removal.

ENTRE NOUS CLASS TO HOLD ANNUAL PARTY The Entre Nous Class of the Congregational Church decided at their meeting Thursday evening to hold their annual Bohemian Hop the 21st of May in the Old Polowna Temple. Carlton Hayes was named general chairman of the committee that will have charge of making the arrangements for the dance.

A social program followed the business meeting in the church recreation hall. Bowling and billiards were enjoyed by many members of the class who had exclusive use of the club rooms. Refreshments were served.

Mrs. James Cutler of Glifton street visited relatives in Waverly recently.

block in a few hours. The ease and the speed with which the work was accomplished stirred the enthusiasm of the crowd that had gathered to view this novel method of ice removal.

MRS. WILLIAM GOODING ENTERTAINS SEED CLUB

The Houghton Post Sewing Circle was delightfully entertained at the home of Mrs. William Gooding Thursday afternoon.

Those present were: Mrs. Albert Brown, Mrs. Theodore Berendacker, Mrs. Walter Gleason, Mrs. Daniel Killigrew and Mrs. R. B. Mosler.

The next meeting will be held at the home of Mrs. Daniel Killigrew on Thursday afternoon, May 20. This is a very important meeting as a name for the club will be decided upon at this time.

Mrs. Iva Ormsby of Bath is spending several days as the guest of Mr. and Mrs. Harry Wilfrith of Gordon street, and of Mr. and Mrs. Walter Hauran of E. Pulissey street.

CO-OPERATION BEING ASKED

Epidemic of Measles Remains About the Same Says Health Officer

The measles epidemic which has reached almost serious proportions, remains about the same, according to a statement from Dr. Henry E. Elwood, city health officer today. There is practically no change in the number of new cases that are being received daily but it is hoped to soon have the epidemic under control and the number of new cases greatly reduced.

Cooperation with the health authorities by the parents is desired in this matter. As the early symptoms of measles are very similar to a cold, parents are asked to keep their children home if they seem to be coming down with colds.

LOCAL CLUB IS MENTIONED IN GENEVA DISTRICT MEETING

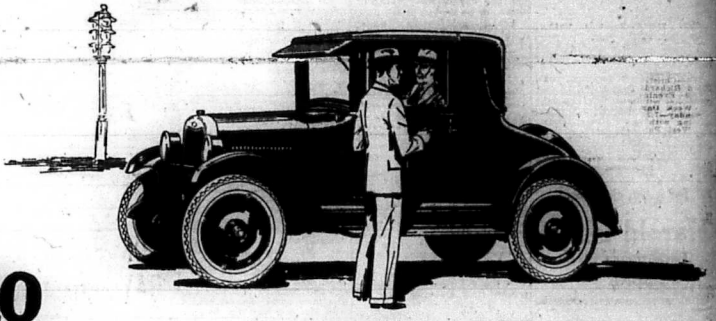

Corning Woman's Club was mentioned as the inspiration for her district address by Mrs. Charles M. Dickinson, president of New York State Federation of Women's Club at its district meeting in Geneva Tuesday.

Mrs. Dickinson was the principal speaker of the occasion and delighted her audience with her charm and personality as well as her interesting discussion of matters of federation interest. Mrs. C. L. Cook, former president of Corning Woman's Club, asked Mrs. Dickinson to come to Corning to speak last October and suggested that the Corning club would like to hear about the State Federation; what it expects from the clubs and what the club may expect from the federation. This was the subject that Mrs. Dickinson chose for her address Tuesday.

Those attending the district meeting from Corning were Mrs. Charles C. Corwin, president, Mrs. Russell Stables, Mrs. Gordon Richardson and Mrs. Flood Nares.

Everybody says "It costs so little to own and to operate"

Although it is bigger and more rugged than other low-priced cars, Chevrolet has a world-wide reputation of costing less to own and to operate!

This reputation has been won, first, by the longer life, slower depreciation, and freedom from repair that result from Chevrolet's modern design—and, second, by the oil and gas economy of Chevrolet's powerful valve-in-head motor.

Hundreds of thousands of Chevrolet owners will tell you that this car is not only powerful, speedy, comfortable and smart appearing—but that you can enjoy its exclusive advantages at a cost which is lower than you imagine. Come in—get a demonstration and let us show you why this is true.

So Smooth—So Powerful

QUALITY AT LOW COST

SHERWIN-WILLIAMS HOSE PAINT

How SWP cuts painting cost

The only way to buy paint economically is to forget gallon price and figure costs by area covered and years of life. SW P covers one-third more area than paints which are cheaper per gallon. It lasts twice as long without repainting, so requires half the material and costs half the labor price (for painting and repainting).

So price per gallon means nothing. Area covered, weather resistance, and years of life are the real things that determine price economy. On that basis SW P is the cheapest per-gallon outside paint you could buy.

SW P has been the leading prepared house paint for a century. You will find a complete line of it at our store. Let us figure with you on your house-painting.

Registration of Corning Unit Steadily Being Enlarged; Drill on Tuesday

Practically all of the individual equipment of Corning's unit of the National Guard has arrived in this city according to Commanding Officer Dr. H. E. Auringer and preparations are now being made for the issuance of the supplies at the next drill meeting Tuesday night.

The registration of the unit is steadily being enlarged, too, according to Dr. Auringer and every day new recruits are being added to the ranks.

Any young man in this city who cares to join up with the unit should get in touch with First Sergeant Edwin J. Carpenter, any one of the ranking officers or be present at the drills which are held every Tuesday night.

GOVERNOR SIGNS BILL TO GIVE SUPERVISORS AUTHORITY ON ROADS

Cole Bill, Which Permits Steuben and Chemung Counties to Substitute Construction Order, Becomes Law

Governor Alfred E. Smith has signed the Cole bill which will insure the power of organizations and look to the organization rather than to the authority of their officials.

Under the terms of the bill an order of construction to the board of supervisors. It is understood that the bill as amended by Governor Smith this week both Steuben and Chemung counties are affected.

Under this bill the construction of a new highway on the Corning-Post-Creek route can be transferred from the Greene highway map to the earlier Hewitt highway map by a two-thirds vote of the county board of supervisors.

There has been considerable agitation in this end of the county for some time to get an improved highway from Corning to Watkins. The board of supervisors at the January meeting took up the matter for discussion and at that meeting adopted a resolution that three state aids be transferred from the Greene map to the Hewitt map to bring about their early completion.

law, but in each county, no. 6 of the highways added to the present system of highways of the state of New York by this act are advertised by public notice until all of the highways in such county which are indicated for improvement by chapter 18 of the laws of 1921 and all acts amendatory of sections 119 and 122 of the highway law of 1921 and including chapter 121 of the laws of 1925, which are still eligible for improvement pursuant to this act, shall have been contracted or taken over for maintenance by the state in such county, except, however, that in the counties of Steuben and Chemung the state superintendent of public works may apply time advisable for contract any highway added as aforesaid to the system of highways of the state of New York whenever he is requested to do so by a resolution duly passed by a two-thirds vote of the board of supervisors of said counties of Steuben and Chemung without regard to whether provided that the construction of highways in said counties of Steuben and Chemung under this chapter shall proceed equitably with the other counties of the state as far as practicable as provided in section 121 of this chapter.

Miss Irma Rich a recent graduate nurse of Arnot-Ogden Hospital, Elmira, spent part of last week with her sister, Mrs. Maude King. Mr. and Mrs. C. C. Grier and Mrs. Cora Tucker motored to Williamsport Thursday.

Section 1, Section 122 of chapter 30 of the laws of 1909, entitled: "An act relating to highways," constituting chapter 25 of the consolidated laws as last amended to read as follows: 1121-A. Approval of map. The map filed with the secretary of state by the joint legislative highway committee authorized and created by concurrent resolutions of the senate and assembly adopted April 18, 1919, and February 11, 1920, prior to the passage of this act, on which is shown the system of highways of the State of New York and including the state and county highways yet to be constructed, as designated, set forth and described in sections 120 and 122 of this chapter, is hereby approved, and all previous maps of the highway system of the state are hereby revoked and annulled.

Deaths-Funerals

Mrs. Mary H. Bishop, 85 years old, widow of the late J. A. Bishop, died at the home of her daughter, Mrs. Richard Walton, No. 3 West Church, Elmira, Thursday evening. Death followed a general decline in health incidental to old age.

Mrs. Bishop was born in Avon, December 16, 1840, and at an early age moved to Corning and later to Elmira. For the past many years she has made her home with her daughter in Horrell. While she has a number of friends and acquaintances in Horrell she is more widely known in Elmira and Corning where she has lived practically her entire life. She was a former member of the Ladies' Auxiliary of Railway Employees.

Funeral services will be held at 2 o'clock, Rev. L. Sprague Clark, pastor of the First Baptist Church, officiating. Burial will be made in Hope cemetery at Horrell.

Edward B. Hodgman

The many friends and acquaintances of Edward B. Hodgman will be grieved to learn of his sudden death Thursday morning in Seattle, Wash., where he has made his home for the past 21 years.

Erwin News

Erwin, May 8.—The school meeting Tuesday evening May 4 in District No. 7.—Frank Crowley was elected Trustee-Collector and Treasurer, Elipha Brooks, secretary, Mrs. Susannah Thompson, Mrs. Beattie Atwood of U. S. who has been visiting a week with her brother, Frank Cowley returned home Monday.—Harold Lyman of Oak Hill has moved to the Brooks farm and will operate there this summer.—Henry Shuman of Addison will have charge of the noon station at Linwood Grove.

PERENBAUGH, May 8.—The annual school meeting was held at the old school house May 4. The following officers were elected: Trustee, Mrs. George Thrall; Collector, William Dolson; Clerk, Leo Walnwright. \$700 was appropriated for school purposes.

MASONIC CLUBS GIVEN WARNING

Grand Master of New York Urges Against Becoming Involved in Politics

The masters of the various Masonic lodges of Steuben County and over New York State attended the Grand Lodge session, which opened Tuesday in New York City and which closed Friday. About 1,500 delegates were present.

In his annual address Grand Master William A. Rowan reported that the membership of the craft in New York State had increased to 55 years from 106,235 to 370,985, that the districts had increased from 41 to 54, and the number of lodges from 759 to 967. Commenting on the large membership he said that it opened a large field for political activity.

DAYLIGHT SAVING TO START AT 2 O'CLOCK ON SUNDAY MORNING

Business Will Be Conducted as Usual Monday on Scheduled Time After Clocks Are Turned Ahead One Hour

MANY changes will be automatically made in the city schedule for daylight saving time tomorrow as a result of the adoption of the plan by Common Council.

In all other respects the bus schedule will be run on Standard time. Painted Post has also cooperated with this city in adopting the same ordinance so there would be no confusion in time between the two places.

Allowing for the usual confusion in making any change, the probable amount of inconvenience experienced in the transfer from standard to daylight saving time on Sunday will be used until September 15.

The advantages gained from the change are numerous and it is predicted that as soon as the community becomes used to the change, it will prove very popular.

The ordinance adopting daylight saving time tomorrow will be in force under standard time until September 15.

The street railway service will begin with the new time tomorrow on its Sunday schedule.

On Monday, the business places will open an hour earlier than usual by standard time tomorrow.

The bus leaving Bath each morning at 7:30 o'clock will leave instead at 8:30 o'clock standard time and will arrive in Corning at 8:15 o'clock daylight saving time.

On the Addison bus lines the same change will be made. The bus leaving Addison instead at 6:15 o'clock will leave Corning for Addison on the return trip at 7 o'clock standard time.

On the return trip at 7 o'clock standard time, instead of 8 o'clock daylight saving time, instead of 7:30 o'clock as formerly.

MARRIAGES

Said-Hall Mr. and Mrs. Jesse M. Said of 217 Denison Parkway, announce the marriage of their daughter, Jessal Alice, to Raymond, Jerry Hall, of Binghamton, on May 5.

The ceremony was performed at the Methodist Episcopal parsonage at Corcoran by the Rev. Foster A. Coons. The couple was attended by Mrs. Coons and Professor Clarence E. Van Slyke of West Point Military Academy.

Mr. Said is a graduate of the Corning Free Academy and has been employed for some time in the Purchasing Department of the Corning Glass Works.

After a few days' stay with the bride's parents, Mr. and Mrs. Hall will leave for Paterson, N. J., where they will make their home.

DAIRYMEN SOW NEW MIXTURE

Oats-Barley-Peas Gave Good Results Last Year and Farmers Will Repeat It Twenty Steuben county dairymen report excellent results last year with oats, barley and peas as a mixture. This was their first year using such a combination and they are all well satisfied.

They varied considerably in the proportions and amounts of the mixture. Four pecks of oats, three and one-half pecks of barley and one peck of peas was used by one farmer. Another used two pecks of oats, three and one-half pecks of barley and one peck of peas.

The average yield was 27 to 30 bushels to the acre, and the average yield of peas varied from 10 to 15 bushels to the acre.

This combination is growing in favor throughout the state. In Oswego county where forty farmers in dairy improvement clubs are keeping records, a study shows that the members using oats, barley and peas last winter had a feed cost which averaged thirty-six cents per hundred pounds, not including the cost of the peas.

NUISANCE CASE QUESTIONABLE

Criminal Case on Court Calendar May Effect Prohibition Enforcement in State

What effect the opinion of Supreme Court Justice Almon W. Ledyard will have on the so-called nuisance cases which have been started in Steuben County and which are scheduled to come up for trial in county court this morning, is not known.

There are four of these so-called nuisance cases pending in Steuben county. The defendants being Mr. and Mrs. Clyde Reed, Theres Kemp and Arthur Cook of Canastota and James Thompson of Canastota.

It was in Steuben county that the possibility of obtaining convictions under a state law which made it a crime to violate the federal law was first suggested and District Attorney Guy W. Cheney argued an injunction proceeding against the Imperial Hotel here to have its building demolished.

ROAD DETOUR

In Good Shape Horseheads-Watkins Highway Now Under Construction But is Well Paved

Corning motorists who are in the habit of taking the Horseheads-Watkins road are well posted, and there is no danger of becoming lost. "Follow your de-tour sign," is the advice given motorists, "and you will be all right."

The construction is well under way and it is hoped to have the new stretch of road open for traffic by September 1. Only a short part of the detour in dirt road and that is in excellent condition.

PANDORA'S BOX

The Ancients believed that locked in Pandora's box were all of the evils of Life. When Pandora found this box she was forbidden to open it but disobeyed the injunction and released all of the evils. Modern man has learned that the evils of driving are spread on every road. Danger and disaster lurks at every corner.

But, unlike the ancients who could not learn to avert the evils from Pandora's Box, modern man has learned the secret of warding off the effects of misfortune. He secures himself through wisely chosen insurance that gives him the right protection for every risk.

And this agency has for the last three quarters of a century helped the people of this community to protect themselves with the right insurance. The long experience has qualified them to aid in the selection of the insurance for every need. Then, too the courtesy and service rendered by this agency, has built up the enviable reputation of the leading insurance agency in this section.
